Content Coordinator - WSOC TV	1	Media/Journalism

Job Description and Responsibilities

Cox Media Group Charlotte is looking for a Content Coordinator to join the team! WSOC stands for We Serve Our Community. We are the #1 news operation in the Charlotte DMA because we serve our audience with in-depth investigative journalism and urgent coverage of weather. We are in search of a Content Center Producer who can aggressively follow breaking news, coordinate coverage among our crews and create content for our online and on-air platforms.

The ideal candidate is someone who loves to investigate news tips and see stories through online and on-air distribution. The applicant needs to have good communication skills, work well with newsroom staff and have technical knowledge of news gathering. Strong editorial judgement is a must, as well as strong organizational skills and digital understanding. You must be able to work under pressure, meet strict deadlines, be aggressive on breaking news and be self-motivated.

WHAT YOU WILL DO:

- Be responsible for gathering and writing content for digital and social platforms, working with your manager to determine the best platform to share each story.
- Monitor content resources like station email, phones, scanners, social media and handling logistics for field crews.
- Work with ABC affiliates, CNN, CMG stations, local partners and other media organizations across the country.
- You will need to see the big picture and understand the significance of editorial content.
- You will work directly with reporters, photographers, producers and other newsroom managers to stay on top of the news of the day.

Schedule may include nights, weekends, holidays and overnights.

(b)(iv) As required by section 73.2080(c)(5)(v), the total number of interviewees for each vacancy and the referral source for each interviewee for all the Unit's full-time vacancies filled during the period covered by the above-noted EEO Public File Reports.

See the EEO Public File Reports Attached at (b)(i) above.

(b)(v) Dated documentation demonstrating performance of the Unit's recruitment initiatives described in section 73.2080(c)(2) during the period covered by the above-noted EEO Public File Reports, such as participation in job fairs, events with educational institutions, and mentoring or training programs for staff. Specify the Unit personnel involved in each recruitment initiative. In addition, provide the Unit's total number of full-time employees and state whether the population of the market in which any of the Unit's stations operates is 250,000 or more. Based upon these two factors and as required by sections 73.2080(c)(2) and (e)(3) of the Commission's rules, state whether the Unit is required to perform two or four points worth of initiative activities within a two-year period (measured from the date the stations in the Unit file their renewal applications and the second, fourth, sixth and eighth anniversaries of that date). If the Unit performed more than the required number of initiative activities, it may provide documentation for only the required amount in its response, i.e., two or four points worth. If any documentation provided appears inadequate, e.g., it is not dated or does not clearly prove the Unit's participation, the Commission may ask for additional verification.

See attached.

The Unit currently has 150 full-time employees and operates in a market with a population size of more than 250,000. Accordingly, the Unit is required to perform four points worth of initiative activities within a two-year period.

CMG EDGEucate is an online learning resource available to all employees which provides opportunities for skills improvement, professional development and performance support. This is an ongoing program.

The attached documentation summarizes the employment unit personnel that participated in available classes for both the 2021-2022 and 2022-2023 reporting periods, fulfilling one point of outreach for each reporting period.

CMG Charlotte TV confirms that the FCC's EEO requirements are an important part of our hiring process. CMG Charlotte's hiring managers are fully aware of the FCC's and of CMG's EEO policies. They are reminded of those policies throughout the year by CMG literature on the company intranet portal, during Human Resources Business virtual Microsoft Teams meetings, and via training guided by CMG's Legal department.

CMG Charlotte TV VP/General Manager reinforces all policies by discussing them with our hiring managers in his department head meetings and enforcing our policies as needed with the support of our Human Resources Business Partner. CMG Charlotte TV hiring managers are trained using a variety of programs that cover the proper way to recruit and hire candidates into our organization.

All candidates offered employment are provided with CMG's policies, including the EEO policy, at the time of employment acceptance via our onboarding systems. Our onboarding system is hosted by our CMG HR Operations team. All candidates who are onboarding must attest and acknowledge these policies to include our Code of Ethics, which presents the way we operate our business. The direct manager then follows up with the newly onboarded hire within the first few days of starting employment to discuss the policies and allow opportunities for questions.

(b)(viii) In accordance with section 73.2080(c)(3), during the Unit's current license term(s) (or since acquisition of the Unit (if during that period)), a description of the Unit's efforts to analyze its EEO recruitment program to ensure that it is effective and to address any problems found as a result of such analysis.

CMG and CMG Charlotte TV place a priority on fostering a diverse, equitable, and inclusive environment when it comes to identifying and growing talent. Because of this belief, we regularly look for innovative ways to recruit and retain our employees. The following lists ways we actively recruit top talent.

EEO Recruitment Outreach Notification

CMG has an HR team that partners with all CMG stations on FCC EEO compliance. CMG Charlotte TV partners with the CMG HR Ops team and our recruiters to ensure that all our positions are posted on CMG's career site and shared with additional EEO recruitment sources. The HR Ops team partners with Circa, a diversity recruiting site, which shares our job postings to various community organizations and institutions.

Job/Career Fairs

CMG Charlotte TV always looks to partner with local college and community organizations to participate in recruiting events, job, and career fairs. At these events, we recruit for current local open positions, as well as look for potential candidates for possible future vacancies.

Internal Postings

Recruitment from within by promoting or allowing existing employees to further advance their careers is highly encouraged. Our employees know to visit our "CMG Hub" Careers link or visit careers.cmg.com. We also send emails to staff alerting them of specific job openings. Employee development conversations and career planning take place during regular ongoing performance management meetings with managers throughout the year.

(b)(ix) As required by section 73.2080(c)(4), during the Unit's current license term(s) (or since the acquisition of the Unit (if during that period)), a description of the Unit's efforts to analyze periodically its measures taken to examine pay, benefits, seniority practices, promotions, and selection techniques and tests to ensure that they provide equal opportunity and do not have a discriminatory effect. If the Unit has one or more union agreements, describe how the Unit cooperates with each union to ensure EEO policies are followed for the Unit's union-member employees and job applicants.

The CMG Corporate Human Resources team has a compensation department designed to examine and review compensation across all divisions in and outside the markets. This department determines an appropriate salary range for each position. Our market then takes the determined guidance and reviews internally for equitable treatment. Our market participates in an annual performance management process and proposed merit increase that is submitted by the direct manager according to the performance progress of each employee. The VP/General Manager, Director of Finance, and HR Business Partner all review the submitted proposed performance merit increase to ensure equitable and fair treatment.

Internal existing employees (candidates) seeking advancement or promotion to a new job submit their interest through our "CMG Hub" careers link. Internal applicants are reviewed and interviewed. The strongest candidate with the best skill sets for the job opening is promoted.

Internal existing candidates who do not receive the promotion are then met with individually for the hiring manager to discuss why they did not receive the promotion. A development plan is then created to help the employee work towards filling the gap to achieve the skill sets needed for the future advancement of their career interest.

We do not have any union agreements.
