Title: Update News
Program No. 062419
Air Date: 7-3-19
Air Time: 10-10:30PM

**Education
Broadcast/Print Media**

Summary/Notes:

A short package from Dennis Prager with Prager U educates and highlights our country's history and values. Today is the anniversary of Gettysburg and we are reminded of how thousands of men died in the quest to free the slaves. One such story is that of William Harvey Carney who was born a slave but fought in the American Civil War and was awarded the Medal of Honor in 1900 for his role in the Battle of Fort Wagner. In other news, Joy Pullman, the Federalist executive editor, admonished the National Council of Teachers of English (NCTE) of the left-leaning common-core curriculum as it has stated that educators are now downgraded due to politicization and there is no longer a need for proper pronoun and gender association.

Title: The Isaiah Project
Program No. 48 - Dr. Alveda King (Pt 3)
Air Date: 7-10-19
Air Time: 1-1:30PM

**Education
Personal Growth**

Summary/Notes:

Dr. Alveda King shares her upbringing as the daughter of a civil rights activist and niece of Martin Luther King Jr. A key principle to peace and unity is that when you pray; forgive. There are 6 stages to non-violent reconciliation. First, you must gather your information in a non-biased way and secondly educate the public with facts. The third step involves self-examination while the fourth step brings us to the negotiating table. Fifth is where you non-violently demonstrate and then you come back for the reconciliation. It has to be about the message and not the method. (Hosts: Dr ML Johnson & Lonnie Poindexter.)

Title: House Call
Program No. 372 - Homeopathic Medicine (Pt 4)
Air Date: 7-16-19
Air Time: 1-1:30PM

Health Care

Summary/Notes:

This is the conclusion of the series on homeopathic remedies. Specific remedies have now been proven as the only way for many toxins to be removed from the body as well as allowing proper healing of the body to begin. Many breakthroughs are coming from Europe, especially Germany, as pharmaceutical companies don't have a stranglehold on education like they do in Western civilization. Homeopathy is proven effective in stopping and eliminating a wide variety of infectious diseases at a fraction of the costs. This is why pharmaceutical companies are lobbying against any and all homeopathic treatments so fervently.

Title: Faith for Families
Program No. 428 What in the World is Going On
Air Date: 7-29-19
Air Time: 6-6:30PM

Family Issues
Personal Growth

Summary/Notes:

According to the Word of God, we are seeing evidence of Christ's imminent return. We can show these indications to our children as God has given us the wisdom to see the signs. The Bible tells us in Jude that in the last days there will be a multitude of scoffers and complainers. 2Timothy 3:1-3 says, "You must understand that in the last days there will come times of much trouble. People will love themselves and money. They will have pride and tell of all the things they have done. They will speak against God. Children and young people will not obey their parents. People will not be thankful, and they will not be holy." Matthew 24 gives us further evidence as two kingdoms are at war and as such there will be great suffering and a great outpouring of God's spirit and God gave us great grace in the great run in the last days.

Title: Consumed by the Call
Program No. 2016-013
Air Date: 8-8-19
Air Time: 4:30-5PM

Teen Issues
Personal Growth

Summary/Notes:

We live in a me-centered world. God is here, wanting to take care of us and put us back together, but that is different than us being consumed by ourselves. We are called to have a different value system; a He-centered instead of a me-centered perspective. You can have all the toys and all the stuff and still be empty, but when you lay it all down, then you're full. God will bless us so we can be blessings to others. What if we let God take care of us and we start caring about other people?

Title: Foundations of Freedom (Wallbuilders)
Program No. 18 – A Republic That Stands
Air Date: 8-14-19
Air Time: 10:30-11PM

National/World Government
Education

Summary/Notes:

America has had one form of government since 1789; our Constitution. In the same time period France has had 16 constitutions since 1791, Haiti 23 since 1801, Venezuela 25 since 1811, Brazil 7 since 1822, Ecuador 20 since 1830 and Russia 4 since 1918 are among a long list of countries. There is a common thread that constitutions work, but not all governments work. Under Communism and Totalitarianism, it is self-evident that these forms of government do not work based on nothing more than the millions of lives that are/were lost under these regimes. Under our Constitutional Republic, we are most in line with the word of God. Under a weak Republic, the source of power is the elected officials, while under a strong Republic the source of power is the written law and the officials who recognize that.

Personal Growth

Summary/Notes:

Lonnie Poindexter and Amy Cooper host Ronson Hall, pastor of True Life Christian Fellowship in San Antonio, TX. When people are looking for hope and genuineness, the institutional church will try things that tend to seem like they work in the world. The truth is that the most effective people for the Kingdom are those who are experiencing life's setbacks, not just witnessing them. Don't be dismayed if you've been in a bad place for a long time because it's quite possible that God is not through with you, even though it looks real bad. God will let you go through something for 15 to 20 years that will bless someone in 15 to 20 minutes.

Air Date: 8-23-19

Air Time: 4-4:30PM

Children's Issues

Summary/Notes:

It is important to grow and it's important to work. While at Richland School, we meet Miss Missy who has been named Ag Educator of the Year by the USDA while they are having a school-wide day of planting. Almost everything we eat, and wear is because of our growing agriculture. We learn more about planting and gardening from Miss Ann with the Country Homes Garden Club. Farmers and ranchers provide good, safe and health foods that we eat and clothes we wear.

Program No. 127 - Introducing Mottel Baleston
Air Date: 9-4-19
Air Time: 10:00-11AM

Personal Growth

Summary/Notes:

Christ always has His eyes on Israel, but in the last days He will focus more on the Gentiles. All nations have their religion or focus on worship, but if we are in Christ, the focus of our worship changes. If Christ is the foundation of our worship, the secondary culture will be superseded by the true worship of Jesus Christ. There are too many congregations that are coming up with theological arguments to validate their sinfulness. Personal preferences cannot be used to create personal convictions. Christ allows us to seek righteousness in a way that binds us together.

Summary/Notes:

Julia Vickery, the Student Development and SIP Coordinator for Midland College, is the guest. One of the best resources available is the philanthropic Legacy Scholarship. Through the program, it provides monies toward college and pays for almost 12 hours per semester. There are GPA guidelines to meet, but 40 hours of community service are required as well. This allows students to get involved in the community through over 80 different organizations that are recognized through the program. Any and all students who meet the requirements can receive this scholarship which not benefits the student and their families, but also Midland and the surrounding communities.

Air Date: 9-10-19
Air Time: 11:30P-12A

Personal Growth

Summary/Notes:

The story of David and Goliath is more than just a children's Sunday School lesson. It is a blueprint of how to be prepared against adversity. Paul tells us in the gospel that we must be prepared or else we will fall; defeated at the hands of Satan. The gospel is the only solution to man's problems. When you remove God out of the difficulties, you're removing the only answer to the equation. There is a refining fire that happens in our lives and we become purified through it.

Title: Hope Today
Program No. 42 - Foundations of the Faith (Pt 4)
Air Date: 9-16-19
Air Time: 6:30-7PM

Personal Growth

Summary/Notes:

Nate Buckingham joins host Greg Aery. The Word of God is vital to the health, wellness and sanctity of the church. The fear of losing people, upsetting them or being different from the mainstream is why the bible is getting taken out of context with many pastors. People are having a difficult time trusting God in every aspect of their lives which brings about hopelessness, no peace, worry and hurt. This is because we have become too self-reliant and not focused on God's provision. We must differentiate between humanitarian aid and the provisions God commands us to provide.
