This station continues to achieve its other goals in the following manner: KTXK continues to offer more than 40 hours a week in the form of long form and short form news and public affairs programming. These programs address a wide range of political views and cover both national and international stories.

KTXK continues to raise enough funds needed to keep its programming operational in its present form. These funds are necessary to continue our mission to the community and steps continue to be taken to ensure that these funds are available through underwriting from local business, membership dollars, and grants for specific programs run on the station.

In addition KTXK covers extensively local events and news stories and including these stories on a DVD Disk attached on a quarterly basis in the public inspection file.
