Now, the show floor doesn't officially open until later this week, but media got a sneak peek at some of the gadgets on display. Like an eye powered baby stroller, glutes, glutes. Rosa has new features that can automatically rock your baby and even has a built in white noise machine. But the biggest surprise, similar to an e-bike. It has power assistance. So the harder you push it, the more it helps you along. The company also makes another model that pushes itself, but only when there's no baby inside. We want to make it as safe as possible. So when you're holding the baby and your hands are occupied, you don't want to push this. So you just turn on autonomous driving and follow the sidewalk

IT'S NOT ONLY A UNIQUE EXPERIENCE, IT'S ALSO A LEARNING OPPORTUNITY. IT'S BEEN 7 YEARS SINCE THE LAST TOTAL SOLAR ECLIPSE IN THE U-S ... AND THE NEXT ONE WON'T HAPPEN UNTIL 2044. Just an amazing and moving experience</p> <p>Jason Rhodes IS a senior research scientist at NASA's Jet Propulsion Laboratory ... HE SAYS EARTH IS A RARITY... BECAUSE THE MOON AND SUN LOOK ABOUT THE SAME SIZE IN OUR SKY. And so, when the moon passes exactly in front of the sun, it's just large enough to block out the sun. And that's what we call a total solar eclipse.</p>

3.1	Health/Healthcare	12:04pm	03/28/24	1:46	WCIA 3 News at Noon	<p>MANY DOCTORS FROM ACROSS THE STATE ARE ECHOING THE SAME MESSAGE ... THEIR PATIENTS CAN'T AFFORD THE HIGH COSTS OF PRESCRIPTION DRUGS. some of them have to choose to forego their medication so they can, you know, pay their rent or feed their families and no one should have to be making these types of decisions. NOW THEY'RE CALLING ON THE STATE TO PASS A BILL THEY BELIEVE WILL BRING DOWN THOSE COSTS.</p> <p>IT WOULD CREATE A PRESCRIPTION DRUG AFFORDABILITY BOARD. Our patients deserve information and answers, information and answers that this board can help provide. This board can end the broken status quo. THE BOARD WOULD HAVE FIVE MEMBERS WITH BACKGROUNDS IN HEALTH CARE, MEDICINE AND THE PHARMACEUTICAL INDUSTRY. THOSE MEMBERS WOULD HAVE THE POWER TO REVIEW THE COST OF PRESCRIPTION DRUGS FROM EXPENSIVE MEDICATIONS TO BRAND NAME ONES.</p>
