WBAV 101.9FM Community Involvement 2nd Quarter 2013

--Each Year, WBAV and sister station WPEG put on an annual empowerment event—"For Sisters Only". It is designed to provide information, entertainment and a venue for authors, health practitioners and more to inner act with the community. Each year, several thousand pack Charlotte's Convention Center to be a part of the event.

--The annual Juneteenth Festival is a celebration of the pronouncement of freedom for all African Americans. That proclamation did not reach the state of Texas until June 19, 1865—two years after the Emancipation Proclamation. The event is celebrated in African American communities across the nation. WBAV 101.9fm & WBEP are annual media sponsors of this event and provide live coverage and extensive public service announcements.

--WBAV provides a monthly "Lunch & Learn" series hosted by mid-day on air talent Chirl Girl. At the event, various topics from business to social events are discussed by area experts. The event is attended each month by dozens interested in understanding living in Charlotte and networking with other business owners.

--Omega Psi Phi Annual Dr. Charles Drew Blood Drive—It is a signature event for the Omegas of Charlotte, and WBAV partners with the fraternity, providing media presence and a live broadcast. The event is the largest African-American blood drive event for the region.

--WBAV was also honored for the first time as a finalist in the National Association of Broadcaster's Crystal Awards, presented to outstanding stations for service provided to their communities. The station competed with hundreds of other broadcasters nationwide to become a finalist in its first attempt.

**WBAV 101.9FM Public Service Announcements
2nd Quarter 2013**

Each week, WBAV 101.9FM receives dozens of request for air time in the form of public service announcements (PSA's).

WBAV 101.9FM makes use of three different commercial positions -- :60 second; :30 second & a special partnership :30 second spot to provide on-air exposure for community and non-profit groups to get their message to the public. These spots have now been divided into :15 sec. increments – increasing the rotation & number of times the public can receive this information.

Public Service Announcements are also read on air during community programs—The Front Page & Straight Talk. During each air shift, on-air personalities also read information from the public announcement listings, providing coverage for the organizations in all time periods during which WBAV 101.9FM is on the air.

An organization's public service announcements will be aired during a minimum one week rotation, with more exposure determined by the number of submissions received in the community affairs department.

Organizations are asked to submit their public service announcements a minimum of two weeks in advance of their event, in order to be considered for the on-air rotation of public announcements.

2nd Qtr 2013 WBAV Public File-Lupus Walk Thank You

Key Supporters of Walk To End Lupus Now Charlotte,

Our 2013 Walk To End Lupus Now - Charlotte is officially in the history books, albeit a very soggy, muddy page due to mother nature's many gifts at yesterday's walk. The day was undoubtedly challenging from the moment we arrived to set up in the rain, to end of the day soaked to the bone and muddy. However, the weather wasn't winner of our story yesterday. Approximately 800 of our 1,200 registered participants still came out, despite the forecast to be with us...they were the true heroes. **We told them that lupus doesn't take a day off, so neither do we...and they accepted the challenge.**

My Mission Moment was hearing 17-year-old Maria Caceres tell the crowd what her life has been like living with lupus. From dialysis as she begins the process of getting on the kidney transplant list to the affect her diagnosis has had on her family. Equally as touching was to look out at the front row of the crowd and see her family, friends, classmates, and teacher all cheering her on and there to support her. This is what it is all about, OUR community coming together to support EACH OTHER. This is the spirit of Walk To End Lupus Now, and this is why we are thanking you for making moments like this possible. Before I share all the scoop on what our #s looked like, allow me to send out thanks on behalf of our Board of Directors & the 45,000 people living with lupus in NC that we now serve. The spirit & support of those in the Charlotte area continues to overwhelm & surprise us each year. The response from our walkers & volunteers has been of the highest praise, and that is all due to your support and involvement. **Whether you provided time & energy planning the event, offered underwriting funds, product, or services for the event, or media promotion, you all played a role in making a difference.**

And with that, it is my deep pleasure to announce that we've already raised over \$94,000! This goal places us in a phenomenal position to surpass last year's total of \$111,000 by our fundraising deadline by May 28th.

Again, our deepest thanks and we look forward to working with you in 2014.

Sincerely,

Christine John-Fuller
