Greetings, Matt:

Picking up from the end of April, I am happy to report how Cumulus is giving back to the community via its public affairs programming.

April 28 -- We discussed city issues with Councilman Ed Robinson and sought to motivate the people in reasuming their power with simple, measurable differences and in another segment, we visited with Lurlene Jerry and her staff/foster parents about the needs and benefits of foster family lifestyles

May 5 -- We explored autism with a parent (Tabitha Cain) who authored a book about the journey with her suffering child and (segment two) how to start up home-based businesses according to the experts

May 12 -- Hope Health came to divulge how much closer medical science is coming to a cure for HIV/AIDS and part 2 dealt with spring cleaning tips and the dangers of hoarding

May 19 -- we spent the hour discussing climate change and the various roles we play in controlling it (ie what we can or cannot do to affect its outcome and how soon)

May 26 -- How can surgically removing a body part curtail or prevent cancer and should this be a growing social trend? Who recommends it? who doesn't?

June 2 -- Florence City Recreation offerings and how dreastically summer employment opportunities for young people has changed with adults overtaking them and (part 2) how PBS has taken notice of the way Blacks hold funerals or homegoings and burial traditions

June 9 -- Today's Business Education teachings in the classroom and in the field; how the game and its equipment have changed over time and (part 2) Bishop Michael Blue on Secondary Leadership roles and responsibilities

June 16 -- Legislative Delegation members discussed this year end Wrapup; what the state accomplished and what remains to be done, and how voters shape the outcomes

June 24 -- Black female golfers raising the bar even though they haven't been warmly received into the game; playing against all odds in any arena and how to cope with hostility anywhere

July 30 -- VACATION

July 7 -- Making waste solutions/recycling real in everyday life applications

July 14 -- Town of Timmons ville water problems, how we got them and how they are to be resolved and (part 2) the Bill and Melinda Gates scholar from Florence (winner of \$400,000 to attend Duke University)

For Immediate Release

## **AMERICAN RED CROSS "DRIVE FOR DISASTER RELIEF" AT DARLINGTON RACEWAY TO BE POSTPONED**

*Event scheduled for June 7, will be rescheduled for Friday, June 21 due to potential inclement weather*

**DARLINGTON, S.C. (June 5, 2013)** – Darlington Raceway's "Drive for Disaster Relief" benefiting the American Red Cross, originally scheduled for this Friday, June 7, from 10 a.m. – 4 p.m. will be postponed until Friday, June 21.

The event is being postponed and rescheduled for June 21 due to the potential inclement weather in the Pee Dee area this Friday. On June 21, the event will still be held at its original time of 10 a.m. – 4 p.m.

Darlington Raceway and American Red Cross officials felt that the postponement was necessary with there being a high chance of heavy rain that day.

"We apologize for any inconvenience to people who made plans to attend the event this Friday, but with the high probability for inclement weather, we felt it was best to reschedule for June 21," track President Chris Browning said. "We want our fans to have a great time at this event and make it successful for the American Red Cross."

Hello,

I am emailing to see if we could possibly get any coverage for the following event. We are doing an outreach service for the youth. It will be held June 29th at Lamar Recreational Park in Lamar, SC. The event will be held at 11am-until. There will be a basketball tournament, motivational speaker, praise dancers, step teams, singing, etc. The theme of the service is "Take it to the streets" The individual hosting is Evangelist Tamara Durant of SteppingStone Holiness Church of Timmonsville, SC. We realize that the Bible commands us to go into the hedges and highways and we realize that not all are going to coming to church so we are bringing church to them. We would love coverage during the event if possible. Please feel free to contact me at 843-277-1617 or via email or the following individuals.

When you become a teacher, you have the opportunity to make a positive impact on your community while building a rewarding career for yourself. Recognized by the state of South Carolina, The American Board is an education nonprofit organization that helps qualified professionals bring their skills and experience to local classrooms via an online teacher certification program. If you have a Bachelor's degree, you are pre-qualified to start the program, and can be running your own classroom within a year. A representative will be hosting community meetings in your town this month, and you can find out more information by calling 877-669-2228 or visiting [a-b-c-t-e – dot –org](http://a-b-c-t-e-dot-org).

You are cordially invited to witness the unveiling of the
