Arizona Blue Stake is now Arizona 811 - the agency that prevents serious and fatal injuries and protects the utilities we rely on every day by ensuring underground lines are located before digging begins. Tragically, an underground utility is struck during excavation every six seconds in the U.S., putting lives at risk and knocking out vital services like electricity, water and communications. Arizona 811 urges anyone who digs to "know what's below" and call 811 before digging. It's free, it's easy and it's the law.

Hi, I'm Greg Dill. And this is Medicare Minute.

Do you have two or more chronic illnesses, such as arthritis, cancer, diabetes, or heart disease?

If you do, Medicare has a new benefit.

It's called Chronic Care Management -- and it's designed to help you get more coordinated care from your doctors, pharmacist, testing centers and hospitals.

If you qualify, your primary-care doctor will help you keep track of your medications and provide a comprehensive care plan.

You'll get 24-hour-a-day, 7-day-a-week access for any urgent needs.

How much does Chronic Care Management cost?

You'll be responsible for the usual Medicare Part B cost-sharing -- so you may have a small amount to pay.

However, many people with Medicare have supplemental insurance that may cover this cost-sharing.

So ask your doctor about Chronic Care Management

For more information, call 1-800-MEDICARE - or visit Medicare.gov.

Thanks for listening! I'm Greg Dill, with Medicare.
