October 1** & 15, 2022	<b>Affordable Health Care</b>	<p><u>Host:</u> Carmen Shantz  <u>Guest:</u> Bishop Sedgwick Daniels, Holy Redeemer of God in Christ Church, (Milwaukee, WI). <a href="http://www.hrcogic.org/">www.hrcogic.org/</a>  <u>Description:</u> A clinic has opened on Milwaukee’s north side with the goal of getting healthcare services to an under-served community. The C.H. Mason health clinic recently relocated to their church – the Holy Redeemer of God in Christ Church. For now, it will offer basic services including blood pressure and cholesterol checks, HIV/STI testing, vaccines, and health education. They already have plans to expand. Having this clinic inside a church that so many in the community know and trust makes a difference. To have something like this in the north side of the community is giving greater access to many individuals who may not trust the system themselves. To learn how to access their services or start a similar service in your community, visit their website.</p>

HAP recruits volunteers to assist in these efforts. HAP strives to improve access to and coordinate comprehensive healthcare for those in need, serving low-income, uninsured residents of Salt Lake County.
