48 HOURS

01/01/05 **48 HOURS MYSTERY: "Where Is Mrs. March?"**- on August 15, 1996, 33-year-old Janet Levine March, a wife and mother of two young children, disappeared. She had a flourishing career as an artist; a husband, Perry, a successful lawyer; and a beautiful home in Nashville, TN. However, one night, her husband claims that she left home, saying that she needed time alone, and was never heard from again. After Janet's disappearance, Perry March and Janet's parents searched for her for two weeks before filing a missing persons report with the police. Investigators found Janet's car parked a few miles away from her home with her belongings inside. Perry, the only suspect in case, moved with his children to Ajijic, Mexico where he remarried and began a new life. Janet's parents are convinced that Perry killed their daughter but, with no hard evidence that a crime was committed it is unlikely that Perry March will be brought back from Mexico to face trial. (C: Bill Leggett - P: Sr. P: Peter Schweitzer - P: Joe Halderman, Richard Barber, Katherine Davis) (OAD: 11/01/02) No individual segment titles were used in this rebroadcast.

01/06/05 **48 HOURS MYSTERY: "Who Murdered The Rock Star?" (9:30-10:00pm)**- On the morning of July 6, 1993, Mia Zapata's body was found raped and strangled to death on a deserted Seattle street. A lead singer in a popular local band called "The Gits," Zapata was about to start a national tour and was on the verge of signing a record contract. Police conducted an exhaustive investigation, but ultimately came up with few leads and little evidence. A decade later, Seattle's cold case squad, made up of detectives Richard Gagnon and Greg Mixsell, reopened the Zapata murder investigation and with new forensic technology were able to pinpoint the murderer, Jesus Mezquia, through DNA evidence found on Zapata's body. A jury convicted Mezquia of first-degree murder and he was sentenced to 37 years in prison. (C: Harold Dow - Sr. P: Peter Schweitzer - P: Paul F. Ryan) (Edited version of "Who Murdered The Rock Star?" OAD: 05/15/04) No individual segment titles were used in this rebroadcast.

48 HOURS (continued)

- 01/02/05      **48 HOURS MYSTERY: "A Shot In The Dark" (10:00-11:00pm)** - Dr. Richard Illes, a successful heart surgeon, and his wife, Miriam, a homemaker and mother to their young son, were a prominent couple in their small community of Williamsport, PA. Then, on Jan. 15, 1999, Miriam was fatally shot as she stood in front of her kitchen window. Because Miriam had filed for divorce from her husband, investigators theorized that Richard Illes was responsible. Eventually, the killer's gun and sneakers were found not far from where Dr. Illes had been on the night of the murder. Illes had married his assistant and moved to Spokane, Washington, where he was finally apprehended and arrested. Upon searching Illes' home in Spokane, police found a manuscript in his computer entitled "Heart Shot: Murder Of The Doctor's Wife." A jury found Illes guilty of murder in the first degree. He maintains his innocence and is appealing his conviction. (C: Susan Spencer - Sr. P: Anthony Batson - P: Paul F. Ryan, Martin Zied, Lourdes Aguiar) No individual segment titles were used in this episode.
- 01/15/05      **48 HOURS MYSTERY: "Where's Our Baby?"**- in November 1997, Marlens and Steve Aisenberg, a Tampa, Florida couple, reported their five-month-old daughter Sabrina missing from her crib. The police began to search for the baby but, soon the investigation began to focus on the parents as authorities became convinced that they knew more about their baby's disappearance than they admitted. Sheriff's detectives planted secret recording devices in the Aisenberg's home. After listening to and recording thousands of hours of conversations, the federal government brought an indictment against the couple, charging them with conspiracy and lying to investigators; charges which, if proven true, could send the Aisenbergs to prison for 30 years. Eventually, a pair of judges reviewed the case and the charges against the Aisenbergs were dropped. The couple still believe that Sabrina will be found alive and returned to them. Includes interviews with Bill McGinty, reporter for WTSP, the CBS affiliate in Tampa; Graham Brink, a reporter for the St. Petersburg Times; and Barry Cohen, the Aisenbergs' attorney. (C: Troy Roberts - Sr. P: Anthony Batson - P: Paul LaRosa, Taigi Smith) No individual segment titles were used in the episode.
- 01/22/05      **48 HOURS MYSTERY: "The Alibi" (9:00-9:00pm)** - in September 2000, David Camm, a former Indiana State Trooper from New Albany, returned home from a basketball game and claimed that he found his wife Kim and their two children shot dead in the garage. Two days later, Camm was arrested for the murders. Eleven witnesses testified that Camm was playing basketball at the time of the murders; however, the examination of microscopic drops of blood found on his T-shirt and basketball shoes gave evidence to his involvement in the murders. A jury, who also suspected Camm of sexually abusing his young daughter, found him guilty of the murders. He was sentenced to 195 years in prison with no chance of parole. In Indiana, an appeal is automatic for a murder conviction. (C: Richard Schlesinger - Sr. P: Reid Collins, Jr., Suzanne Allen - P: Alec Sirkin, Laura Levin, David A. Spungen) (QAD: 10/11/02) No individual segment titles were used in this rebroadcast.

**48 HOURS** (continued)

01/22/05 **48 HOURS: "Hostage"** (10:00-11:00pm) - a report on the terrorist takeover in Beslan, Russia in September 2004, and the 1200 adults and children who were held hostage for three days before a gun battle between the terrorists and Russian Special Forces resulted in 330 deaths, including 176 children. Includes an interview with Ruslan Aushev, the hostage negotiator, and ongoing commentary from individuals who survived the ordeal, including the school's principal, Lydia Tsalicva; teacher Elena Kosumova, whose son was also being held; Malina Zandarova, a mother forced to leave one of her children behind; Sergei Urmanov, who lost his wife, daughter, sister and two nieces; Dariya Fadeeva, a 16-year-old whose 12-year-old sister was a hostage; and photojournalist Dimitri Bellakov, who caught the crisis on film. The broadcast also includes never-before-seen videotape shot by the terrorists themselves. (C: Peter Van Sant - Sr. P: Peter Schweitzer - P: Joe Halderman, Jonathan Sanders) No individual segment were used in this episode.

01/29/05 **48 HOURS MYSTERY: "Michael Jackson: Critical Stage"** - a report on Michael Jackson on the eve of his trial on 10 criminal counts, including child molestation, and conspiracy. Includes an examination of the case against Jackson, including evidence seized at the Neverland Ranch and a list of potential key witnesses. In addition, the broadcast looks back at Jackson's career with Motown legend Smokey Robinson. Includes an interview by international interviewer Daphne Barak with Jackson's parents, Joe and Katherine, who feel that racism is a factor in the case. Pat O'Brien, host of the syndicated program "The Insider" shares his broadcast's exclusive interview with Debbie Rowe, Jackson's former wife and the mother of his children, Paris and Prince Michael. Rowe is now fighting for custody of the children whom she had agreed to let Michael raise. Also includes a rebroadcast of an interview with Michael Jackson's friend the psychic Uri Geller ("Michael Jackson: Critical Stage" QAB: 11/22/03). (C: Troy Roberts, Harold Dow, Richard Schleminger - Sr. P: Katie Boyle - P: Lisa Freed, Ian Paisley, Miguel Sancho, Marcelina Spencer, Jamie Stolz) No individual segment titles were used in this episode.

- 02/05/05 48 HOURS MYSTERY: "Murder In The Hamptons" (II) - followup to "Murder In The Hamptons" (I) (OAH: 02/11/04), a report on the October 2001 murder of Wall Street tycoon Ted Ammon who was embroiled in a bitter divorce battle with his wife Generosa who later died of breast cancer. Includes an extensive interview with Danny Pelosi -- the home contractor who had an affair with Generosa, married her shortly after Ammon's death and became a prime suspect in the murder. Also includes interviews with Pelosi's sister, Barbara Lukert; prosecutor Janet Albertson; Kiernan Crowley, a reporter for The New York Post, who has written a book "Almost Paradise" about the murder of Ted Ammon; Al Legaye, Generosa's cousin; Pelosi's attorney Gerry Shargel and his fiancée Jennifer Zolnowski. Danny Pelosi was tried, found guilty of murder and sentenced to 25 years to life in prison. He plans to appeal the decision. (C: Richard Schlesinger - Sr. P: Katie Boyle - P: Loen Kelley) No individual segment titles were used in this followup episode.

- 02/12/05      **48 HOURS MYSTERY: "Postmarked For Murder"** - Twenty-five-year-old Harold "Buddy" Vest was found hanging in his cabinet shop in June 1946 in the small town of Gainesville, Texas, and although the police ruled his death a suicide at the time, his son Herb always had doubts. Herb Vest, now a multimillionaire, has launched his own investigation -- hiring a team of experts to search for the truth. After Vest placed an ad in the newspaper offering a reward for information, he received a mysterious letter from an "M. Smith" claiming that Buddy Vest did not commit suicide, and suggesting that a former Gainesville police officer and his friends were responsible for Buddy's death. Herb's team of investigators have been examining the letter and searching for the author. Fifty-eight years later, the Cook County Justice of the Peace in Texas has ruled the case a homicide and is seeking "M. Smith" in an effort to finally bring the killers to justice. (C: Harold Dow - Sr. P: Anthony Batson - P: Mary Noonan Robichaux) No individual segment titles were used in this episode.
- 02/19/05      **48 HOURS MYSTERY: "Chamber Of Secrets"** - In her divorce case, Frieda Hanimov feared that she would lose custody of her children because she suspected that the judge ruling on her case was corrupt. Having gone to authorities with her suspicions, Hanimov agreed to go undercover and, wearing a wire, she went alone into a warehouse to try to prove that New York State Supreme Court Judge Gerald Garson was corrupt. A taped conversation with Nissla Elmann, the judge's confederate, was enough evidence to have the Brooklyn District Attorney grant permission to place a hidden camera in Judge Garson's chambers. Prosecutors caught Judge Garson on videotape taking a gift for legal advice, giving a lawyer advice on how to write a legal memo on a case before him, and accepting a \$1,000 referral fee. Judge Garson will go on trial next fall; Nissin Elmann will be tried next week. Hanimov's case has led to the creation of a new commission to reform divorce court. Includes footage of Judge Judy Sheindlin addressing the commission. (C: Lesley Stahl - Sr. P: Katie Boyle - P: Patti Aronofsky, Neel Stann) No individual segment titles were used in this episode.
- 02/26/05      **48 HOURS MYSTERY: "Rescued From The Shadows"** - 48 HOURS infiltrated the billion dollar business of trafficking in human sex slaves to reveal how easy it is in the 21st Century to purchase a woman and bring her to the United States. Correspondent Peter Van Sant's investigation includes a report on Bucharest, Romania, one of several former Soviet bloc nations that have become hotspots for modern-day slave traders. Many of the girls are lured overseas with the promise of a good job, others are simply abducted. Working with Iana Matei, the director of Reaching Out Romania, Van Sant rescued "Nicoleta," a 17-year-old girl. Also explored are the cases of "Olga," a young woman trapped in a sex slave trafficking ring run by a Russian named Alexander Roshovsky; and a young girl kidnapped by members of the Carreco family of Tlaxcala, Mexico. (C: Peter Van Sant - Sr. P: Peter Schweitzer - P: Miguel Sanchez) No individual segment titles were used in this episode.

48 HOURS

03/05/05 48 HOURS MYSTERY: "Secrets Of The Well"- reports on two separate unsolved murders with strange similarities, both solved by Georgia criminal investigator Clay Bryant:  
1) a report on the murder case of Gwendolyn Moore, a 30-year-old mother whose body was pulled from a well in August 1970. Gwendolyn's husband, Marshall, immediately came under suspicion. Moore, who passed a lie detector test, was not thoroughly investigated at the time because of connections to the local police department. After 30 years Bryant found enough evidence to charge Marshall Moore with the murder of his wife. He will go on trial on March 28, 2005.  
2) In 1987, Fred Wilkerson, a small town fire chief and 49-year-old father, seemingly vanished. Bryant determined that the prime suspect was Wilkerson's ex-lover, Connie Quedans. At the time of the disappearance the estranged couple was involved in a property dispute. Bryant unearthed evidence and Wilkerson's body was found in Quedan's well. Connie Quedans was found guilty of murder and sentenced to life in prison. (C: Susan Spencer - Sr. P: Anthony Batson - P: Marc Goldbaum, Katherine Davis, Gayane Keshishyan)

03/12/05 48 HOURS MYSTERY: "Prime Suspect" followup to "Prime Suspect" (OAD: 04/07/04), a report on Marty Tankleff who, as a 17-year-old, was convicted of murdering his adoptive parents Seymour and Arlene Tankleff in their Belle Terre, Long Island home. Tankleff's relatives believe that Marty, now 33, is innocent and hope that a new trial will set him free. Includes interview with several key witnesses and with Tankleff's investigator, New York City detective Jay Salpeter, who took the case on a pro bono basis; Assistant District Attorney Leonard Lato who is fighting to uphold Tankleff's conviction; and Richard Ofshe, an expert in interrogation tactics who feels that innocent people, including Marty Tankleff, can be persuaded to confess to crimes they did not commit. The judge in the case is expected to rule on Tankleff's request for a new trial this spring. (C: Erin Moriarty - Sr. P: Katie Boyle - P: Gail Abbott Zimmerman)

**48 HOURS (continued)**

03/19/05 **PACIFIC NET ONLY - 48 HOURS MYSTERY: "Driven To Extremes"** - On Aug. 7, 2000, Mary Hill was driving three neighborhood teenagers, including her daughter, Amy, home from school. Less than two miles from their home in an Orlando, Florida suburb, the car crashed into a tree, claiming the lives of Amy and her best friend, Carrie Brown. The third teen, Zak Rockwell, suffered brain injuries. Hill claims she lost control of her BMW because it sped up on its own, but investigators say that Hill was driving recklessly. After an eight-month investigation by the Florida Highway Patrol, Hill was charged with vehicular homicide and manslaughter. Three and a half years after the accident she was tried and found guilty of two counts of vehicular homicide. Mary will remain in jail until her sentencing on May 10, 2004. The judge in the case has the option of proposing a treatment program instead of prison. Segment titles: "Forgotten Dreams"; "Fast And Furious"; "Breaking Point"; "Out Of Control"; "The Next Turn" (C: Peter Van Sant - P: Mary Noonan Robichaux, Clare Friedland, Lourdes Aguiar) (Sr. P: "Driven To Extremes": Anthony Dalton) (QAD: 04/28/04)

03/26/05 **48 HOURS MYSTERY: "A Question Of Murder"**- John Maloney, a Green Bay, Wisconsin police officer, was convicted of murdering his estranged wife, Sandy, in 1999. He has always maintained his innocence. After Maloney's conviction, the prosecutor in the case, Joe Paulus, pled guilty to accepting bribes to fix more than 20 cases. The question arises as to whether Maloney got a fair trial and whether he is entitled to be re-tried. Sheila Berry, part-time novelist, part-time investigator and part-time head of Truth In Justice, a non-profit group that tries to help people it considers wrongly imprisoned, has taken up Maloney's cause. Berry is convinced not only that Maloney is innocent, but that Sandy Maloney was not murdered but died of alcohol poisoning. John Maloney is appealing for a new trial and the state of Wisconsin is investigating whether prosecutorial misconduct could have influenced the outcome of his trial for murder. **CBS NEWS SPECIAL**

03/09/05 **"Dan Rather: A Reporter Remembers"**-a retrospective of CBS News Correspondent Dan Rather's career, told in his own words and marking his 24 years as anchor and managing editor of CBS Evening News. The special spans the past 50 years of his life and contains recollections of his early background and his days in radio and the beginning of his career as a television correspondent. Also includes footage of events about which Rather reported including: the civil rights movement and the impact of Martin Luther King, Jr.; the assassination of President John F. Kennedy; the Vietnam War; the Democratic convention of 1968; Watergate; the war in Afghanistan; the attempted assassination of President Ronald Reagan; the explosion of space shuttle Challenger; the Iran/Contra scandal; the current war in Iraq; and the 9/11/01 terrorist attacks. Also touches on the assault on Rather in 1986; accusations of liberal bias; and the report on President Bush's years in the Texas National Guard. (EP: Susan Zirinsky - P: Judy Tygard, Michael Rosenbaum)

Big Brothers Big Sisters of Jasper & Newton Counties

Joplin, MO 64801

Dear Patrick,

Thank you for attending our recent Community Assessment Meeting. Your willingness to participate and candor was greatly appreciated. As promised, we took the results of our meeting, reviewed them, and have come up with what we believe to be the best solution we can provide. Before I get to the solution, let me review what we learned, what we determined, and why we are taking steps to help with a solution.

**Issues Discussed:**

Education:	Not enough pride in particular schools and a need for awareness of reduced government funding.
Community Apathy:	A general negative attitude throughout the community.
Teen Pregnancy:	High rates in our area.
Infrastructure Needs:	A need for the community to be more supportive of growth and the infrastructure needs to support that growth and the costs that may go along with it.
Family Breakdown:	Families divorced, blended, extended and single parents all trying to provide for children.
Income levels:	Low-income levels are keeping many in our communities unable to provide for families. There is a need for more industry with higher wages. The fact that some higher end stores will not locate here because of low average household income.
Poverty:	Many are below poverty level because of many factors.
Drug Use:	Particularly Methamphetamine. Epidemic proportions.
Govt. Funding:	Across almost all areas of society, government funding of programs is down. Healthcare, Education, and Senior Citizens all affected.
Donation Competition:	More and more private sector organizations and groups competing for same pool of donations and contributor base.
Public Health:	Highest smoking rates, highest obesity rates, worst dental care if not in the country, in the state. If it is bad for you we have a lot of it and if it is good for you, we don't practice it much.

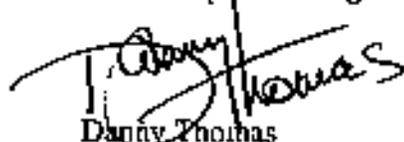

It became apparent that many of these issues were tied together. In fact, most of them appeared to be. We were pleased to see that we were in tune on most of them. The same night of our meeting, we did News stories on several of them by coincidence. After review of what we could do to address them, we determined that our solving any one of them single-handedly was unrealistic. Our review did not conclude that there was nothing we could do. We were triggered by a comment made by Greg Dagnan of The Children's Center. He said they purchased a couple of billboards with the statement that a sex offender lives in every 3 square miles of Jasper County. He said the groundswell of attention calls to his agency were enormous. We know we can reach and educate far more people than a few billboards and with a more compelling message.

Beginning in March, we are going to produce a commercial(s) each month on one of the many issues that came up. We will create and focus on a different issue each month throughout 2005. In them we will point out the problem or issue. We know we can air a schedule that will reach in excess of 85% of the people in our viewing area more than 3 times per person over a given month. This can be determined by using Nielsen audience data scheduling software and their reach and frequency analysis. This assures a front of mind awareness of the problem. Before the end of the month, and when the issue has high awareness, our News department will do solution stories on the problems or issues featured in the Public Service Campaigns. This is far more effective than a 30-minute public affairs program because those types of shows historically do not garner large audiences and air only once. Using our strategy we will utilize the most watched shows on television in all viewing times to provide broad dissemination of information.

KFJX has agreed to team with us in this project and will assist in both the producing of the commercials, the airing of them and the addressing of the issues in their 9:00pm Newscasts.

We hope you will see the value and advantage in this marketing strategy. This uses mass media marketing to address single-issue concerns. The total monthly cost between the two stations if you were to pay for it would average over \$15,000 and that would not include any news coverage. The value over a year could reach \$200,000. All this will be provided free of charge. We welcome your comments and support of this strategy. With your help, we believe we can make a difference in the communities we serve.

Beginning in March, we are going to produce a commercial(s) each month on one of the many issues that came up. We will create and focus on a different issue each month throughout 2005. In them we will point out the problem or issue. We know we can air a schedule that will reach in excess of 85% of the people in our viewing area more than 3 times per person over a given month. This can be determined by using Nielsen audience data scheduling software and their reach and frequency analysis. This assures a front of mind awareness of the problem. Before the end of the month, and when the issue has high awareness, our News department will do solution stories on the problems or issues featured in the Public Service Campaigns. This is far more effective than a 30-minute public affairs program because those types of shows historically do not garner large audiences and air only once. Using our strategy we will utilize the most watched shows on television in all viewing times to provide broad dissemination of information.

KFJX has agreed to team with us in this project and will assist in both the producing of the commercials, the airing of them and the addressing of the issues in their 9:00pm Newscasts.

We hope you will see the value and advantage in this marketing strategy. This uses mass media marketing to address single-issue concerns. The total monthly cost between the two stations if you were to pay for it would average over \$15,000 and that would not include any news coverage. The value over a year could reach \$200,000. All this will be provided free of charge. We welcome your comments and support of this strategy. With your help, we believe we can make a difference in the communities we serve.

Dear Greg,

Thank you for attending our recent Community Assessment Meeting. Your willingness to participate and candor was greatly appreciated. As promised, we took the results of our meeting, reviewed them, and have come up with what we believe to be the best solution we can provide. Before I get to the solution, let me review what we learned, what we determined, and why we are taking steps to help with a solution.

**Issues Discussed:**

Education:	Not enough pride in particular schools and a need for awareness of reduced government funding.
Community Apathy:	A general negative attitude throughout the community.
Teen Pregnancy:	High rates in our area.
Infrastructure Needs:	A need for the community to be more supportive of growth and the infrastructure needs to support that growth and the costs that may go along with it.
Family Breakdown:	Families divorced, blended, extended and single parents all trying to provide for children.
Income levels:	Low-income levels are keeping many in our communities unable to provide for families. There is a need for more industry with higher wages. The fact that some higher end stores will not locate here because of low average household income.
Poverty:	Many are below poverty level because of many factors.
Drug Use:	Particularly Methamphetamine. Epidemic proportions.
Govt. Funding:	Across almost all areas of society, government funding of programs is down. Healthcare, Education, and Senior Citizens all affected.
Donation Competition:	More and more private sector organizations and groups competing for same pool of donations and contributor base.
Public Health:	Highest smoking rates, highest obesity rates, worst dental care if not in the country, in the state. If it is bad for you we have a lot of it and if it is good for you, we don't practice it much.

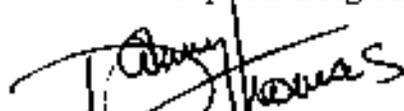

It became apparent that many of these issues were tied together. In fact, most of them appeared to be. We were pleased to see that we were in tune on most of them. The same night of our meeting, we did News stories on several of them by coincidence. After review of what we could do to address them, we determined that our solving any one of them single-handedly was unrealistic. Our review did not conclude that there was nothing we could do. We were triggered by a comment made by Greg Dagnan of The Children's Center. He said they purchased a couple of billboards with the statement that a sex offender lives in every 3 square miles of Jasper County. He said the groundswell of attention calls to his agency were enormous. We know we can reach and educate far more people than a few billboards and with a more compelling message.

## ISSUES & PROGRAMS REPORT

During the month of March, we visited five area elementary and middle schools to present our **STRONG SKIES TOUR**. The tour is hosted by our Chief Meteorologist, **Doug Heady**, and includes a video presentation about severe weather and steps to take to stay safe when storms strike.

Schools visited and numbers reached include: March 14-Columbia Elementary School in Joplin, 125 students; March 17-Kelsey Norman Elementary in Joplin, 300 students; March 29-Meadowlark Elementary in Pittsburg, 370 students; March 30-Galena Middle School in Galena, 300 students; March 31-Miami, OK Elementary, 600 students.
