Description:

Kids Tag Art (KTA) is a school fundraising program originating in Polk County that inspires fifth grade art students to design their own specialty tag license plates. Kids Tag Art is in its 17th year and has featured over 58,000 pieces of artwork.

KTA provides additional funding for elementary classroom art programs while students learn the practical application of license plate art, fashioned after Florida's 120+ specialty license plates. Students learn how Florida's specialty license plates support various worthy causes across the state, and in turn, are able to create their own tag art to support art education in their local elementary school. Kids Tag Art is included in most elementary school curriculums across Polk County, creating thousands of unique designs yearly, and as a result, instrumental in raising needed funds for classroom art supplies.

The Kids Tag Art online portal, where you can order a fifth grader's tag art for the current and prior school year, opens March 7th for sales and can be accessed at KidsTagArt.com.
