In the meanwhile, after previously unresearched DNA evidence and a palm print found at the crime scene were run through a databank of convicted felons, a new suspect was found: Charles Darnell Boney. Boney had been released from prison just months before the murders. In 2005, Boney was arrested, resulting in charges against Camm being dismissed. But Camm was arrested minutes later for the murders, due to the belief by the prosecution that he and Boney acted together. They were tried separately and in January 2006, Boney was convicted for the homicides and sentenced to 225 years in prison. In March 2006, Camm was found guilty of murdering his wife and children and was sentenced to life in prison without parole. - 12/16/06      **48 HOURS SPECIAL: "The Mystery of Christmas"** - Correspondent Maureen Maher journeys to the Holy Land to investigate the story of the birth of Jesus. 48 HOURS searches for archeological proof of the Biblical accounts, decodes the messages hidden in the scriptures and examines starkly different versions of Christmas. Maher explores the lands of the Bible with Professor Ben Witherington, a conservative scholar and evangelical minister, in a return to the 'historical bedrock' where history and faith intersect. Witherington takes 48 HOURS to the cave in Bethlehem where he says Jesus was born; the excavations of ancient Nazareth; Carpernaum, where Jesus' ministry was based; and the stone city of Petra, where he claims the Wise Men passed through. The broadcast examines numerous questions. Was Jesus born in Bethlehem of Nazareth? Were there shepherds at Christ's birth, or magi, or both? Was there a guiding star the night of the birth? Is December 25th the true birth date of Christ? How accurate are the different infancy narratives in the Gospels of Matthew and Luke? How much creative license did the Gospel authors take? Witherington makes the case for the Virgin Birth. The veracity of the belief is questioned by Professor John Dominic Crossan, a former Roman Catholic monk, and Princeton University Professor Elaine Pagels. After celebrating his homecoming with four Army buddies in Columbus, Georgia, he disappeared and was listed by the Army as AWOL. In September 2003, the Army opened an official investigation and on November 7, 2003, a tip led to the discovery of his body. Nearly four months later, four soldiers who were last with him -- Jacob Burgoyne, Alberto Martinez, Mario Navarette and Douglas Woodcoff -- were arrested. Burgoyne, previously diagnosed with PTSD (post-traumatic stress disorder), identified Martinez as the sole killer. Woodcoff agreed to cooperate with authorities once murder charges against him were dropped. A jury found Martinez and Navarette guilty of murder with a sentence of life in prison. Burgoyne, who pled guilty to voluntary manslaughter, received a twenty year sentence. Woodcoff pled guilty to concealing a death and was sentenced to five years of probation. (C: Erin Moriarty - Sr. P: Anthony Batson - P: Paul Ryan, Daria Hirsch) (OAD: 05/20/06). Update for this rebroadcast: Navarette's motion for a new trial was denied this week. Myers, Florida starting using steroids in high school and as an adult began selling them to support his expensive career. He went into business with fellow bodybuilder Markus Mueller, a German who was able to smuggle the drugs into the U.S. from Europe. Bieber had an affair with Mueller's girlfriend, Danielle LaBelle, and subsequently married her. In February 1995, Bieber drove LaBelle to Mueller's home to retrieve her purse while he waited in the car. When LaBelle found Mueller dead in the doorway she suspected that Bieber had killed him. Two men admitted to police that Bieber had hired them to kill Mueller, but before he could be arrested, Bieber disappeared. He bought the birth certificate of a deceased child, Nathan Wayne Coleman, took on his identity and, in 1996, fled to Leeds, England where he was undiscovered for almost eight years. On December 26, 2003, Leeds police apprehended a stolen car; the driver was Bieber. In the process of being handcuffed, he opened fire on the three unarmed arresting officers and escaped. One officer died of his wounds and a nationwide manhunt was launched. Bieber was finally caught, was tried for the murder of the police officer, and sentenced to life in prison. Danielle LaBelle divorced Bieber in 2003. There are no plans to try him for the murder of Markus Mueller. This involves turning an abandoned concrete plant into a park and, if possible, getting the state to raze the Sheridan Expressway, which runs close to the river and causes noise and pollution. The broadcast also visits Freedom Farm in Mt. Hope New York, where urban teens are exposed to agriculture, cooking and proper diet. Also interviewed are spokespersons from Genesis Farm in Blairstown, New Jersey, a community-supported agricultural program. Among those interviewed are: Alexie Torres-Fleming, Executive Director, YMPJ; Ajamu Kitwana, Deputy Director, YMPJ; Stephen Oliveira, environmental justice educator, YMPJ; Dr. Larry Rasmussen, Professor Emeritus of Social Ethics, Union Theological Seminary; Marie-France Laport, community organizer, YMPJ; Jose Dobles, director of youth programs, YMPJ; Bartus Allen, wellness coordinator, YMPJ; Edgar Hayes, a NYC firefighter and part-time farmer; Anthony Thomas, intern, community development, YMPJ. FCC 4th Quarter, 2006 Supplemental Programs & Issues & Children's Report

KOAM & KFJX TV staff sought input on community issues during 4th Quarter of 2006. Through meetings with community leaders it was determined that several issues involving teenagers & teen driving were significant & of importance to the community: 1) Teens not wearing seatbelts & 2) Teenagers either driving under the influence of alcohol and/or drugs or teenagers willingly riding as a passengers in vehicles being driven by someone under the influence of alcohol and/or drugs.

Through information gathered by the Missouri Coalition for Roadway Safety, The Missouri Department of Transportation & The Southwest Missouri Community Alliance it was determined that teen drivers in Jasper & Newton counties in Southwest Missouri were more likely than teen drivers in the rest of the state to drive or ride in a vehicle without wearing a safety belt. It was also determined that more teenagers in Jasper & Newton counties, per capita, were killed in accidents when not wearing seat belts than in other parts of the state.

To address the above issues KOAM & KFJX developed a 2-part plan: 1) To provide Motivational Media Assemblies to students in the market, and 2) to produce & air public service announcements to reinforce the messages from the assemblies.

1) Motivational Media Assemblies is the most widely used drug-prevention & highway safety assembly program in the United States. Its award winning multi-media shows for K-12 students are designed to inspire, motivate, and challenge young people to make healthy choices and develop strong character. The cost for the Assemblies was \$4,800.00 which KOAM & KFJX, along with local sponsors, paid for. The presentations were shown to the community, free of charge, as follows:

Monday, October 30, 2006: Joplin, Missouri R-VIII Elementary q Students

Monday, October 30, 2006: Open to public at The Bridge, Joplin. Junior High & High School ages

Tuesday, October 31, 2006: Joplin R-VIII High School students

Wednesday, November 1, 2006: Carl Junction, Missouri R-1 Elementary & High School students

Thursday, November 2, 2006: Carl Junction R-1 Elementary students

Friday, November 3, 2006: East Newton, Missouri Middle School & High School students & Carl Junction Middle School students

Thursday, November 9, 2006: College Heights Christian School Elementary & Secondary students

Friday, November 10, 2006: Saint Ann's School in Carthage, Missouri & Columbian Elementary School in Carthage

2) Public Service campaign: High school students in Carl Junction, East Newton & Joplin, Missouri were asked by KOAM & KFJX to write public service announcements which specifically addressed areas of concern for their specific school.

Students in Carl Junction wrote & were talent in two public service announcements: The first was urging students to not drink & drive and to wear seat belts. The second was to remind students to make & cultivate friendships and help one another. East Newton students wrote & were talent in an uplifting public service announcement about not drinking & driving & graduating from high school. Joplin High School

students wrote a public service announcement about friends not letting friends drive impaired. And College Heights students wrote two public service announcements about making good choices & being responsible. The public service announcements began airing December 1, 2006 and will continue as reinforcement through the end of the school year, May, 2007.

Supplemental information regarding these issues & feedback from students is attached.
