License File Number: BZ-19951122AA

This authorization is re-issued on January 25, 2010, to reflect the grant of a Main Studio Waiver see (Special Operating Condition No.: 3)

Subject to the provisions of the Communications Act of 1934, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this license, the licensee is hereby authorized to use and operate the radio transmitting apparatus herein described.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve the public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.

Special operating conditions or restrictions:

- 1 The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.

- 2 Description of and Field Strength at Monitor Points:

Direction 85° True North: Turn left upon leaving driveway of transmitter location and proceed east 2.5 miles to the intersection of county roads. Turn left and proceed north 0.3 mile to a red post on the right side of the road along a fence line. The monitor point is on the side of the road near the post. Distance from transmitter is 2.5 miles. The field strength measured at this point should not exceed 60.4 mV/m.

Direction 119° True North: Turn left upon leaving driveway of transmitter location and proceed east 1.5 miles to the intersection of county roads. Turn right and proceed south 0.8 mile to a red post on the right side of the road along a fence line. The monitor point is on the north side of a concrete culvert on the right side of the road. Distance from transmitter is 1.9 miles. The field strength measured at this point should not exceed 27.0 mV/m.

Direction 130° True North: Turn left upon leaving driveway of transmitter location and proceed east 1.5 miles to the intersection of county roads. Turn right and proceed south 1.5 miles to the intersection of county roads. Turn left and proceed east 0.3 mile to a red post at a fence corner on the right side of the road as the road turns to the right. The monitor point is in the middle of the road opposite the post. Distance from transmitter is 2.5 miles. The field strength measured at this point should not exceed 48.7 mV/m.

- 3 The Praise Network, Inc. requests waiver of 47. C.F.R. Section 73.1125 to operate the proposed facility from the main studio of co-owned noncommercial educational FM station KGRD (FM), located at 128 South 4th Street, O'Neill, Nebraska,. Based upon the specific representations contained therein, the waiver request IS GRANTED. Applicant shall abide by each representation proffered in the waiver request.
