

Aired Community Issues

The following is a list of some of the more significant community issues addressed by this/these station(s) for the quarter specified. This listing is by no means complete, nor is the order in which these issues appear, intended to imply any degree of priority or significance of the issues.

QUARTERLY ISSUES/PROGRAMS LIST FOR STATION (S) KYUK- AM & FM

Quarter of 2023: 1ST 2ND 3RD 4TH

ISSUE DESCRIPTION: North Pacific Fishery Management Council takes small step toward potential cap on chum salmon bycatch

PROGRAM SEGMENT: Politics DATE/TIME: Oct 19, 2023 4:21pm DURATION 05:53

DESCRIPTION OF SEGMENT: At its October meeting in Anchorage, the North Pacific Fishery Management Council took a small step toward a possible cap on chum salmon bycatch, passing a motion to consider a handful of alternative management schemes. There is already a so-called "hard cap" on chinook salmon bycatch, which requires the trawl fleet to be shut down if too many chinook salmon are caught incidentally.

ISSUE DESCRIPTION: Alaska Reads Act results are in: most students in LKSD need additional reading support

PROGRAM SEGMENT: Education DATE/TIME: Nov 20, 2023 9:41am DURATION:
6:43

DESCRIPTION OF SEGMENT: At the beginning of the school year, districts throughout the state took part in the statewide rollout of the Alaska Reads Act. It's a mandate that took effect in July 2023 with the aim of getting all students reading at grade level by the end of the third grade. The results are in after students in the Lower Kuskokwim School District (LKSD) took their first literacy screener, and school staff say that most students need additional reading support.

ISSUE DESCRIPTION: Environmental and tribal groups add support to lawsuit calling federal fisheries management into question

PROGRAM SEGMENT: Science & Environment DATE/TIME: Dec 11, 2023,
11:03am DURATION: 4:26pm

DESCRIPTION OF SEGMENT: Five environmental and tribal organizations have signed their support onto a lawsuit against federal fisheries managers. The suit alleges that the National Marine Fisheries Service

has violated environmental policies by using outdated data to guide the way it regulates the trawling industry in the Bering Sea and Aleutian Chain fisheries. This includes the Alaska pollock fishery, responsible for the vast majority of salmon bycatch in the region.

ISSUE DESCRIPTION: Quinhagak has its first state wrestling champion

PROGRAM SEGMENT: Sports DATE/TIME: December 19, 2023 07:40am
DURATION: 1:43

DESCRIPTION OF SEGMENT: The championships of the boys 125-pound weight class came down to two wrestlers from the Yukon-Kuskokwim Delta on Saturday, Dec. 16. Sheldon Smith, a junior from Bethel, faced off against Daylon Brown, a senior from Quinhagak.
