The Cleveland Police Department is under investigation by the Justice Department for widespread use of excessive force. Herve Falciani, a former HSBC computer security specialist in Switzerland, stole -- with questionable motives -- computer files with over

one hundred thousand names tied to Swiss bank accounts in 2007 and gave it to the French government. The list is being used to go after tax cheats, arms dealers, and drug smugglers around the world. HSBC declined to respond on camera about the files, but acknowledged the bank had been used to evade taxes in the past and says it will no longer engage in those activities with future clients. Falciani is now a fugitive living in France because Swiss authorities charged him with industrial espionage. Includes interviews with: Jack Blum, former U.S. Senate staff investigator; Herve Falciani, former HSBC computer security specialist; Christian Eckert (through translator), France's Secretary of State for the Budget; and Serge Michel, editor of French newspaper Le Monde. “ZMapp” – a report on the development of ZMapp, a promising drug to combat Ebola, which has killed nine thousand in West Africa. There are no approved vaccines or drugs available to fight the disease and although researchers believe ZMapp is the cure, randomized trials have not yet been conducted to confirm this. It takes six weeks to produce enough ZMapp to cure only dozens. The process consists of dousing the main ingredient, tobacco plants, with three different antibodies and giving the plants time to harvest and duplicate antibodies repeatedly. Includes interviews with: Dr. Gary Kobinger, virologist, researching cure for Ebola; Dr. Kent Brantly, medical missionary and first American with Ebola; Hugh Haydon, President of Kentucky Bioprocessing; Larry Zeitlin and Kevin Whaley, founders of Mapp Biopharmaceutical; Dr. Robin Robinson, Director of Biomedical Advanced Research and Development Authority (BARDA); and Dr. Robert Kadlec, biodefense expert. 03/01/15

“The Storm after the Storm” – an investigation into the allegations that thousands of homeowners were denied their flood insurance claims after the effects of Hurricane Sandy in 2012 due to fraudulent engineers' reports. The insurance companies in question (HiRise Engineering, Wright Flood, and U.S. Forensic) all declined requests for interviews and claim the reason the reports were changed was to allow for a peer review process. The New York attorney general's office is investigating possible criminal activity. The insurance companies in question are overseen by FEMA, the Federal Emergency Management Agency, who admitted to seeing the fraudulent reports and say they are in the process of negotiations to settle the claims. Includes interviews with: Bob Kaible, homeowner in Long Beach, NY denied full flood insurance after Sandy; Steve Mostyn, Texas trial lawyer helping Sandy victims; John and Gail Mero, married homeowners in East Rockaway, New York denied full flood insurance after Sandy; Andrew Braum, engineer for HiRise Engineering; and Brad Kieserman, FEMA Deputy Associate Administrator for Insurance. (C: Sharyn Alfonsi – P: Oriana Zill de Granados, Michael Rey)

03/08/15

“Who Killed the Prosecutor” – a report on the questions surrounding the death of Argentine prosecutor Alberto Nisman, who died of a gunshot wound to the head the night before he was to present evidence that the country's President, Cristina Kirchner, had secretly conspired with Iran to cover up Iran's involvement in Argentina's worst terrorist attack -- the 1994 suicide bombing of AMIA, a Buenos Aires Jewish community center. Some theories about Nisman's death are: suicide; government aided murder; revenge murder by former Argentine government spy Jaime Stuisso; or murder by Nisman's coworker, Diego Lagomarsino, who says he gave Nisman the gun for self-defense. Includes interviews with: Diego Lagomarsino, (through translator), Nisman's coworker; Gustavo Perednik, author; and Hector Timerman, Argentine Foreign Minister. Also includes comments by Rodolfo Canicoba Corral, Argentine Judge. (C: Lesley Stahl – P: Shachar Bar-On)

03/29/15

“Killing Cancer” – a report on a Duke University clinical trial of an immunotherapy that uses a re-engineered polio virus to kill cancer cells in brain cancer patients, specifically those diagnosed with glioblastoma, a deadly type of brain tumor. So far, 11 of 22 patients treated have died, but the remaining 11 have seen their tumors shrink, and two people introduced in this report have been declared cancer free: Stephanie Lipscomb, the first patient in the trial and Dr. Fritz Andersen, the second. A third patient Donna Clegg died, most likely due to too much of the polio virus injected into her tumor, creating too large

an immune response. However this helped guide doctors to lower the dosage for another featured patient, Nancy Justice, who appears to be on the same track to remission as Lipscomb and Andersen, as her tumor continues to shrink with each MRI. Includes interviews with: Dr. Annick Desjardins, neuro-oncologist at Duke; Dr. Henry Friedman, deputy director of Duke's Brain Tumor Center; Dr. John Sampson, chief of neurosurgery at Duke; Dr. Matthias Gromeier, molecular biologist at Duke and creator of the modified polio virus used in the trial; Dr. Peter Marks, deputy director for the FDA; Dr. Darell Bigner, director of Duke's Brain Tumor Center; and trial patients: Stephanie Lipscomb, Dr. Fritz Andersen, Nancy Justice, and Donna Clegg. Also includes comments by: Greg Justice, Nancy's husband and Wayne Clegg, Donna's husband. (C: Scott Pelley – Producers for Part I: Michael Radutzky, Denise Schrier Cetta; Producers for Part II: Denise Schrier Cetta, Michael Radutzky) **DOUBLE LENGTH SEGMENT**

48 hours

01/03/15

48 HOURS: LIVE TO TELL: "Soul Survivor" - a report about Robin Doan, who as a young girl in 2005, played dead to live through the murders of her entire family as they slept in their beds. Before that night, the now 20-year-old Doan was a typical 10-year-old girl in a hardworking family of farmers in Pampa, Texas. They became the targets of an intruder who enjoyed killing just for the thrill of it. The immediate investigation yielded few clues. Doan, however, had a remarkable ability to recall the details of that traumatic night. Investigators would later learn that the gunman who killed Doan's family had killed before, hundreds of miles away in Missouri. A day before the Pampa shootings, Orlie McCool and his daughter-in-law Dawn were killed and the family pickup stolen. Levi King was later found behind the wheel of the stolen vehicle in El Paso, Texas. He also told law enforcement that there were four more bodies in Texas. King told law enforcement officers that the feeling he got from killing the McCools was better than any drug he had ever done. This was the lead needed to solve the Pampa murders. Robin Doan was willing to help by testifying about the night her family was gunned down while they slept. King took a plea deal in Missouri -- to avoid execution he agreed to two consecutive life sentences without the possibility of parole. In Texas, he also took a guilty plea, but the DA refused to take the death penalty off the table. Robin testified at the trial. There was one holdout for the death penalty; King received a life sentence. He will serve his time in Missouri. Robin Doan is satisfied. **On-screen text graphic:** Robin has decided to leave Pampa. She plans to visit often. Interviewed: Robin Doan; Chad Brooks (former deputy sheriff); Gary Henderson (former Sheriff, Hemphill County); Lynn Switzer (former District Attorney); Lynn Hancock (Pastor, Briarwood Church); Jay Foster (Texas Ranger); Matthew McCool (McCool family member); Michael Hall (sheriff); Don Ruby (former deputy sheriff); Joe Marr Wilson (defense attorney); Denise Mackie (Robin's friend) (C: Erin Moriarty - P: Ruth Chenetz)

01/10/15

48 HOURS: "The Ultimatum" - a report on the investigation into the murder of Vanessa Mintz, who was gunned down at the family-owned Saluda Mountain Lodge, in Saluda, North Carolina on Saturday, February 19, 2011. Mintz, whose family had long-standing ties to the area, had married early in life, divorced and raised two daughters, Jessica Freeman and Andrea Little Gray, as well as becoming a respected businesswoman, realtor and mentor to young girls. Police investigation at the lodge found a crucial piece of evidence only the killer could have left, but questions remained: did Mintz know her killer or was it a random robbery that went bad? The investigation took the case in another direction when police found out that her husband, Travis McGraw, was secretly dating Mary Beth Fisher. His cell phone records revealed he was sending intimate text messages to Fisher. Fisher claims McGraw had told her he wasn't married, and the relationship, though intimate, was not sexual. Fisher found out the truth and gave him an ultimatum -- make up your mind by Sunday. Mintz was shot dead on Saturday. Travis McGraw willingly turned over his cache of guns to police. One of his guns matched the cartridge found at the scene and he was arrested for murder. Mintz's daughters emerged as powerful advocates for their mother, and prosecutors, after consulting with them, offered a plea deal to McGraw: second-degree murder with a sentence of 16-20 years. He accepted, but at the last moment changed his mind about pleading guilty. Three years after the murder the trial began. McGraw was found guilty of first-degree murder. **On-screen text graphic:** Mary Beth Fisher and Vanessa's daughter Andrea work at the same hospital. They occasionally cross each other's paths. Andrea and Jessica are creating a local family justice center and a trauma intervention program in honor of their mother. Interviewed: Carl Mintz (father); Jessica Freeman and Andrea Little Gray (Mintz's daughters); Willie McGraw (father of Travis McGraw); Marcia Blythe Cunningham (Mintz's friend); Heather Waldbart (mentoring student); Steve Modlin (Chief Investigator); Alex Bass (Prosecutor); Mary Beth Fisher (McGraw's girlfriend); Shane Greene (State Bureau of Investigation) (C: Peter Van Sant - P: Alec Sirken, Elena DiFiore, Michelle Feuer)

01/17/15

48 HOURS: "Death in the Parsonage" (8:00-9:00p) - an updated rebroadcast on the suicide of Joseph Musante; the eventual discovery of his wife, Cindy's secret affair with A.B. Schirmer, the pastor of the Reeders United Methodist Church in Reeders, Pennsylvania; and the eventual investigation to determine if the deaths of the pastor's previous wives were really accidental. Musante's sister, Rose Cobb, knew something wasn't right and pressed authorities to keep looking. Musante's daughter, Samantha, told police that she had discovered the affair between her mother and Schirmer and had told her father. Further investigation revealed Musante's death was truly a suicide. This led to questions regarding the death of the pastor's second wife, Betty Schirmer, just three months earlier in an auto accident. Her death was determined to be suspicious and police suspected Schirmer. Questions then arose about the death of Schirmer's first wife, Jewel. The cause of her death, from a fall, was initially classified as undetermined, but was now ruled a homicide. A.B. Schirmer was arrested and charged with the murder of his second wife, Betty. At trial, A.B. Schirmer was found guilty of murder. Cindy Musante continues to stand by him. Original on-screen text graphic: Schirmer is awaiting trial for the murder of his first wife, Jewel. Sam's mother, Cindy told the court she believes "one hundred per cent" in Schirmer's innocence. **Epilogue (for the 01/17/15 rebroadcast):** a year and a half after his conviction for the murder of his second wife, Betty, A.B. Schirmer struck an unexpected deal with prosecutors. He pled no contest to the charge that he murdered his first wife, Jewel, saying he only took the plea to spare his family the trauma of going through another murder trial. Schirmer was sentenced to twenty to forty years in prison, the maximum allowed, on top of his life sentence. New on-screen comments by Jon Behney, (Jewel Schirmer's brother), James Fully, Julie Campbell (Schirmer's daughter), Tina Fultz (Betty Schirmer's sister). **On-screen text graphic for this 01/17/15 rebroadcast:** A.B. Schirmer lost an appeal of his conviction for murdering his second wife. Sam's mother Cindy told 48 HOURS she still believes "one hundred percent" in Schirmer's innocence. Interviewed: Rose Cobb, Musante's sister; Samantha, Musante's daughter; Detectives Jim Wagner and Wendy Serfass; Julie Campbell and Amy Wolfgang, Schirmer's daughters by his first wife Jewel; Betty Schirmer's sisters Sandy Weikel and Tina Fultz; Good Samaritan Stan Dickerson; Dr. Wayne Ross, medical examiner; Schirmer's attorney Brandon Reish; and Prosecutor Mike Mancuso. (C: Richard Schlesinger - P: Sarah Prior, Chuck Stevenson) (OAD: 01/04/14)

01/17/15

48 HOURS: "Murder in Pinyon Pines" (10:00-11:00p) - a report on the investigation into the triple murders and the long quest for justice for Vicki Friedli, her boyfriend Jon Hayward, and Vicki's daughter Becky Friedli. In 2006, in Pinyon Pines, California, Friedli and her boyfriend were shot dead and their house set on fire. Outside the home, investigators found the charred remains of Becky Friedli, in a wheelbarrow. She was burned so badly, they could not determine how she died. Retired policeman Ron Friedli, Vicki's ex-husband and Becky's father, had a theory about what happened: Becky was deathly afraid of fire and he suspected she knew her killer. Police searched for clues but the case went cold. Years later, Luis Bolanos, a private investigator and a former colleague of Ron's, asked if he could get involved; he said he could get the case back in the news. He did just that. Seven years after the murders, police arrested Becky's ex-boyfriend Robert Pape and his best friend Christian Smith and charged them with murder. Their families say they are innocent. But an unexpected courtroom twist turned the case upside down. The District Attorney said there was an "issue" in the grand jury proceedings against Pape, and dropped the charges against them both. However, it may not be completely over; the investigation continues. **On-screen text graphic:** A new DA was sworn in last week. He says he will review the case "with an open mind". Christian Smith has been honorably discharged from the Army. Interviewed: Tanya Friedli, Drew Friedli, Ron Friedli (Becky's sisters and father); Katie Hayward (Hayward's daughter); Daniela Zermeno (Becky's cousin); Luis Bolanos (private investigator); Kathleen Pape and Christy Pape (mother and sister of Robert Pape); John Conrad Smith (Smith's father); Brandon Kugler-Harrison (friend of Pape and Smith); Richard Blumenfeld (Pape attorney); Eduardo Roy (attorney for Becky's friend Javier Garcia Junior) (C: Troy Roberts - P: Lourdes Aguiar, Peter Shaw)

01/24/15

48 HOURS: "Kiss of Death and the Google Exec" - an investigation into the 2013 drug-related death of Google executive Forrest Hayes and an investigation of Alix Tichelman, the woman charged with killing him, whose ex-boyfriend also died of a lethal overdose. Hayes, a successful, wealthy, married Santa Cruz, California technology genius was found dead from a heroin overdose aboard his 46-foot yacht. The yacht had been outfitted with a sophisticated security system, which eventually led investigators to Alix Tichelman, a young woman with whom he had a secret liaison aboard the yacht. Hayes and Tichelman met on an online dating service known for connecting wealthy men with women looking to be spoiled. The video footage recorded Tichelman injecting Hayes, cleaning up the scene and stepping over him to leave. At issue is whether Tichelman knew Hayes was in distress when she left, as police maintain, or if his death was accidental, as public defenders representing Tichelman claim. Tichelman led a troubled life which included eating disorders, drugs, and specialized schools. Investigators learned that just months

before Hayes' death, Tichelman's then-boyfriend, Dean Riopelle, an Atlanta night club owner, also died from a heroin overdose. After an elaborate sting, Tichelman was arrested for the death of Forrest Hayes. Riopelle's death, originally classified as accidental, is being given a second look by Georgia authorities.

On-screen text graphic: Alix Tichelman pleaded not guilty to manslaughter in the death of Forrest Hayes, and pleaded not guilty to prostitution and drug charges. Tichelman's next court appearance is on February 23, 2015. If convicted of manslaughter, Tichelman could face a maximum of fifteen years in prison.

Interviewed: Stephen Baxter (Santa Cruz Sentinel/48 HOURS Consultant); Michael Daly (Daily Beast investigative reporter/48 HOURS Consultant); Steve Clark (Santa Cruz Deputy Police Chief); Brandon Wade ("Seeking Arrangement" dating website owner); Chad Cornell (Tichelman's boyfriend); Ashley Kent (dorm mate at the Hyde School); Khristina Bocker (Dean Riopelle's former assistant); Jerry Christense and Larry Biggam (Tichelman's public defenders); Alex (no last name/schoolmate); Todd (no last name/friend of Riopelle's) (C: Maureen Maher - P: Allen Alter, Patti Aronofsky, Elena DiFiore)

01/31/15

48 HOURS: "The Millionaire, The Model & The Hit-Man" - an investigation into the relationship between Dino Guglielmelli, a millionaire health supplement distributor/ wannabe rock star, his model wife, Monica Olsen, his business partner/presumed hitman Richard Fuhrmann, and the \$80,000 "hit" Guglielmelli ordered on his wife. In 2008, Olsen, a model-turned-housewife, wanted to re-start her career, Guglielmelli was not happy. He became very controlling, dating other women and eventually filing for divorce. He tried various schemes to discredit his wife. In 2012, when he couldn't get his way in the divorce, he confided his problems to business associate/friend Richard Fuhrmann, asking him to "take care" of his wife; Fuhrmann told Guglielmelli that he would take the job. Instead of murdering Olsen, he went to the authorities in Los Angeles, California, and agreed to wear a wire. In October 2013, Fuhrmann got Guglielmelli to repeat that he would pay \$80,000 to have Olsen killed. To the authorities, it was a clear-cut case of murder for hire; Guglielmelli was arrested. Guglielmelli, in a telephone interview from jail, claims he is the victim; he was conned by Richard Fuhrmann. Authorities agree that Fuhrmann is a con man, but the conspiracy to kill Olsen was very real. In a surprise move, they offered Guglielmelli a plea deal: plead guilty to attempted murder in the second degree and serve only nine years in jail. He accepted. In a telephone interview from prison, Guglielmelli discusses his decision. Olsen is proceeding with the divorce and worries about the future. Fuhrmann fears what will happen when Guglielmelli is released from prison. **On-screen text graphic:** Because Dino took a plea deal he cannot appeal his conviction. Interviewed: Dino Guglielmelli; Monica Olsen; Rick Fuhrmann; Emilio Guglielmelli (brother), Gino Guglielmelli (brother); Letitia Devine (Dino's ex-wife); Olya Banar (Monica's friend); Emily Cole (Deputy District Attorney) (C: Troy Roberts - P: Judy Rybak, Greg Fisher)

02/07/15

48 HOURS: "Gone" - a report about Mark Castellano, a man who claimed to be so desperate to find Michelle Warner, the mother of his three-year-old son, that he agreed to talk to Dr. Phil McGraw on McGraw's daytime talk show regarding her 2012 disappearance. Within forty-eight hours, Castellano then told police a much different version of events. Warner had been living in Houston, Texas with Castellano, her on-again/off-again boyfriend. Castellano claimed Warner stormed out of the house after a fight and vanished without a trace, leaving her child behind. Warner's family did not believe it and filed a missing persons report. Houston homicide detectives later received the case. Castellano agreed to appear on "The Dr. Phil Show". Dr. Phil interviewed Castellano at his parents' home in West Texas; he wasn't buying Castellano's version of events and had serious doubts about his story. The police investigation continued, but there were few if any clues. Two days after the interview with Dr. Phil, Castellano voluntarily went in for an interview with the police. During the interrogation, Castellano finally cracked and admitted that he had killed Warner, put her body in his car, and buried it in a shallow grave outside of Midland, Texas. Local police and the FBI tried to locate her body but were unsuccessful. Eventually, using Apple's Face Time app and an iPhone, and with help from Castellano, police were able to scan the area and locate Warner's body. Castellano was arrested and charged with murder. Eight days later, "The Dr. Phil Show" aired its episode about the case. Also includes: Tracy Smith's interview with Mark Castellano in which he reveals deep-seated anger and resentment towards women and claims it was all an accident. At his trial, attorneys presented a new version of what he now says is the truth. After more than a week of testimony, Castellano was found guilty in the strangling death of Michelle Warner. **On-screen text graphic:** Mark Castellano will be eligible for parole in thirteen and a half years. He will be fifty-three years old. Interviewed: Mark Castellano; Dr. Phil McGraw (television personality / psychologist); Donna Malone (Michelle Warner's mother); David Chaffin (Michelle Warner's brother); Fil Waters (Houston homicide detective); Sergeant Brian Harris (Houston homicide detective). (C: Tracy Smith - P: Chuck Stevenson)

02/14/15

48 HOURS: "Dangerous Games" - a report on the events that led to the 2012 death of Lizzi Marriott, a 19-year-old New Hampshire woman lured into the dark world of BDSM (bondage, discipline, and sadomasochism) and who twice refused to take part in bondage and S&M sex with her co-worker Kat

McDonough and her boyfriend Seth Mazzaglia. Marriott accepted an invitation from McDonough to hang out with her and her boyfriend and watch a movie – and she never returned home. Mazzaglia used McDonough to bring other women into their relationship for his pleasure -- and that, for him, involved ropes and bondage gear, a fantasy brought into the mainstream by the book series and current motion picture, “Fifty Shades of Grey”. Police investigation led to Mazzaglia and McDonough. During interrogation, Mazzaglia said Marriott died accidentally during a BDSM encounter. McDonough told police Marriott was never there, but later, in a plea deal, changed her story. She said Mazzaglia killed Marriott when, after playing strip poker, she twice turned down his requests to initiate sex. After Marriott’s death, they disposed of her body in the ocean. At Mazzaglia’s 2014 trial, McDonough’s testimony was critical. Ultimately, Mazzaglia was found guilty of first degree murder and sentenced to life without parole. **On-screen text graphic:** Lizzi’s family has set up a scholarship in her memory, The Lizzi Marriott Intrepid Ocean Explorer Fund. Kat McDonough will be released from prison in July, 2016. Interviewed: Bob and Melissa Marriott (parents); Becki and Tony Hanna (Marriott’s aunt and uncle); Nate McNeal (Marriott’s friend); Catherine (no last name given, ex-girlfriend of Mazzaglia); Rod Doherty (former Foster Daily Democrat Executive Editor); Richard DiMario (McDonough friend); Andrew Cotrupi (McDonough attorney). (C: Troy Roberts - P: Sarah Prior, Sara Ely Hulse)

02/21/15

48 HOURS: “Fall From Grace” - an investigation into the October 2012 death of Bethany Deaton -- whether her death was a suicide, the fundamentalist Christian religious group to which she belonged, her marriage to the group’s leader, and the quest by her family for answers. Bethany Deaton was a young wife and nurse, whose lifeless body was found in the backseat of a minivan, in Grandview, Missouri -- a plastic bag over her head, a suicide note, and an empty pill bottle nearby. Deaton’s mother believed it was not a suicide and that someone else had a hand in her daughter’s death; possibly someone involved in the fundamentalist Christian religious group to which she belonged, and which some people likened to a cult. While in college, and devoted to religion, Bethany was drawn to Tyler Deaton, the leader of the group called “The Community”, which was associated with the International House of Prayer (IHOP). Deaton told members what to wear, when to eat and even controlled their romantic relationships. One member says the group had become a full-blown cult. Bethany eventually married Tyler, but the marriage wasn’t perfect. There were questions about Tyler’s own sexuality; Bethany fell into a deep depression. Police did not believe Bethany killed herself. After the Medical Examiner ruled it a suicide, Micah Moore, another member of “The Community”, told police that he had killed Bethany, and was subsequently charged with murder. The case was upended when he recanted his confession. Investigators were unable to substantiate his confession and just weeks before the trial was to begin, charges were dropped against Micah. Questions remained. Was Micah manipulated? Did Tyler have something to do with it? Tyler is ready to admit he played a role in her death, but to what end? Did Bethany really commit suicide, or was it murder, as her mother believes? **On-screen text graphic:** Tyler has filed a claim to Bethany’s forty thousand dollar life insurance policy. He plans to pay back the Leidleins for the wedding. Interviewed: Carol Leidlein (Bethany’s mother); Tyler Deaton (her husband); Boze Herrington (friend of Tyler and Bethany); Teryn O’Brien (lifelong friend of Bethany’s); Penny Cole and Ben Kenney (Jackson County Sheriff’s Detectives); Melanie Morgan (Micah Moore’s attorney); Eric Leidlein (Bethany’s father). 48 HOURS: “End of the Trail” (9:00-10:00p) - a report on the investigation into the 2008 murder of educator/artist Carol Kennedy, who was brutally beaten in her home outside Prescott, Arizona. Kennedy’s ex-husband, stockbroker Steven DeMocker, became the chief suspect. Police investigation revealed a man who was a serial philanderer, who was struggling with a heavy financial burden, and had a toxic relationship with his ex-wife. Police arrested DeMocker saying they had a strong circumstantial case, but legal maneuvers, court delays and the death of a judge would prolong the case for five years. DeMocker’s girlfriend, Renee Girard, then revealed critical information about DeMocker’s activities after Kennedy’s death: he lived in fear of being arrested for a crime and revealed information about an insurance policy. His large family, including his two daughters Charlotte and Katherine, believe he is innocent. Prosecutors believe he killed Kennedy to avoid paying alimony and to gain access to an estimated \$750,000 life insurance payout. After five years, and nearly \$2 million in taxpayer money, the trial commences. Steven DeMocker is found guilty of first-degree murder; he is sentenced to life in prison without parole. **On-screen text graphic:** Charlotte graduated from college this month with a degree in finance. Katherine will finish law school next year. She hopes to pursue a career as a federal prosecutor. **On-screen text graphic for the 02/28/15 rebroadcast:** Charlotte graduated from college in 2014 with a degree in finance. Katherine will finish law school this year. Interviewed: Steven DeMocker; Jan Wheeler, Barb Willis, Betsy Petit (friends of Carol Kennedy); Michael, Mary and Sharon DeMocker (brother and sisters of Steven DeMocker); Rich Robertson (defense team investigator); Larry Hammon (defense attorney); Renee Girard (DeMocker’s girlfriend); Joseph Moura (private investigator/48 HOURS consultant); Jim Knapp (friend of DeMocker);

Julie Corwin (ex-girlfriend of Knapp); Craig Williams (new defense attorney); Tricia Greer and Kathy Reay (jury members) (C: Maureen Maher - P: Sara Ely Hulse, Clare Friedland, Asena Basak) (OAD: 05/26/14)

02/28/15

48 HOURS: "Blaming Melissa" (10:00-11:00p) - an investigation into the 2009 case of Melissa Calusinski, a young woman who claims she did not murder 16-month-old Ben Kingan while working at a day care center in Lake County, Illinois, despite having confessed to the crime. Also examined are police interrogations, what happens after a confession, and what can happen when a key player in the investigation admits he made a life-altering mistake. Two days after Ben Kingan's death, Calusinski was brought in for questioning; police told her Ben died from a blunt-force trauma to the head and that she was the last adult to have seen him alive. She was interrogated for nine hours, never asked for a lawyer, and eventually confessed to dropping the child in a way that may have led to a head injury. She was convicted of murder, largely on the fact that she had confessed and that the Medical Examiner's report said that the child suffered from fresh injuries to his head. Her family persuaded a newly-elected coroner, Dr. Thomas Rudd, to re-examine the evidence. His findings revealed an older head injury -- a significant discovery. Eventually, state pathologist Dr. Eupil Choi, admitted to missing the old injury in his report. With this information, attorney Kathleen Zellner, who specializes in cases pertaining to false confessions, says that Melissa Calusinski did not receive a fair trial. Advocates say that, under extreme conditions, 60% of people confess to crimes they did not commit. The police say they played by the rules. Two courts have allowed the conviction to stand. Attorney Zellner believes the medical evidence needs to be re-examined, but the State Attorney will not pass it on. Family and friends vow not to give up. **On-screen text graphic:** Melissa lost her first appeal. She plant to try again based on the new medical evidence. Interviewed: Melissa Calusinski; Paul and Cheryl Calusinski (parents); Crystal Calusinski (sister); Ruth Fuller (journalist); Dr. Thomas Rudd (Lake County coroner); Kathleen Zellner (attorney); Deborah Teurkheimer (law professor); Michael Nerheim (States Attorney). (C: Erin Moriarty - P: Gail Abbott Zimmerman)

03/07/15

48 HOURS: "Murder in Aspen" – a report on the 2013 murder of Nancy Pfister, an Aspen, Colorado socialite/ski resort heiress, and the investigation to find her killer. Pfister came from a family of high achievers, but was also known for a demanding demeanor; even her friends were treated with disrespect, as friend Kathy Carpenter had personally experienced. Nancy Pfister was found dead from blunt force trauma, in the bedroom closet of her home by Kathy Carpenter. She had been alerted that something was amiss by Nancy Styler, who had recently rented the place with her husband Trey Styler, and was in the process of moving out. Police focused on the Stylers because they were involved in a public dispute with Pfister involving the rental home. Pfister came back three months earlier than expected, saying the couple had owed her a large amount of money. Police believed Nancy Styler harbored anger over the way Pfister treated the couple. They also believed Trey Styler, who suffered from a neurological disorder, was incapable of killing anyone. Days after the murder, both were arrested and charged with murder. Soon after, Kathy Carpenter was also arrested, and charged with murder. Police believed the women had bonded over Pfister's seeming indifference to them. Three months later, a bombshell: Trey Styler confessed and said that he and he alone had killed Nancy Pfister. He agreed to tell the details of the crime in exchange for a 20-year sentence and his wife's unconditional freedom. The charges were dropped against both women, but they claim that the prosecution's continued insistence that they were somehow involved in the murder has convicted them in the court of public opinion. Kathy Carpenter still faces the threat of prosecution should more evidence be found. Nancy Styler can never be charged. **On-screen text graphic:** Nancy Styler has filed for divorce, gone back to take her maiden name and moved to another state. Interviewed: Nancy Styler; Kathy Carpenter; Mark Seal (writer/48 HOURS consultant); Tim Mooney, David Koffend, Michael Cleverly (Pfister friends); Juliana Pfister (daughter); Andrea Bryan (Assistant District Attorney); Lisa Miller (DA Chief Investigator); Sherry Caloia (District Attorney); Greg Greer (Carpenter defense attorney); Garth McCarthy (Styler defense attorney). (C: Maureen Maher - P: Liza Finley)

03/14/15

48 HOURS: "Bruce Beresford-Redman: The Verdict" (9:08 - 10:08p) – an updated followup to "Prison Diaries" (OAD: 11/15/14), itself an update of "Fatal Episode: The Producer's Story" (OAD: 02/25/12; Rebroadcast: 09/22/12), a report on former reality show producer Bruce Beresford-Redman, who was accused of murdering his wife Monica Burgos, while on a 2010 vacation in Cancun, Mexico. This broadcast includes the verdict: Beresford-Redman has been found guilty of homicide and sentenced to twelve years in prison. Included are new interviews with his mother Juanita Beresford-Redmond, his wife's sister Carla Burgos and her attorney, Allison Treesle. The 09/22/12 rebroadcast included a phone interview with Beresford-Redman, who maintained his innocence, from the Mexican prison where he was being detained while awaiting trial. Today, until the Mexican court system decides his guilt or innocence,

Beresford-Redman remains incarcerated. Recently, over a period of four months, with a camera provided by 48 HOURS, he recorded diary entries in his cell and elsewhere around the prison compound and took viewers inside his life behind bars. Unlike many of his cellmates, Beresford-Redman has been able to pay for food to be brought in, but he describes the Mexican prison system as a dirty, rat-infested village with razor wire around it. There are about 1,800 men, women, and children living in a prison originally built for 700 people. Also included is the first sit-down interview with Beresford-Redman, as well as interviews with his parents, and his wife's sisters. 11/15/14: On-screen text graphic: The judge can take as long as he wants to make a decision. **03/14/15: No On-screen text graphic for this broadcast.** Interviewed: Bruce Beresford-Redman, Jeanne and Carla Burgos (Monica's sisters); Juanita and David Beresford-Redmond (Bruce's parents); Sonya Tsiros (U.S. Consul General for the Cancun area); Jen Heger (Radar Online reporter); Pat Fanning (criminal defense lawyer); Jaime Cancino (one of Bruce's attorneys); and Emily Hamilton (tourist who was assaulted) (C: Troy Roberts - P: Josh Yager, Ana Real, Paul LaRosa)

03/14/15

48 HOURS: COLD CASE: "Who Killed Amy Gellert?" (10:08 - 11:08p) - the first in a new short-run series focusing on long-unsolved murders. Each broadcast will go in-depth into a hard-to-close case and present new reporting along with the existing evidence. This report focuses on a 1994 home invasion in Cocoa Beach, Florida, which led to the murder of 21-year-old Amy Gellert. Gellert had interrupted an intruder holding her parents hostage. Startled, the masked man stabbed her mother Charlotte (Bunny) Lehton and her stepfather, Robert Lehton. He fled, where he encountered Gellert in the driveway. Her killer was never caught. Multiple suspects have emerged since that fateful night. The cold case team of Major Todd Goodyear, Lt. Carlos Reyes, Marlon Buggs and Wayne Simock discuss their theories about the case: the unusual weapons used (a dagger and a prop gun), the intruder (characteristics, accent, etc.), and the possibility of a targeted attack. Ultimately, two main suspects have emerged: Scott Manley (someone who Gellert had met in drug rehab) and Dominic Kanuika (who admits to driving by the crime scene) and a possible connection between the two men. **On-Screen Text Graphic:** If you have information about Amy Gellert's murder contact: The Brevard County Homicide Unit. Email: majorcrime@bcso.us. Call: Central Florida Crimeline: 1-800-423-TIPS. Interviewed: Charlotte and Robert Lehton; Mark Gellert, Ryan Gellert (brothers); Andrea O'Dell (Amy's best friend); Major Todd Goodyear, Marlon Buggs, Wayne Simock, Lt. Carlos Reyes. (C: Erin Moriarty - P: Lisa Freed)

03/21/15

48 HOURS PRESENTS: "The Bizarre Saga of Robert Durst" - a report on new details in the case of millionaire Robert Durst (and a followup to 48 HOURS MYSTERY: "The Mystery of Robert Durst" (OAD: 03/17/04, Rebroadcast 09/09/04). Durst was recently arrested in New Orleans for the 2000 murder of his friend Susan Berman, following the broadcast of the six-part HBO documentary "The Jinx". He still remains a suspect in the disappearance of his first wife, Kathie Durst. Also included is an exclusive interview with his attorney Dick DeGuerin, who tells 48 HOURS Correspondent Erin Moriarty that he's eager to go to court and that the prosecution has a "weak circumstantial evidence case" against Robert Durst. Durst, the son of a prominent New York City real estate family, is no stranger to controversy. He remains a suspect in the 1982 disappearance of his first wife, Kathie Durst. At the time of Berman's death, Durst was hiding out in Galveston, Texas, masquerading as a woman and trying to avoid authorities who wanted to talk to him about his wife's disappearance. Berman, the daughter of a well-known Las Vegas mobster, was shot dead in her Los Angeles home; police suspected a mob hit. Durst was not considered a suspect until he became involved with the death of Morris Black in Galveston, claiming he accidentally killed Black in self-defense, then cut up his body. A jury eventually acquitted him of murder. Now, the HBO documentary has raised questions regarding Berman's death, and police now believe that a destitute Berman was possibly blackmailing Durst because she knew details about Durst's disappearance, and that comments made by Durst during the program will lead to a conviction. Durst's attorney Dick DeGuerin comments on the current publicity, the evidence, and how Durst is eager to get to California to prove his innocence. Included interviews with: Dick DeGuerin (attorney); Paul Coulter (Los Angeles Detective); Jim McCormack (Kathie Durst's brother); Jack Leonard (Los Angeles Times writer); Dr. Alexander Sasha Bardey (Forensic Psychiatrist); Lisa DePaulo (New York Magazine writer); Steven Silverman (Berman friend) (C: Erin Moriarty - P: Chuck Stevenson, Judy Rybak, Liza Finley, Greg Fisher, Lisa Freed, Linda Martin)

03/28/15

48 HOURS: "The Pretender" - an updated rebroadcast of "The Pretender" (OAD: 05/31/05), a report on the case that has inspired the 2015 theatrical film "True Story", which recounts how Christian Longo posed as discredited New York Times journalist Michael Finkel, while on the run in Mexico -- after murdering his wife and children in Oregon in 2001. At the time, Finkel, who admitted to fabricating a portion of a story on child slavery in Africa, was fired by the newspaper and had retreated to Montana in disgrace. Christian Longo, a married father of three, was living in Oregon where he moved for a fresh start, after committing a series of crimes in Michigan. In reality, Longo was a pathological liar and con man. Soon after, Longo was

on the run, charged with killing his wife MaryJane and his three children. It was then that Finkel and the police learned that Longo had assumed Finkel's identity. Finkel, curious to learn why someone would want to steal his identity, met with Longo and, based on conversations, a series of letters and phone calls, put together an account of events leading up to the murders and Longo's apprehension, which he used as a way to resurrect his ruined writing career. Christian Longo was tried, found guilty of the murders and sentenced to death. He has since changed his story and is working on an appeal. Finkel authored a book, "True Story: Murder, Memoir, Mea Culpa", which is the basis for the theatrical release starring Jonah Hill and James Franco. **On-screen text graphic:** Prosecutors say Christian Longo's appeals are likely to last five to ten years. Oregon now has a moratorium on the death penalty. Michael Finkel took Longo's advice and married his girlfriend, Jill. The couple now has three children. Interviewed: Michael Finkel; Christian Longo; Jill Barker (Finkel's girlfriend); Trish Miller, Fred Farkas (detectives); Penny Dupuie, Sally Clark (MaryJane Longo's sisters); Denise Thompson (Longo babysitter); Tom Taff, Janina Franke (met Longo on the run); Dick Hoch (truck driver); Josh Marquis (Oregon District Attorney). (C: Maureen Maher - P: Miguel Sancho, Gail Zimmerman, Chris Young) (Producers for the 03/28/15 Rebroadcast: Miguel Sancho, Gail Abbott Zimmerman, Chris Young Ritzen) (OAD: 05/31/05, 1st Rebroadcast: 05/27/06)

Public Safety & Crime	1/8/2015	LIVE AT 5:00	EDITORIAL SAL (THURS ONLY)	Why WTOC Made You Mad SundaySo there you were Sunday afternoon watching the Bengals and the Colts right here on WTOC when this happenedJohn Wetherbee: "You're under tornado warning now until 4:15...tornado watch has been extended...."We heard from a lot of you who were upset with us for interrupting the football game so let me show you why we did it.The tornado that John was interrupting the game for did in fact wreak significant devastation in Alma and Berwick which are both part of the WTOC viewing area. Limbs and trees were downed throughout the market and its critical to note that the conditions created the possibility that what happened in Alma could have happened anywhere.Two things to keep in mind when severe weather threatens: WTOC is a broadcast television station serving from Sylvania to Hilton Head to Hazlehurst. We're responsible for doing our best to keep viewers in that entire area informed and safe.We hate to interrupt programming, but as Pat Prokop told us the other day the problem is we just don't know where the devastation will strike. But we DO know that the conditions exist for that to happen. It's our duty to warn you and even though it upsets many of you we have to keep doing that.What do you think?...	1:12

Let this family move on."That's her plea, to whoever killed her daughter two years ago this month on the 21st. Police say Rebecca Foley was shot to death in her Volkswagen Beetle as she drove up to her apartment. She was found slumped over her steering wheel after being hit by a single bullet that left a hole in her rear window, according to the Crimestoppers website.Jennifer Foley, Victim's mother"Rebecca's not here. It doesn't matter how she's not here. She's just not here. And so, we've had to learn to rebuild and move on."This past August, the Foley family spoke to WTOC to say they felt like the investigation into Rebecca's murder had stalled. Jennifer Foley, Victim's mother"It feels sometimes as if it's forgotten, like Rebecca's case is just forgotten."But police said even though the investigation is considered a cold case, it doesn't mean the department has given up....	0:58

Public Safety & Crime	1/24/2015	11PM WEEKEND	EDITORIAL SALUTES	(1:25)domestic violence isn't funnyover the holidays a local watering hole put up a tasteless sign: we like our beer like we like our violence: domestic. not funny ever and especially not funny in the context of recent history. 2014 was the year domestic violence got in our faces. from nfl football player ray rice's caught on tape behavior, to the tragedy of lauren smart brown in savannah, a case made worse by the fact that her husband had previous domestic violence convictions in ohio. the family was unaware of those and you have to wonder what a critical difference it might have made had they known. in south carolina the numbers are even worse; the palmetto state bears the burden of having the second highest rate of women being murdered by men. we have to solve this problem. one step is to join with lauren's family to push for a domestic violence registry that would function much the way the sex abuse registry does: identifying previous abusers and alerting law enforcement and possible victims of the dangers. we think georgia and south carolina should have those registries to protect innocent people from being abused or worse. what do you think?...	1:08

Public Safety & Crime	1/29/2015	6 PM	CYREIA: TIL DEATH DO US PART LOCAL ANGLE	<p>the numbers are pretty troubling. domestic violence and rape cases are up this year and we've seen some absolutely devastating murders. i talked with our district attorney's office and victim advocates about these cases, and found one of the biggest problems is...victims don't realize they *can get help. district attorney meg heap says prosecuting atrocious crimes against women is a commitment her office does *not* take lightly. it's a priority because these are really serious crimes that affect the community and there also very silent crimes and many times our victims don't reach outsafe shelter executive director cheryl branch says this is exactly what keeps her up at night. it's just frustrating of course because every time we have a homicide..we do our fatality review, i talk to the detectives, in the 4 we've had this past year, including the young women who were shot in georgetown, we didn't hear from them.let's take a closer look at those homicides in 2014.first - kathleen sheehen, found dead in her savannah home in april. police ruled her death a homicide and her husband, daniel, now faces a murder charge.next – lauren smart, found dead in her home on wilmington island back in june after her husband, norman, literally beat her to death. norman smart was found guilty on all counts of murder and sentenced to life without parole. the heartbreak in that story is people suspected but they didn't do anything until it was too late and she was murdered (meg heap about smart case)beverly jones was found dead in her home in november. her boyfriend, roman eugene hills, has been charged with her murder.and this year, on new year's day, ramon mooney, a man police say had a history of domestic violence, shot and killed his ex-girlfriend bea ribal. he then took his own life. so why didn't these women ever try to get help? ada frank pemmington, who prosecutes these crimes, offers one explanation.58:24 it has everything to do with the dynamics put into place by the abuser58:34 those dynamics might be financial.they might be emotional. they might be the fact that they share childrenlocal advocates do not want those dynamics to prevent women from taking advantage of the amazing resources in our community.2014 was a busy year for both the safe shelter and rape crisis center. the safe shelter helped 811 women last year, up from 668 in 2013. savannah chatham metro police had 585 domestic violence arrests. the rape crisis center responded to 131 assault victims, and metro police reported 64 rapes last year. 53:22 our officers probably get more training in domestic violence than any other police force that i'm aware ofso what happens once a victim tries to get help? pemmington believes there's a common misconception that once a victim decides to take legal action, they're on their own.05:26 it's not as simple to say we're going to proscute this guy..what we can also say to them is..we have practices in place where we can provide counseling whe</p>	3:17

Public Safety & Crime	1/31/2015	11PM WEEKEND	TRACI CHURCH ON GANG VIOLANCE	<p>Dozens of people showed up to a meeting at Thankful Missionary Baptist Church this afternoon - many disappointed because of the violence involving young children. Nat: How can we stop this from going on in our community? Tewana Brady/Parent: "We're just frustrated right now because of the crimes not being solved." Darein Holmes/Resident: "We're just pretty much trying to get all the young people together to let them know to try and be safe out there in these streets." The violence hit close to home when Darein Holmes' 15-year-old cousin was shot and killed in December of last year. Darein Holmes/Resident: "We've got a mark on our back anyways, being a young black male in society." An issue Holmes says is worsened by the media's narrative of relationships between law enforcement and African Americans. "It's kind of hard to come face to face with an officer and try to have a decent and polite conversation with them." One solution the group came up with, was introducing Savannah Chatham Metro Police officers to the church's programs, and interact with children. Paul Sheppard/Thankful Missionary Baptist Church Pastor: "Our young children are so intelligent. This is a good age to start, because they know what's going on. They are aware of their environment and they are aware of society. I think it's important to get them now." Tewana Brady/Parent: "If the parents get involved, then the community. Police can also do their job." These concerned residents hope once the severed relationship between the community and law enforcement is repaired, the path to a safer Savannah will follow. The recommended sentence is 10-12 years. The former chief would get extra time for taking the stand in his own defense -- seen as lying now that he's been convicted. He'd get extra time for serving as a ringleader of the crime and extra time for making more than 5 thousand dollars in bribes. "Mr. Lovett is the former police chief. Capt Tommy Tillman- CCSO- "we always want to be prepared for the worst case scenario obviously we're hoping if any demonstrations occur that it is peaceful in nature." We have already seen demonstrations and marches in the weeks following last year's shooting on Augusta Avenue as community members protested Smith's death. Those demonstrations remained peaceful. But with other protests across the nation becoming violent in the wake of other controversial grand jury decisions recently, the question becomes, how are officers planning to protect the streets here at home? Julian Miller- SCMPD "we have taken all the appropriate measures to prepare for that and that's common for a police department it's a series of assessing what might be coming up and taking steps to prepare for it."...	1:00

(Alderman Van Johnson)"I'll trust that she would do what she's elected to do." Johnson said -- whatever the grand jury finds -- he hopes Savannah's citizens will find the process thorough and fair. Public Safety & Crime	2/24/2015	NOON	CONNY: CHARLES SMITH GRAND JURY	One critical factor in this case -- witness testimony. Although Smith's arrest in a West Savannah convenience store was caught on camera, there is *no* video of him being shot and killed minutes later, in the middle of Augusta Avenue. That's because Officer Jannot's patrol car didn't have dash cam and Metro police didn't start wearing body cameras until after the shooting. On that first day of the grand jury hearing -- Thursday -- saw several witnesses, including Officer Jannot, walking in and out of the courthouse. Right now, the only face I recognize coming and going is that of the GBI agent who investigated the case, which *may* indicate that the jury is now sorting through the GBI's evidence. It's hard to say definitively though -- since while a grand jury meets, its goings on are secret under Georgia law....	0:48

He's volunteering for Savannah Youth City -- the group Charles Smith turned to shortly before he died to help him escape a life of crime."West Savannah it's a lot of poverty. Public Safety & Crime	2/25/2015	11PM	CONNY: GRAND JURY DECISION	Charles Smith was shot five times according to the Georgia Bureau of Investigations. The fifth shot -- to the head -- took his life."Events have occurred across the United States that have caused me to pause and reflect on how certain cases should proceed."In this case -- that meant having a grand jury investigate the shooting. "The grand jury found that Officer David Jannot's account of the incident was most credible."Smith kicked out the back window of Jannot's patrol car on Augusta Avenue after working his handcuffs to the front of his body, according to the GBI's report. "There were civilian witnesses as well as law enforcement who saw a weapon in his hand as he was coming out the window."Jannot said Smith pointed the gun at him, then trained it on an officer who came to help. He shot. "Officer Jannot was the only officer who fired his weapon during this incident."Protesters have claimed the gun found near Smith's body was planted by police. But the GBI found Smith's DNA on the gun and gunshot residue in his boxer shorts, where investigators believe Smith was hiding the gun. The grand jury sharply critical of police for not finding that gun -- even though surveillance video shows smith being patted down after he was arrested at a nearby gas station. Smith had been wanted on outstanding warrants of auto theft by receiving. He fought police when they tried to take him into custody."Physical evidence showed that Mr. Smith was under the influence of marijuana, cocaine and bath salts at the time of the incident."In Savannah, Conny Cooper, WTOC News....	1:32

Public Safety & Crime	3/9/2015	LIVE AT 5:00	ELIZABETH: BAR BYSTANDER	sot- Kesha-Gibson Carter, Rape Crisis Center" It is a little bit disheartening" Executive Director Kesha Gibson Carter says after today's turnout, she's a little worried about how prepared the local bars are for St. Patrick's Day. Bar Food opened its doors today to host dozens of bartenders from across the community-- but the only who showed up were from Wet Willies and Kevin Barry's. Rape Crisis Officials say more than fifty percent of sexual assaults involve either drugs or alcohol so their goal is to educate as many bartenders in the area to recognize the warning signs before an assault happens. Gibson-Carter sent out more than 100 invitations to bars, even had volunteers go door to door this weekend to make sure they were aware about the meeting. But today, she was shocked and so were the few who showed up. sot- tara reese, kevin barry's "I'm actually kind of offended there wasn't more people taking place, I mean this town is going to be crazy by wednesday." Tara Reese from Kevin Barry's Irish Pub says they have never had an incident at the Kevin Barry's but wants to make sure all of their bartenders are well educated about the possibilities. sot- tara reese, kevin barry's "it's better to be known as a safe bar as opposed to questioning, you know am I going to get attacked" Officials say all the bars at today's meeting have not been linked to any sexual assaults. Gibson-Carter says while there are many other bars that could have benefited, she's not going to give up the bar-bystander campaign. sot- Kesha-Gibson Carter, Rape Crisis Center" Often times the name of our organization, rape crisis center, it causes pause for individuals with regard to connecting with us. Public Safety & Crime	3/10/2015	6 PM	LYNDA: CAB DRIVER ROBBERIES	<p>It started like any other cab ride...the meter is set...a destination chosen...but it did not end as expected. Cab Driver Harry Wands the Third explains...Harry Wands III/Cab Driver27 I picked the gentleman up here and he said he wanted to go to West Gwinnett to carver Village..Just before I am supposed to make a left on Gwinnett street he said make a right. Harry Wands III/Cab Driver"He said well, I have a surprise for you. Do you know what this is? I said yeah. He said drive. He had me drive around the neighborhood and asked if I wanted two in the stomach because I kept taking my hand off of the wheel. He took my watch, my chain and charm, my phone and I only had 25 bucks on me. He had me drop him off at 33rd and live oak. It's very serious, especially if you're the one who is being robbed and whose cell phone got taken."Police saying the robbery was not connected to two violent incidents Sunday -- when an attacker seemingly came out of nowhere and punched a tourist as he walked down congress street. 45 minutes later, a 21-year-old SCAD student was punched near the school's Oglethorpe Avenue Dorm. SCAD declined to discuss the attacks on camera today, but sent an alert to students, warning them to travel in groups after dark, to avoid walking while talking on a cell phone or texting and to cooperate if confronted by a criminal.Brian Pucci, SCAD student:"At night I tend to be more cautious, be aware of my surroundings."Pucci has good reason. She destroyed our family. It is not anything a child should ever have to go through and then this happening again. It has brought up a lot of old hurtful feelings. Strickland was 11 years old when it happened. Connelly--speeding away from an officer, - hit her parents car-- pushing them into oncoming traffic. The impact killed Daniel and Paulette Strickland. Connelly served nearly 10 years in jail and was released in 2010. In December, she was in jail again—charged with her 5th DUI. Skyler Strickland119 The fact that she has chosen to drink and drive again and this is the first time she was caught who knows if she has done it again. this is a slap in the face to my family. Strickland says clearly, current levels of punishment for DUI's aren't enough. Skyler Strickland1:54 people are starting to be repeat offenders so that means the first time they are arrested the punishment is not strict enough. because they are doing it again and again. Mother's against drunk drivers agree. MADD estimates legally impaired drivers involved in fatal crashes are eight times more likely to have had a prior DUI conviction than drivers with no convictions. Theresa Dewild victim impact panel coordinator 223 in Georgia do not have strict enough laws to keep them from driving. we don't enforce the interlocks. taking a driver's license away is not going to force someone not to drive. She is scheduled for a hearing in May where her probation from the Strickland fatal DUI case could be revoked. In chatham county, as part of their parole, repeat offenders are getting the tools they need to combat substance abuse. But because separate areas handle DUI cases differently, there are still many others slipping through the cracks(pkg)It's a good day for several of these dui repeat offenders. Today they celebrate the completion of Chatham county's dui court...a 12-15 month program started by Judge Gregory Fowler in 2003. 449 It is alot of lives we lose because of dui and I see this and that in the paper. I say that could have been me. it is time to wake upSince it's inception the program has helped 1100 defendants...with 150 participants at any given time.davi id WoodDUI Court Coordinator *10 jail isn't going to stop them from drinking and driving. So the question was--what will stop them and across the board was substance abuse treatment to get these people into a position where they are not abusing or using alcohol and certainly not drinking and driving. The program is mandated as a condition of probation in Chatham County and is built around treatment. Participants must submit to random drug testing, attend community support meetings, and make regular visits to court. David Wood*541 If you have Our recidivism rate for our graduates for another dui is 7.9 percent compared to 32 percent across the nation.if you have gone through the program and you graduate I think you got the tools you need to make the intelligent choice of alcohol for yourself. I think alot of times people may avoid dui court or may not even be sentenced to dui court and they have no treatment. Here's a shocking statistic... the Chatham county District attorney says there was a 200-percent increase in repeat DUI's last year. (146 to 293 cases)andre pretorius,chief assistant of state court 430*I think the reason we have such a high rate now is people are recommending don't take the tests. Public Safety & Crime	3/3/2015	NOON	CONNY: LOVETT MOTION GOVT RESPONSE	New at noon - Federal prosecutors are looking to block former Metro police chief Willie Lovett from remaining free on bond while he appeals his conviction on bribery charges. Lovett's attorneys are seeking to overturn his conviction, claiming prosecutors discriminated against black jurors during jury selection and that there wasn't enough evidence to convict him. In January, a federal judge ruled that there wasn't enough evidence of jury bias to grant Lovett a new trial. Now the former chief's attorneys are appealing to a higher court, the U.S. Court of appeals and want him to remain free while the appeal winds its way through the court. Unless that appeal bond is granted, Lovett will have to surrender himself to federal prison one week from today....	0:45
Public Safety & Crime	3/3/2015	4PM News	CONNY: LOVETT APPEAL BOND UPDATE	Lovett gets prison assignment, Prosecutors oppose bond:Yesterday, federal prosecutors filed paperwork here in U.S. District Court to *block* the former police chief from remaining free on bond while he appeals his conviction on charges of gambling, extortion and false statements. Lovett was sentenced to 7 and a half years behind bars after a jury found him guilty. His attorneys are seeking to overturn that conviction, claiming racial discrimination in the jury selection process. In January, a federal judge ruled that there isn't enough evidence of jury bias to grant a new trial. Now, Lovett's attorneys are taking their case to a the 11 th Circuit Court of appeals. On average, it takes 7 months for an appeal in the 11th circuit to wind its way through the courts. Lovett's attorneys are asking a judge to let him remain free during the appeal process. But prosecutors say there isn't enough evidence to support an appeal and that Lovett and his lawyers are just stalling, trying to keep the 65-year-old former police chief out of prison a little longer....	1:03

Public Safety & Crime	3/3/2015	6 PM	SEAN: DOC TRANSPORT INVESTIGATION	<p>The Coastal Transition Center is a minimum security facility that houses men who have been convicted of felonies and are working to successfully transition back into society. Those Inmates get the chance to work outside the center. But how they get to and from their job sites is now being called into question.SOT: Tony Gulrich, Former Coastal Transition inmate"From my understanding, some of the guys there are telling me, they're charging more for the rides even now. The price keeps going up and up and up and up."Tony Gulrich is a former inmate at the Coastal Transition Center. He gave me his account statement showing his expenses during his six month stay. Of the \$1,396.98 he earned working at a Savannah business, \$538 went to a business called Delivery Brothers LLC, a van service that took the inmates to and from the Center to their job sites.SOT: Richard Sinkhorn, Former Coastal Transition inmate"The chief of security, in a group meeting in the dining hall one day, told us that the new van service was going to make our lives better because it was going to be less expensive for us to ride these vans, they were going to be more punctual...that it was going to be all around better."Richard Sinkhorn is also a former inmate of the Coastal Transition Center. He says Coastal Transition administrators said he didn't have a choice but to use Delivery Brothers. Sinkhorn says he paid more than a thousand dollars to Delivery Brothers during his four month stay, roughly 30% of his total earnings.I started looking into Delivery Brothers LLC to find out more about the company and how they determined their pricing. What I found was a potential family connection between the owner of the van service and the Coastal Transition Center administration.According to the Secretary of State's Office, the principal agent of Delivery Brothers LLC is Malareo McLaughlin. Through Chatham County court documents, we've found that a man by the name of Willie Munford rented from Charles Wilcox's property management company. Munford tells us McLaughlin is the son of Coastal Transition Superintendent Charles Wilcox.We also found Wilcox and McLaughlin were linked through a property transfer in Pooler for a home on Cross Creek Drive back in 2007.I gave this information to a public information specialist with the Georgia Department of Corrections on February 12th. By Friday the 13th, Superintendent Wilcox was suspended with pay pending an investigation.A 2011 Executive Order from Governors Office states that, "An employee shall not advocate for or cause the advancement, appointment, employment, promotion, or transfer of a family member to an office or position with an agency or with the Office of the Governor."The public information specialist with the Department of Corrections told me, "Transportation services are not under contract, they are selected and monitored locally by Center Superintendents. Public Safety & Crime	2/17/2015	4PM News	SC: AFTERMATH OF THE ICE STORM	The freezing rain stopped early this morning... But the aftermath—lots and lots of ice. Foster: “We anticipated some problems—and we planned for the worst.”Flags frozen... Power lines -- a resting place of icicles... And trees -- plenty of limbs fallen... This is what people were seeing this morning all over the Northern Midlands.The worst of it -- in Newberry County. “About 4:30 this morning is when it really picked up and we started seeing limbs falling, power lines down, and fairly significant power outages across the county.” Sheriff Foster says about a third of the people in Newberry County were without power this morning... And power crews braved the cold to get lights and heat restored. “Power crews are phenomenal... As soon as they repair one thing another thing goes down.”Foster says even with falling limbs -- there wasn't much of damage to homes. The worry now -- what happens once ice on those trees begins to thaw. “As stress comes off the trees, more limbs falling, and subsequently as the limbs falling into the power lines.” Schools were closed today in Newberry County because of loss of power -- and poor driving conditions. “Some bridges and overpasses are still iced over. People can get around if they just slow down.”...	1:13

If you do find yourself to be a victim of digital kidnapping---or digital identity theft--McDaniel says you should head straight to your local law enforcement. Sgt. 3/9/2015	11PM	SEAN: RIVER XING APTS FIRE THUNDERBOLT	<p>Once the fire really took a hold inside the 24-unit apartment building, emergency personnel hurried to evacuate not only the residents inside the building on fire, but in the neighboring buildings as well. NAT: We caught up with one woman who says it was her apartment where the fire started, and she told she thinks the fire started while a maintenance man was working on fixing her washing machine. Sot: (didn't want to be ID'd) "while they were working in our apartment, the fire started. He took our fire fire extinguisher to try to put it out, but I guess he realized he couldn't handle it and then tried to start calling the police. They started to evacuate the building, but by the time they got to the second floor it had already spread." The woman, a student at Savannah State University, says she only had enough time to grab her dogs before she had to run outside. Sot: Mark Keller, Savannah FD "unfortunately, by the time most of the resources got here, the fire had pretty much started to consume that building. And it's a fairly large building. 24 units at it, and it's my understanding that 21 of them were rented at the time." Keller says he hadn't heard of any residents being injured, but added a few firefighters were treated on scene for unspecified injuries. The American Red Cross responded with a dozen or so volunteers to help those displaced with immediate needs. Marty Jones, American Red Cross "unfortunately, this is not the case all the time, but unfortunately in this case I've had a lot of different ones tell me that they've lost everything. Normally we go to a single family house fire, or even apartments and it might be that the sprinklers went off and soak things. But this is actually a burn out, so a lot of these people of lost medication, clothing, everything."...</p>	1:43

I spoke to one of Alam's closet friends today who believes the school may have spoken too soon. sot- Courtney Howe, student"we just feel as though the university is taking this very lightly and it's something to be very concerned about whether its meningitis or not- many students I have talked to are completely flabbergasted that the university would go through such drastic measures to keep the truth hidden."...	1:06

3/28/2015	11PM WEEKEND	TRACI: LUDOWICI SCHOOL PARENT FOLO	Tradineya Ramshai lives in New York. She says when she drove Georgia to drop her son off at Faith Baptist Christian Academy in Ludowici, the school assured that he would be taken care of. She learned quickly that wasn't the case. Tradineya Ramshai/Parent: "When they promised us he would get three meals a day, he was barely getting two. He was getting lunch and he was getting dinner but they were small portions." She says just days after he got there, instead of sleeping in the dorm he was assigned to, he was sleeping on the gym floor. One Wednesday, 30 kids all from different countries, were found living in bad conditions. Tradineya Ramshai/Parent: "They take their phones away, and these families don't know how their children are living. They just think that they're sending them to America, to a better place and some were probably living worse than they've ever lived their life just for the opportunity to play basketball." Ramshai's son only lasted 11 days at the school because of the poor treatment. Tradineya Ramshai/Parent: "I wasn't aware of some of the things that were in the report that they had exits blocked, no fire extinguishers. It could have been a tragedy. It really could have been a tragedy for those kids." She's glad the investigation exposed how the students and her son were forced to live. "I was glad to know that someone finally was the squeaky wheel that was able to get the oil and expose this school." Tradineya says her son has since transferred to a different school. She hopes this investigation can prevent something like this from happening again. Reporting in Long County, Traci Washington WTOC News....	1:37

2/11/2015	6 PM	CONNY: CHARLES SMITH GRAND JURY	(Prof. Joseph D'Agostino, Savannah Law School)"I've contacted several criminal law experts from around the country. And they've never heard of this procedure before."Here's DA Meg Heap's plan -- to use one grand jury -- in its civil capacity -- to give an opinion on the case. After that -- the case "could" go to a second grand jury for criminal indictment.Why might Heap have decided to go this route?(Prof. Joseph D'Agostino, Savannah Law School)"It is unethical for a prosecutor to seek to indict someone without good grounds."But in a gag order hearing on the case yesterday -- Heap said she'd decided to use "two" grand juries "before" seeing any evidence in this case.(Meg Heap, Chatham County DA)"I made the decision about this process before I ever received the file from the gbi, as everyone in this country watched what happened all over as far as officer-involved shootings."The law professor we spoke to says some benefits of the process are-- two grand jury processes may mean more witnesses come forward and more evidence is found. It also could give the DA -- who is elected -- political cover for a potentially unpopular decision in this case. Plus, the grand jury can look "beyond" whether the officer who shot Smith is guilty of a crime.(Prof. Joseph D'Agostino, Savannah Law School)"To see if the police followed the proper procedures. Did they collect all the forensic evidence they should've collected at the time? Did they interview all the witnesses they should have? Or was there some kind of negligence or incompetence."But there are drawbacks. First, two grand juries are more expensive than one. And the process will take longer. And D'Agostino said it could cast doubt on how cases are handled."Why don't you go to a grand jury like you normally do in a case like this?"Heap says she's doing this to be fair.(Meg Heap, Chatham County DA)"I am planning on presenting all evidence that I have, the good, the bad and the ugly. It is up to the grand jury to decide."...	1:43

3/26/2015	6 PM	EDITORIAL SAL (THURS ONLY)	<p>Sinn ShameOur annual celebration of St. Patrick's Day here in Savannah marks the culmination of weeks of festivities and recognition of the cities large Irish heritage. -- This year's parade was greeted by chamber of commerce weather and crowds of locals and tourists numbering in the 100's of thousands. -- However, what was truly a special day, was marred for some not by drunken crowds, inclement weather, or physical injury to spectators. -- No, the day's events took a turn for the worst when some of Savannah's prominent Irish citizens decided to use the day to mock others that, like the Irish, came to this country to escape persecution and seek better opportunities. -- I'm referring to what transpired at the Sinn Fein Society's annual breakfast gathering and the "Greening of the Grits". -- A handful of members took it upon themselves to use the occasion to belittle their Jewish brethren. -- Their antics featured costumes, rhetoric, and stereotypes that were offensive, small minded, and inappropriate. -- We'd like to think that we have all progressed beyond the immature and insensitive behavior displayed by these adults. -- Similar to the much publicized events a few weeks ago involving the offensive racial slurs made by members of the SAE fraternity at the University of Oklahoma, what happened at the breakfast on St. Patrick's Day was also offensive. -- But the big difference in the two events involved the actions and words committed by adults, not college kids. -- These are educated people, many are leaders in the community, and they should be ashamed of their behavior. -- We contacted leadership at the Sinn Fein Society and received the following response by incoming President, Dan NeSmith; -- "The Sinn Fein Society was organized for the purpose of friendship and has been around for over 50 years. -- We feature members of different religions, and invite guests to our meetings, including many of our Jewish friends. -- We understand that the skit conducted at this year's event may have insulted or offended members of the Jewish community. -- Let me assure that there was no intent to offend anyone. We are sorry and apologize."Our hope is that this won't happen again. -- There has been too much progress made in race relations, religious tolerance, and harmony between different cultures and ethnic groups to let the childish actions and misguided attempts at humor set back the reputation that Savannah has historically enjoyed as a melting pot that proudly displays its cultural and ethnic diversity. -- What do you think?</p>	2:32

So that when there's anything to discuss with law enforcement, that they'll come forward and talk about it."Stanley Kane, Liberty County resident"I think it's great that the local law enforcement are reaching out to the community like this. 2/12/2015	LIVE AT 5:00	DAWN: BLACK HISTORY MONTH	After witnessing a collision between an automobile and a horse-drawn carriage in 1923... Garrett Morgan ... the son of slaves and an elementary school drop out was inspired to redesign the traffic signal. The Morgan traffic signal was a T-shaped pole unit that featured three positions: Stop, Go and an all-directional stop position which halted traffic in all directions to allow pedestrians to cross streets more safely. It became one of the most important parts of motor vehicle safety in the world today ... credited with saving countless lives. He sold the rights to General Electric for \$40,000. Former Assistant Chief of the Savannah Chatham County Metro Police Department Terry Enoch says even the traffic lights we have today look nothing like Morgan's ... they came from his idea. SOT Terry Enoch/ Campus Police Chief " 4:04 It started with someone having a great idea on how to move traffic. This great invention helps to keep our community safe. It slows down traffic. 4:05:02: It is critical to us. Having tools to manage traffic and reduce accidents is important. This talented inventor did not stop there. Morgan went on to create the gas mask ... which gained him national acclaim when he used it to successfully rescue more than a dozen men from a mine shaft. even though morgan never fought for our country ... he's credited with being a World War I hero. His gas mask proved to be key during the war because gas was the German army's main weapon. The mask filtered out the impurities and allowed soldiers to breathe. Those masks are still helping the military and first responders today. SOT Terry Enoch/ Campus Police Chief 4:07:20 "Giving first responders the ability to enter a crisis in a safe way protecting the individuals from those inhalants that maybe harmful to them is tremendous . When you look at the benefits to the military in protecting the liberties of our country with that tool. When you look at tear gas and things of that nature nuclear chemicals that were being used .The military is definitely benefitting from that. First responders with fire . Police officers were dealing with rioting situations protecting our officers from the harmful gases so they can focus in on providing their services . The benefits have been tremendous. It has evolved into a rack that you put in the oven and gives you layers where you can put macaroni and cheese on one rack or some candied yams and gives you the opportunity to create a whole meal in the oven. The reality is cooking is timing and the ability to do more than one thing at once give you an opportunity to look at things take a longer time to get in the oven early . The things that are not going to take so long can be added later and then you bring them out together and coordinate your meals.You can be certain they come out piping hot at the same time." Just like that oven , we'd be lost without mops to keep our kitchens clean and the rest of our homes . In 1893 ... Thomas Stewart's patent was a design that added two major improvements to the mop. They're just about everywhere these days from the streets to homes and businesses... but back in 1966... they were unheard of until Marie Van Brittan Brown and her husband, Alvin, came up with the closed circuit television security system. The Browns' system had four peep holes and a camera that could slide up and down to look out each one. Anything the camera picked up would appear on a monitor. It was the forerunner for what we have today. SOT Terry Enoch 4:09:09 "It has been utilized by the federal government . It has been utilized here in our schools . We talk about the closed circuit televisions, it has been enhanced -digitized . It gives us an opportunity to have eyes to identify intruders people that don't need to be in certain places who may be in certain places to do unlawful things. 4:09:39 it gives police the opportunity to be in places without having to put manpower there . It has been very impactful for law-enforcement. I cannot imagine not having it." What the Browns patented 49 years ago is still changing lives today. Dawn Baker WTOC News....	1:08

1/1/2015	6 PM	CYREIA: JOB INTERVIEW DON'TS	<p>Doctor Anthony Hood is a human resources professor at UAB.He knows how critical a job interview is in the hiring process.He says if you want to walk out a winner- there's a few things you'll want to avoid.Tip 1-When you're picking out what to wear for the big interview, don't plan on making a fashion statement.Anthony hood"it's not the time t o express yourself in bright oranges, bright yellow and stuff like that."Instead, stick to blues grays and blacks.Tip 2-Doctor Hood says it's perhaps the most obvious of all- but the most vital.Don't be late.Tip 3-Don't wait for the interview to start using you're a-game. Doctor Hood says the microscope turns on you the moment you step into the lobby.Anthony hood"typically you're going to be waiting before the interview starts. And they are going to be observing you. So the interviewer is going to ask the administrative assistant so what did you think about the candidate?Tip 4-Don't stall when you're asked about your strengths.Anthony hood: "to go blank on that is a no no. and it typically happens when the person hasn't done their research.Tip 5-When they ask you about your weakness- don't go with this overused answer.Anthony hood"I'm a perfectionist. The interviewer won't take you seriously. Even if it's true- come up with a different answer."Tip 6-When it's you turn to ask the questions- do not ask about this.Anthony hood"it's not appropriate to talk about money during an interview. That's not the time to start negotiations."Tip 7- When the interview comes to an end- do not leave without grabbing a business card so you can follow up with a thank you note.Anthony hood"I recommend that you prepare the note even before the interview, at least parts of it, and then customize it. and then send it immediately. 2/9/2015	LIVE AT 5:00	ALYSSA: ST PATS	This is a very familiar issue, since we went through the exact same thing last year. Bars were not going to be allowed to be open the Sunday before St. Patrick's day in 2014.At the very last minute, the State passed a law would allow bars across the state to be open if and only if the Sunday fell on March 16, 17, or 18, and the local government approved it. That fixed last year's problem but not this year's. So it's back to the drawing board since the city is proposing a 4 day festival which includes a Sunday- March 15th. The city says it is unfair for the bars to have several other establishments and vendors selling alcohol that day and the bars have to miss out on the business....	0:39

2/12/2015	LIVE AT 5:00	EDITORIAL SAL (THURS ONLY)	raise the tax and fix the roads!South Carolina has some of the poorest roads in the country. It also has one of the lowest gas taxes. Governor Nikki Haley has recommended that the gas tax be raised by 10 cents a gallon to help fund needed improvements. She's also said that she will only support the gas tax increase if there's a corresponding cut in state income taxes to attract new business. One of the attractive features of governor haley's plan is its ability to share some of the burden of road improvements with people driving on the roads, including tourists and travelers just passing through. South carolina's roads need help. This bill sends us in the right direction. We support it. What do you think?...	0:41

Jayme Simmonds- Social Club- "we prepare all year long for this weekend. we actually start doing ordering and planning in December and we kind of build for our liquor and our paper goods." but even just days before the St. Patrick's Day Festival-- some businesses still don't know exactly how to prepare-- considering their festival fate is still in the hands of the Georgia legislature Bonnie Walden- its very frustrating because the biggest part of it is the preparation and without knowing about Sunday we don't know who to staff, we're just waiting on pins and needles to hear from the city. It's a hassle not knowing." Bars like Bay Street Blues- still don't know whether they can open on the Sunday before St. Patrick's day. There are two bills moving through the state legislature- but it's a guessing game which one if either will make it to the Governor's desk in time- but Bay Street Blues says they can't afford not to prepare for the business. Bonnie Walden "its Sunday. if we have a big Friday and Saturday. we can't order more for Sunday so we have to be prepared. so I'm going ahead with the plan that we're going to open one way or the other and we'll go ahead and staff for it and get all the inventory in. be prepared and hope for the best. 1/22/2015	11PM	SC GAS TAX	Governor Nikki Haley says yes to a gas tax increase to fix South Carolina roads and bridges.But her approval has strings attached.Heavy strings.This is a three part package deal. In order to get my signature on any gas tax increase, we need to restructure the DOT and we need to cut our state income tax by two per cent.Many, including a growing number of corporate and business leaders agree the state's crumbling infrastructure has become a drag on economic development. Haley proposes raising the gas tax ten cents over three years---an amount that would generate roughly a third of the funding needed to fix all roads and bridges.But lawmakers could have a rough time finding consensus on plans to drop state income taxes from seven to five per cent over a decade----and do away with an entrenched leadership system at DOT.Well I think the fact that she put a plan out there is significant. I don't know if the way you do it as far as combining the reduction in income tax....is it going to make it tough to get it passed? Probably. So we just kind of have to deal with it, work with the House as it goes through the process....	1:06

2/17/2015	LIVE AT 5:00	MIKE: REFINANCING MORTGAGE	"both the 15 and the 30 year mortgage rates are near historical lows. And they have recently drifted back down to that level. So that presents an opportunity for people that didn't refinance back in 2012, 2013, to get a second bit of the apple" The low rates have surprised Welch but he believes falling oil prices have played a role. "what that's done is lower the cost of lots of goods and services. So what You're seeing is some deflation in prices and that is at least a factor in lower interest rates" Welch says it is hard to predict how long the low rates will stick around but has this advice for anyone considering it."you outta go ahead and do it. I would try to get lower rates than they are now because these rates are very, very attractive."According to Welch- The current interest rate for a 15 year loan is 2.98 percent.For a 30 year it's 3.79.So how could refinancing translate into saving money?On a 200,000 dollar loan for example- the monthly payment on a 30 year mortgage with a 4.8% interest rate is \$1,446. Bring that interest down to the current 3.8 %- the monthly payment is \$1,328. That's a savings of more than 1,400 dollars over one year. If you think refinancing could be a good option for you- Welch recommends following his rules of thumb."if you can cut your interest rate by one percent, and you plan to stay at your house for at least five years, then I think it makes sense."...	1:20

And we're losing sight of that with the idea of progress, and we really need to take a closer look at what is really going on." Dave Desjardins says one of his main concerns involve the safety hazards around the airport. Dave Desjardins/Hilton Head resident: "I was very concerned about the proposed plan on the books widening and lengthening of the runway on Hilton Head. It's 200 families living right underneath that. The planes will be coming closer and closer to. So it becomes a safety factor. That's tragic." Other residents are more concerned about traffic issues. Harvey Geiger/Hilton Head resident: "Where 278 goes into the Sea Pines circle, the vegetation is so high that instead of being a yield, we effectively have a stop sign." And it's not only a headache – Geiger told the board it could be dangerous. Harvey Geiger/Hilton Head resident: "Cars stop, they can't see. They look down the traffic circle. We get traffic build up. The capacity of the circle could be greatly enhanced if we had design standards that are either promulgated or enforced." Both Geiger and Desjardins hope that the board takes a closer look at the issues, before updating the standards. Harvey Geiger/Hilton Head resident: "I think it's important that we talk to a louder audience and maybe someone will think, gee, that's a good idea."...	1:26

The Kouachi brothers grew up in Epinay, a poor French suburb, which is feared to have become a recruiting ground for radical Islamists seeking foot soldiers. Cherif and Amedy met while they were incarcerated for non-terrorist crimes at the Fleury-Merogis Prison, and came under the influence of al Qaeda operative Djamel Beghal. Includes interviews with: Father Joseph Ibrahim, monk at Monastery of St. Matthew; Archbishop Nicodemus Sharaf, Archbishop of the Syriac Orthodox Church in Mosul; Issah Al Qurain (through translator), resident who had his house marked; and Archbishop Bashar Warda, Archbishop of Erbil. 3/13/2015	11PM	CBS: VETERANS HEALTHCARE	President Obama visited the VA medical center in Phoenix, Arizona – where the scandal over veterans' care began. He's forming a new committee to focus on more reforms. (SOT/Obama) There's still more work to do. And this discussion allowed us to hone in on problems that continue to crop up. (track 2) (GFX) The VA says since June, it has increased appointments for veterans, extended clinic hours, cut the wait list for care in half, and changed leadership at nearly all its medical facilities. And the VA is streamlining how veterans make follow-up benefit claims and appeals – requiring a standard form for the first time. (SOT/Tom Murphy) "It gives me a faster, more accurate decision, ensuring I addressed all the issues the veteran is asking for. And the result is faster decisions for the veteran." (NAT SOT/Varela) "These are people that need help. They don't need more red tape." (track 3) But Navy veteran Paul Varela with disabled American veterans warns limiting how vets apply for help will cost them money, further delay care. And could hurt VA's modernization effort. (SOT/Varela) "As they're racing ahead, they're failing to look in their rear-view mirror who they're leaving behind. It's a large contingency of veterans that are just not going to be able to meet those requirements." (track 4) The new rules take effect March 24. Mark Albert for	1:15

It's the first time the two leaders are meeting since 47 Republicans sent a controversial letter to Iran's leaders last week -- warning that a deal might not last beyond President Obama's term in office. Freshman Senator Tom Cotton, who authored the letter, defended the move... and threatened to ratchet up sanctions if no deal is reached: (SOT Sen. Tom Cotton) "If they bluff this week, call their bluff. The Congress stands ready to impose much more severe sanctions." (STANDUP: Susan McGinnis CBS News Washington, D.C.) 60 Minutes

- 01/11/15 **“Colorado Pot”** – a report on Colorado’s progress after becoming the first state to legalize the recreational use of marijuana as of January 1, 2014. Dispensaries of the green drug are thriving, however most banks refuse to handle the profit due to federal regulations, causing marijuana businesses to be conducted almost entirely in cash. Nebraska and Oklahoma are suing to have the U.S. Supreme Court declare Colorado’s recreational pot market unconstitutional, claiming marijuana is crossing their borders. Includes interviews with: Meg Sanders, CEO of Mindful, a chain of four marijuana retail stores; Phillip Hague, Mindful’s master grower; John Jackson, Greenwood Village Police Chief; Andrew Freedman, Colorado’s Director of Marijuana Coordination; and Governor John Hickenlooper (D-CO) (C: Bill Whitaker – P: Marc Lieberman)
- 03/15/15 **“Dead or Alive”** – a report on the errors of the Social Security Administration’s Death Master File. Those who are alive and mistakenly put onto the list, can be cut out of existence by banks, the Internal Revenue Service (IRS), Medicare, credit agencies and the like. On the other hand, there have been continued payments to deceased citizens whose names were never put on the list. To combat these errors, the Social Security Administration has started cross-checking with a Medicare list to see who is using Medicare, and if a citizen has been off the list for three years, they gather more information to see if they are dead or alive. Includes interviews with: living Americans declared dead by the Social Security Administration: Don Pilger, Kristina Pace, Betty Denault, and Judy Rivers; Patrick O’Carroll, Social Security Administration’s inspector general; and Sandra Kimbro, who pleaded guilty to accepting her mother’s Social Security benefits, but says it was done so unknowingly. 3/22/2015	11PM WEEKEND	EDITORIAL SALUTES	Enough Springing Already!!!!Last week my dogs woke me and the wife up at 5 in the morning, because they didn't think it was 5, they thought it was 6 which is their breakfast time. They didn't get the memo about springing forward apparently. I wish I hadn't gotten the memo to spring forward either because every year it messes up my sleep cycle for weeks. Why do we do that? We've heard a lot of rationale behind Daylight Savings Time; among the arguments was that it saves energy – it doesn't; It gives farmers more daylight to work - It doesn't do that either; and it's good for kids going to school. Hello...sunrise is 7:45...some of our kids are getting on the school bus at 6:45. On the other side of the coin Representative Mike Kelley of Missouri wants to make Daylight Savings Time permanent - no more flip flopping in spring and fall and longer afternoons year round to enjoy leisure time. I kind of like the idea; that would end the bi-annual disruption to my sleep cycle. But don't hold me to it until i check with the dogs. What do you think?	1:00

As of the city's most recent figures, from December, Giusti had been paid 246 thousand.Tom Bordeaux, At-large alderman:"Council did not know about it. The mayor did not know about it. The city manager did not know about it."In exchange for that \$12 thousand a month, Giusti was supposed to work 20 hours a week. He said he'd keep a loose account of the tiem he worked. But...Tom Bordeaux, At-large alderman:"He's not been accounting for a single hour of his time."Bordeaux wants answers.Tom Bordeaux, At-large alderman:"This just makes me crazy quite frankly, that you could get a 10 fold increase in pay without there being more openness about it, without the city manager's office knowing about it, without this mayor and council knowing about it."...	1:22

3/2/2015 6 PM	CYREIA: ST PAT'S DRINKING BILL	<p>(Cyreia at monitor)deja vu is exactly right..just this time last year we were waiting to see if the state legislature would allow sunday alcohol sales at bars and pubs in savannah on the sunday before st. patricks day. i talked with our lawmakers and some business owners about why this is all happening again, and what could happen next year.brian huskey, owner GL group05:38 it was a great day. the fact that we were open on sunday well exceeded our expectations because it was the first sunday we had been open" Brian Huskey owner of Abes On Lincoln remembers the sunday of the 2014 st. patrick's day as a smash hit. the numbers proved this.brian huskey/owner GL group06:27 "we did more that particular sunday than we would do in a normal week" Huskey says that proves how important it is to allow bars to stay open on sundays that fall in the st. patrick's day festival window.right now, only restaurants that get more than 50 percent of their sales from food can sell alcohol on sundays. This means huskey's other restaurants..b matthews, 5 spot and blowin smoke cantina will reap the benefits of our city's MASSIVE st patrick's day celebrations, but abes on lincoln, could be excluded. city of savannah leaders have a problem with that.bret bell, city spokesman:32 It's really about our equity. If a restaurant can be open on Sunday during St. Patrick's Day..a package store can be open...non profits can beselling alcohol outside..then bars should be open tooLast year's legislation called for sunday sales if a sunday fell from march 16 - 18. this year's legislation is slightly different, and more inclusive - not naming specific dates - just the length of the festival. senator lester jackson, a sponsor of the bill, explains.sen. lester jackson/GA District 210:28 right now we're changing the laws to look at a 4 day weekend and maybe even a five day weekend to look at future st. patrick's day celebrations There are currently two companion bills moving forward, one in the house and one in the senate. Sen. Jackson says that while to Savannahians, this may be a no brainer...this is a hot button topic that other lamakers might not be in favor of.sen. lester jackson/GA District 211:59 this is a very difficult bill for a lot of members of the general assembly because it deals with alcohol sales on a sundaySenator Jackson knows Sunday alcohol sales is a controversial topic, and knows it will take some convincing so we're not dealing with this at the last minute every year. But for now, he is laser focused on THIS year..optimistic this can pass before the festivities begin next week.sen. lester jackson/GA District 212:49 what i want to do is reach a compromise so business owners can be open this year.TAG (Have to keep it vague because the house has another vote today)as you probably remember, governor nathan deal signed last year's bill on a thursday, only one day before the festival began, so it could be close again this year</p>	2:48
3/2/2015 11PM	SEAN POOLER SMOKING ORDINANCE	<p>Curtis Register, Vapor Trails Manager"No second-hand smoke. It's very safe in my opinion."NAT:That opinion is shared by the Georgia Smoke Free Association, who actually encourages the use of personal vaporizers.Vapor Trails Manager Curtis Register is hoping the Pooler City Council makes an exception to the smoke-free ordinance that keeps his business from operating the way they'd like.Curtis Register, Vapor Trails Manager"Being able to try the different products that we provide in order to find one that is tailored towards you, flavor-wise of course, being able to try these flavors is very important."But because of the smoke-free ordinance, smoking is not allowed inside anymore.Curtis Register, Vapor Trails Manager"It's very hard to do that when we have to constantly have them go outside to try something, and come back in and see what they think. It's very tedious."So a group of supporters and fellow vapors, most who have kicked smoking cigarettes and adopted vaping, went to Pooler City Hall tonight in hopes of swaying the council to make the vaping business an exception to the ordinance.Curtis Register, Vapor Trails Manager"I'm anticipating that we're going to have good results, that we're going to get this amended to where we can vape in our own store, and continue to help people quit smoking."...</p>	1:18

3/3/2015	MML	Speak Out editorial	Here we go again. -- Last year when St. Patrick's Day fell on a Monday the state legislature scurried to approve Sunday alcohol sales for bars at the very last minute. -- Now, please realize that alcohol sales are already very much a reality on Sunday in package stores, grocery stores and establishments that claim that more than half of their business is food. -- So you can get the alcohol -- the only question is where. -- Isn't that a little silly? -- And harmful to local watering holes who are locked out of one of the busiest days of the year? -- The 2014 legislation was specific to last year's parade so it doesn't cover this year's event. -- Now we're not lawmakers on the editorial board, but doesn't it make sense to create a blanket law that allows sales of alcohol for all days within the festival? -- What do you think?	0:48

3/10/2015	LIVE AT 5:00	TRACI: BLUFFTON ALCOHOL ORDINANCE	Since the first reading, the staff proposed an amendment to change the deadline for consuming alcohol from 3, back to 2 o'clock in the morning. They say the same time to cut off buying and drinking alcohol will create less confusion for law enforcement and bar and restaurant owners . If council decides to change the ordinance, then they'll have to start all over and there will have to be another first reading. If they decide to keep last call at 2 and the cutoff time for drinking at 3, the new ordinance will become law. That's what local bar owners are hoping for.	0:33

3/10/2015 6 PM	TRACI: BEAUFORT COUNCIL	Beaufort County Council has voted to double the amount the county charges residents each year for their car tags--from 10 dollars, to 20 dollars. That county fee is tacked onto the amount the state charges to register and license your vehicle. Paul Sommerville/Beaufort County Council Chairman: "There were a lot of dirt roads in Beaufort County and a lot of paved roads that are county roads that need to be repaved, and we have to have a source of funding for that. It was just getting to the point where we can't keep up." Paul Sommerville, Beaufort County Council's Chairman, says doubling the fee would create an almost 3 million dollar budget for the county to maintain the roads. One driver tells us, it's not a bad idea. Nacey Pendleton/Beaufort County resident: "I think \$10 isn't too bad. I think for a one time, and if it doesn't go up any higher than that, people probably won't complain. I think it's a good idea. I think you should have the roads in good condition, because they're only going to get worse." Sommerville says the county is responsible for maintaining more than 200 miles of roads; including dozens of miles of dirt roads that need to be paved, and dozens more that are in disrepair. Paul Sommerville/Beaufort County Council Chairman: "If we don't, they're just going to fall to rack and ruin and I don't think any of our citizens want that to happen. Some of our roads need repair right now, and finding the money to do that is a challenge, and this is just a small piece of that puzzle." The council will have two more readings and a public hearing to get your input, before you'll see a change in what you pay for your car tags. Reporting in Beaufort County, Traci Washington, WTOC News....	1:40

3/19/2015 6 PM	CONNY: CITY COUNCIL TAXI ASSOCIATION	Alderman Van Johnson, represents downtown: "I think we have to be very very careful that we don't create a monopoly." Right, now, there are 247 licensed taxis in Savannah. The taxi owners association wants to cap that number at about 175. Mark Adelman, Attorney for taxi owners: "For consumer protection, for public safety and for overall health of the taxi industry in Savannah." Fewer taxis would mean more money for drivers, and taxi owners say, that would bring better service. Sean Brandon, City Management Services: "Drivers would now be able to make 50, 60, 70 thousand dollars a year." But city leaders worry about whether there would be enough taxis to get everyone where they're going. Sean Brandon, City Management Services: "Particularly during festivals. We just had St. Patrick's Day, finding a cab is already challenging and could be more challenging." For the past year, the city has been on a new local ordinance to govern how taxis operate in Savannah. And now, online ride share services are looking to come to town. Sean Brandon, City Management Services: "We have had talks with uber. That is a separate ordinance." Just today, the taxi association got ahold of that proposed ordinance. They didn't like what they read. Mark Adelman, Attorney for taxi owners: "What's the right mix of legislation for the consuming public within Savannah." I asked the city... How soon will that new law be passed to allow Uber and other ride share services in Savannah. Sean Brandon, City Management Services: "Definitely within the year. I just can't give you an exact date."...	1:32

Attorney Peter Giusti was supposed to make 12 hundred dollars a month to handle the case... but some how.. he ended up getting paid 12 thousand a month instead.And payments continue today... Giusti is now at the heart of controversy in the city over a huge pay increase he got as a consultant, apparently without the mayor and city council knowing about it. Giusti had agreed to keep working on a lawsuit over the construction of the Ellis Square parking garage *after* the new city attorney, Brooks Stillwell, took over. But Giusti *didn't* tell the new city attorney that Blackburn increased that city contract ten-fold, from 12 hundred dollars a month to 12 *thousand* dollars a month. Giusti has now been paid a quarter of a million dollars....	0:39

3/28/2015	WEEKEND 6 PM	TRACI: CHATHAM CO GOLF CART ORDINANCE	Anita Adair has been leading the charge to make driving golf carts legal since one of her neighbors was pulled over by law enforcement last fall. That's when she realized it was against the law. Adair says most of the roads in Isle of Hope have speed limits of 25 miles per hour or less, so she doesn't think golf carts will be a safety hazard for drivers. She's confident the neighborhood will garner enough signatures and support to get the ordinance passed....	0:27
