Kim Stebbings

Dysis Medical U.S. President

10/6/16 10/13/16 10/20/16

Health

On this episode Kim Stebbings joined us to talk about Dysis Medical battle against cervical cancer. Kim explains to us how Dysis new Advanced Cervical image system is making strides in the United States after extensive testing and reviewing in Europe. We learn why it's so important for women to get a colposcopy to test for abnormal cells. We also learn how HPV can cause cervical cancer, along with the fact that over 8 million have the disease.

Joey Dweck

Weightlossbuddy.com founder

10/27/16 11/3/16 11/10/16 11/17/16

Health

The Founder of Weightlossbuddy, Joey Dweck, joined us to talk about his program to help those struggling with weight issues. We talk to Joey about the difficulties in joining the competitive market of weight loss. He explains to us how his wife was a huge motivation after she couldn't lose weight post-pregnancy and struggled for a long time with it. We also learn that Joey doesn't believe in a subscription program works for those trying to lose weight. He wants the consumer to do it on their pace and time, with comfort.

Natasha Trenev

Natren, Inc President and founder

11/24/16 12/1/16 12/8/16

Health

Natasha joined us to help consumers avoid label and product fraud while buying probiotics. We learn that bottles that store probiotics should come in a dark brown bottle. Also we are warned that if they are not in a proper bottle on top of proper storage temps. In the store, most of the colonies in the probiotic have died out. We learn how important proper digestion health is for everyday living, and how probiotics can assist with that. Finally Natasha gives listeners tools and sources to do more research if needed.

Andrew Gause

Author

12/15/16 12/22/16 12/29/16

Economy, Policy, Politics

On this episode, Author Andrew Gause joined us to talk about President- Elect Donald Trumps economic plan for the United States. First we address the social issues that have risen during this election. Andrew goes into detail about the benefits of Trumps foreign policy bringing jobs back to the states. We touch on the Tax reform and federal regulation plans he believes the President- Elect will have and what he believes they should be. Andrew also goes into detail on how he believes the “system” is broken in Washington D.C.
