### **Alcohol Awareness Month 2015 Focuses on Underage Drinking**

April is National Alcohol Awareness Month which is a time dedicated to raising public knowledge and understanding, reducing negative connotations, and encouraging surrounding communities to focus on alcoholism as well as issues related to alcohol abuse and addiction.

Underage drinking is extremely dangerous and greatly affects the overall health and well-being of young people. According to the NCADD, approximately 10 percent of nine to 10 year olds have started drinking and about one third of youth begins drinking before the age of 13. In 2006, approximately 10.8 million people aged 12 to 20 reported drinking alcohol in the past month. Underage drinking is a leading cause of death from injuries, which are the main cause of death for people under the age of 21. Each year about 5,000 people under the age of 21 die from alcohol-related injuries involving drinking.

Underage drinking places a young person at a significantly greater risk for the development of heavy drinking in later life. Continued alcohol abuse can cause a number of significant consequences and a whole host of medical problems. Some of the consequences associated with underage drinking can range from something as seemingly benign, such as lack of academic achievement, to more serious issues such as an increase in traffic fatalities, suicide, and death from overdose. Reducing the occurrence of underage drinking in America's youth is crucial to ensuring a strong, healthy future and requires the full cooperation of parents, schools, community organizations, government agencies, and the alcohol

manufacturers themselves. Alcohol abuse and addiction start at a young age which is why we need to start educating our nation's youth today.

Acadiana Addiction Center is a community-focused center, providing inpatient, residential and detox treatment programs, located in Lafayette, Louisiana. As a leader in addiction treatment, our goal is to provide the highest quality of care for men and women, who are struggling with drug and alcohol abuse and addiction. Each patient receives individualized care in a safe, comfortable environment, while working towards recovery.

There will be plenty of delicious BBQ and boiled crawfish available and as a family event, it will be filled with scores of fun activities for kids including fun jumps, water wars, kick ball tournament, face painting, etc. At 7:00pm, there will be a special tribute ceremony honoring the families of Acadiana's fallen veterans along with opportunities for the community to volunteer and help out our veterans by signing up to participate in an initiative to provide rides to help vets get to their doctors' appointments. We will also have a raffle that will help raise money to train a rescued dog to become a service therapy dog for an Acadiana veteran suffering with Post Traumatic Stress Disorder. It will be a fun family activity and an opportunity for our community to give back and honor Acadiana's heroes! ### **NOW CASTING PAID BACKGROUND ACTORS (African American men over 18) for "The Free State of Jones" to portray Union League Members**

DIRECTOR/WRITER: GARY ROSS (Hunger Games and Seabiscuit)

STARRING: MATTHEW MCCONAUGHEY

DATES/FILMING LOCATION: June 1<sup>st</sup>-5<sup>th</sup>- Washington, LA (opportunity to work multiple days)

STORY LINE: Set during the Civil War, THE FREE STATE OF JONES tells the story of defiant Southern farmer, Newt Knight along with his extraordinary armed rebellion against the Confederacy. Banding together with other small farmers who didn't own

slaves and therefore didn't have a stake in the war; Knight launched an uprising that led Jones County, Mississippi to secede from the Confederacy, creating a "Free State of Jones." Knight continued his fight into the post-war period, resisting Klan activity through Reconstruction. His relationship and post-war marriage to a former slave, Rachel Knight, effectively established the region's first mixed-race community. His legendary rebellion distinguished Newt Knight as a compelling, if controversial, figure of defiance long beyond the War...
