Segment Topic: *Fire at Shelter Leaves Dorms Uninhabitable*

Organization: Coalition for the Homeless of Central Florida

Guest(s): Trinette Nation, Director of Development

Contact: 407-652-5300; centralfloridahomeless.org

Issues: Nation described the impact of a fire at the Coalition for the Homeless of Central Florida and asked for the community's help. The fire damaged the shelter's kitchen, storage closet, and men's dorms, rendering them uninhabitable for the nearly 200 men who would normally stay there. These men also lost their belongings. Nation said that community partners have already stepped up to help house and feed the residents while cleanup and rebuilding take place. More help is needed though, so she asked listeners to contribute what they can to help these individuals who are living in homelessness.

Renovation***

Organization: The Salvation Army Orlando Area Command

Guest(s): Debbie Jones, Director of Special Events and Promotions

Contact: (407) 423-8581

Issues: Jones announced the opening of the Salvation Army's renovated Women's and Children's Shelter and discussed the progress made since fire broke out at the organization's Osceola Service Unit. The Women's and Children's Shelter had not been updated since the 1970s, so it needed renovation. The kitchen area was remodeled and private areas for people to get some quiet time were added. Meantime in Osceola, the Salvation Army continues to get people fed and housed and the organization is searching for a space that can allow them to do so comfortably.
