

FCC ISSUES REPORT 1st QUARTER 2019
ALASKA PUBLIC MEDIA - KSKA - Anchorage

The following is a list of significant community topics/issues addressed via our broadcast programming during the above noted calendar quarter.					
We are a nonprofit public service media company and primarily air educational and informative programming from a variety of sources and not all programs are listed here.					
The order of items presented does not denote significance of issues discussed.					
Where appropriate, the same program episode may be listed under multiple categories, where individual segments addressed different issues of local concern.					
	PROGRAM	DATE	TIME	LENGTH	DESCRIPTION OF SEGMENT
Daily Alaska News	Alaska News Nightly	Monday-Friday	6:00pm	30	Daily news program with stories of significance from around the state of Alaska. Contributors are from the State's 26 NPR member radio stations
High Blood Pressure-The silent Killer	Line One, Your Health Connection	4-Jan	10:00am rpt 8:00pm	60	Dr. Jay Butler welcomes Alaska internal medicine specialist Dr. Julie McCormick for a discussion of high blood pressure—why it is important and what you and your health care provider can do about it.
Making communities liveable for people of all ages	Talk of Alaska	8-Jan	10:00am rpt 8:00pm	60	What makes you want to stay in the community where you live? Is it easy to get around? Do you feel connected to your neighbors? Everything from building new playgrounds to giving people access to computers helps make a livable community.
"The Anatomy of Peace" - how to stand against hate and fear	Line One, Your Health Connection	9-Jan	10:00am rpt 8:00pm	60	University of New England Philosophy Professor, Dr. Subrena Smith and Line One co-host Prentiss Pemberton discuss how each of us can work as individuals and as communities to promote unity and connection in this time of fear driven conflict and talks about how to counter the escalating Nationalism we are seeing many of today's so called civilized societies
The road back to accreditation	Talk of Alaska	22-Jan	10:00am rpt 8:00pm	60	An ambitious plan to recruit and train more Alaskans for teaching positions hit a snag recently when UAA's teacher education program lost its national accreditation
Eating for health and enjoyment	Line One, Your Health Connection	23-Jan	10:00am rpt 8:00pm	60	Line One Your Health Connection co-host Dr. Jay Butler and registered dietitian Kayleigh Hill discuss the ways to eat for health and enjoyment.

FCC ISSUES REPORT 1st QUARTER 2019
ALASKA PUBLIC MEDIA - KSKA - Anchorage

Exploring the past and future of life in Alaska for Black residents	Talk of Alaska	30-Jan	10:00am rpt 8:00pm	60	A lot of that diversity starts with the first people of the state but many people from other ethnicities came to Alaska for military or government service, to work in the oil industry, fisheries or for adventure. Black Alaskans fill roles in all these areas plus mor
The power of play	Line One, Your Health Connection	7-Feb	10:00am rpt 8:00pm	60	A growing body of evidence shows the health benefits of play. In addition to the well-known cardiovascular benefits of physical activity, play during childhood may have positive effects on brain development.
The Governor's budget proposal	Talk of Alaska	21-Feb	10:00am rpt 8:00pm	60	Governor Mike Dunleavy's budget proposal would cut more than one and a half billion dollars from state spending in one fiscal year.
How to Access free legal services	Hometown Alaska	21-Feb	9:00pm	60	Alaska attorneys provide a variety of free legal services for the Anchorage community. One program, free legal clinics around Alaska planned annually on Martin Luther King Day, has continued for a decade and assisted more than three and a half thousand Alaskans. Partners in this effort include the Alaska Court System and Alaska Legal Services Corporation, a private nonprofit law firm established in Alaska in 1967
Exxon Valdez disaster 30 year anniversary	Talk of Alaska	12-Mar	10:00am rpt 8:00pm	60	It was the spill officials didn't think would happen. The 1989 Exxon Valdez oil spill released 10.8 million gallons of crude oil into Prince William Sound. 30 years later the industry's prevention measures have changed dramatically
