Dear Sir:

As required by law this is to inform Comcast Cable of WJGV-CD's cable carriage consent. This letter is to inform Comcast that WJGV-CD wishes exercise its "must carry" rights and to continue with its existing status on Comcast's Cable systems in Putnam County, Florida. Although WJGV-CD is not changing its election or any aspect of its carriage, it is sending this letter out of an abundance of caution.

Under our current Retransmission Agreement for the Comcast Cable Palatka Headend, WJGV-CD occupies cable channel 229, but under the Must-Carry Requirement WJGV-CD occupies cable channel 22 in Crescent City, Florida and cable channel 3 in Welaka, Florida. As stated, WJGV-CD grants Must-Carry consent on the Crescent City and Welaka, Florida head end in Putnam County, Florida. The existing Retransmission Agreement is ongoing for the Palatka Comcast Cable 229 channel and needs no action.

WJGV-CD appreciates the continued good relationship with Comcast and hopes Comcast will continue the good work here in Putnam County, Florida.

In accordance with the FCC's requirements, below is the carriage election notification point of contact for WJGV-CD:
