

QUARTERLY ISSUES AND PROGRAMS REPORT – WENR, ENGLEWOOD, TN
Q1 2017
March 31, 2017

Public Service:

Even in a town as small as Englewood, numerous non-profit and civic groups are to be found; each pushing their areas of interest; all seeking promotion, publicity, and awareness-raising. WENR regularly provides free air time to the local Englewood police department, the water authority, the volunteer fire department, the American Legion, and others. WENR serves all comers.

Public Health:

WENR now airs a two-minute health advice show three times per day in addition to all of the community health announcements provided by the Starr Regional Medical Center and the Starr Clinic.

Civic Issues.

WENR regularly broadcasts announcements concerning the regular and called public meetings of the Englewood governing authorities and all McMinn county governing authorities at no charge (unlike the newspaper!)

Next report due June 30, 2017

QUARTERLY ISSUES AND PROGRAMS REPORT – WENR, ENGLEWOOD, TN
Q2 2017
June 30, 2017

Public Service:

During the last quarter, WENR featured the Etowah Carnegie Library used book sale, a community service designed to provide books for all ages at little or no cost. We also promoted the Library after school events at no charge. All this is part of our ongoing Community Bulletin Board system.

Public Health:

WENR aired informational announcements for UT's Dining with Diabetes and the Medic Blood Drive during the last quarter.

Civic Issues.

WENR lent full support to the "Englewood Celebrates" event, which are totally separate from any other events held in nearby towns. Englewood struggles to put on stand-alone events due to our small size, but this is one of them. We also promoted the "One Church Picnic" event, designed to bring local church congregations together regardless of doctrine or belief.

Public Health:

WENR supported and provide free time for the Blood Assurance Blood drive in late June, as well as pleas for fund-raising for the Duckett Funeral Expense Benefit.

Next report due September 30, 2017

QUARTERLY ISSUES AND PROGRAMS REPORT – WENR, ENGLEWOOD, TN
Q3 2017
September 30, 2017

The Faith Community:

Since WENR is located in the very center of the Bible belt, and since we are a Southern Gospel music station, we promote all church-related events such as singings, revivals, meetings, and full concerts. The attached record shows how many different churches and faith-based entities benefited from our services, all free of charge.

Civic Issues.

WENR broadcast public notices from the McMinn Board of Commissioners, the McMinn Election Commission, information about the relocation of the Election Commission office, the County Trustees meeting, and all Englewood public entities. This is part of our ongoing effort to raise awareness of public participation in governmental affairs.

Public Health:

WENR provided free time for promotion of the Starr Regional 5K Fun-Run, the UT Chronic Conditions Workshop, the UT Tai Chi program, and the UT Arthritis Exercise Class during the last quarter.

Next report due December 31, 2017

QUARTERLY ISSUES AND PROGRAMS REPORT – WENR, ENGLEWOOD, TN
Q4 2017
December 31, 2017

Holiday Activities and Charities:

The period between Thanksgiving and Christmas brings out the best of people here in East Tennessee. There are, in no particular order, food drives for the needy, toy drives for children who will have little otherwise, and fundraisers for all kinds of good and worthy causes. WENR is committed to doing our part to support this kind of benevolence, as the record shows. During the previous quarter, WENR promoted the Hurricane Harvey Disaster Relief effort (local) and the Claxton Fire Department Turkey Shoot, as well as the Athens Ministerial Pic-Nic, which is a local ecumenical clergy fundraiser.

Civic Issues.

WENR continued to broadcast public notices from the McMinn Board of Commissioners, the McMinn Election Commission, and all Englewood public entities, including the Englewood Water Board (announcing a rebate to all commercial customers) This is part of our ongoing effort to raise awareness of public participation in governmental affairs.

Public Health:

WENR continues to provide public health programming in the form of three two-minute health variety programs per broadcast day.

Next report due March 31, 2018
