WBTS-CD & WNEU Internship Program. NBCUniversal has developed a robust Campus 2 Careers paid internship program. The Director of Human Resources, Lindsey DeLuca, manages the program locally. The paid internship affords students the opportunity to participate in more than one intern experience. The Station has worked to build an active and healthy internship program to provide students a learning experience while contributing to the work performed at our station. The enhanced program has resulted in students who are well-prepared to become employees at our station upon graduation. During the current Annual Report year 10 interns have participated in the station's internship program. There was one intern who was qualified to interview for an open position and was ultimately hired to fill a full time position this year.

NBCU Owned Television Stations' Associate Programs. The Sales, Marketing and News Associate programs are an opportunity for early career professionals to hone their skills specific to the Broadcast industry. Participants in the program work in a fast-paced local television organization within an NBC Owned Station. Associates undergo an intense week-long orientation filled with workshops, lunches with guest speakers and training. The program lasts an average of twelve to 24 months where it concludes with successful associates accepting full-time Account Executive, Marketing or Producer (news) positions within the Owned Stations group. WBTS-CD & WNEU Boston hosted a Sales Associate for the 2022-2023 calendar year who was a successful candidate for an open Account Executive position in October 2023.

Equal Employment Opportunity Training. All Station employees are required to attend a course designed to prevent harassment and discrimination. Training is offered to ensure 100% participation. Starting in 2006 and offered annually, all hiring managers received coaching on new regulations set by the Office of Federal Contract Compliance Programs (OFCCP) regarding the definition of an internet applicant and the necessary recordkeeping for such applicants.

Internal Skills Enhancement Programs. Employees of the Station are provided with training and development opportunities designed to enhance their ability to assume positions of greater responsibility. Various programs are provided via external vendors and internal NBCU sponsored programs. During this last reporting period, Station employees participated in the following development courses: START Leading, INNOVATE & STREAM; these leadership development courses are facilitated by NBCU's training team – The Talent Lab. In 2023, The Talent Lab offered inaugural two CORE labs designed for individual contributors focusing on people skills and business expertise. The people-focused session aims to help talent own their growth & development and identify ways to make meaningful impact in their careers. Additionally, the business-focused content aims to grow business acumen and deepen understanding of the changing media and technology landscape.
