THE GRENADE

**Political Disclosure Statement**

The rates reflected herein are the station's lowest unit rates for political "uses" (spots, which feature the candidate's voice and are controlled, sponsored or approved by the candidate or the candidate's authorized campaign committee). Such spots will be offered to qualified candidates during the period 45 days for primary elections, and 60 days before the general elections. All other political advertisements, including those spots sponsored by independent political action committees or for non-candidate "issue" advertising are sold at regular prevailing commercial rates. All rates are net to the stations.

Spot time is available in 30 or 60 second announcements for the price indicated for each specified class of time. All spots are scheduled at the discretion of the station within the day and time parameters listed. Generally, the earlier the order is placed, the greater the scheduling options available.

Any class of time designated as "pre-emptible" may be preempted by any spot sold at a higher rate, and no "make goods" are provided. Please see definition of times (P1-P5) attached. Once any other class of spots is scheduled, they are not pre-emptible by announcements of the same class; however, any spot may be preempted by a class of spot with a higher preemption priority.

Under the station's policies, unless otherwise specifically noted herein, spots not run because of the scheduling of a spot with a higher preemption priority will be rescheduled as a "make good", if time is available, or a credit will be given, after consultation with the sponsor. The station cannot guarantee the time placement of "make goods", but will use its best efforts to accommodate the needs of the candidate.

In the event that the station sells advertising time for a particular amount and class of time in a particular time period at a rate which is lower than the rate charged a candidate for a "use" (as defined above) of the same amount and class of time in the same time period, the station will afford the candidate the benefit of the lower rate by means of a rebate or a credit against future purchases, as determined by the candidate.

All legally qualified federal candidates are entitled to reasonable access to the Station's Facilities for the purchase of time during an election campaign. While the Station retains the ultimate discretion to determine the amount and location of time sold to meet the needs of federal candidates, the station will consider any such requests for time and be available to make reasonable accommodations with respect to such requests in light of all relevant circumstances applicable to the candidate and the station. Purchases of time for both federal and non-federal candidates may be subject to the "equal opportunities" rights of opposing candidates in accordance with federal law.

All political orders must be accompanied by a completed Agreement Form for Political Candidates. Payment for all broadcast services must be received in advance of the broadcast of the first announcement scheduled in any contract. Announcements for Independent Political Action Committees or issue advertising must be paid in advance at the time that an order is placed. All announcements must comply with all sponsorship identification requirements of federal law; if proper identification is not incorporated in the spot, the station reserves the right to supply the appropriate announcement within the scheduled time for the spot. Cancellation notice for all advertising schedules will comply with the daily cut-off period to generate the next day's program logs. Cut-off period Monday through Thursday is 2:00 pm to generate next days program logs, and Friday at 12:00 Noon to generate program logs for Saturday, Sunday, and Monday.
