Program No. 388 (Fungal & Yeast Infection - Part 4)  
Air Date: 10-9-19  
Air Time: 6-6:30PM

**Health Care**

Summary/Notes:

Alternative medicine is experiencing a tremendous growth in the United States. Homeopathy, herbal and Chinese medicines are just a few on a growing list. The single biggest fungal issue right now is a result of antibiotics because they are literally made from mold. A daily dose of probiotics is needed to combat the side effects of taking antibiotics. Oral contraceptives and steroid use are among major problems linked to fungal infestation, as well as carbohydrates and refined sugar. Being more mindful of our intake and lifestyle choices is critical in identifying possible infections.

Program No. 6 - Remarkable Young Americans  
Air Date: 10-13-19  
Air Time: 11-11:30PM

### **Education / History**

#### Summary/Notes:

The idea of adolescence is a modern concept; whereas, in early America, youth were trained for adulthood, to be a functional and productive individual from birth. Pony Express riders ranged from 12-18 years old, while many in our military ranks were under the age of 15...some of them in leadership positions. It was not uncommon for 13-year-olds to attend Ivy League colleges. Before education became "dictated", young people were taught how to think critically and solve problems. Today's public education fails to put expectations on kids.

Program No. 121910  
Air Date: 10-24-19  
Air Time: 2-4:00PM

#### **Education / Personal Growth**

##### **Summary/Notes:**

Dr. William McDonald PhD, professor at ORU, is the guest. By going back to the original Hebrew of the Old Testament, we learn that the word for “people” or “church” also translates to “witness” or “testimony”. As we keep the statutes of the Lord in our hearts, the statutes of God’s Word will preserve us to be a witness. It is imperative to understand that the enemy has infiltrated the Bible through bad translations and polluted the very text we are to believe in. But God has been diligent in training up individuals to go back and unwrap the true text. We go too far when we make assumptions to what the Word of God really says.

Title: Words of Jesus  
Program No. 19023  
Air Date: 10-30-19  
Air Time: 10:30-11AM

#### **Personal Growth**

##### **Summary/Notes:**

No matter what translation of the Bible we are using, we must remember that the Word of God is pure. God will speak intimately and directly to us. Scripture is a gift to modern man as we fully experience Christ and His teachings. As Nicodemus came directly to Christ about being born again, Christ makes it clear that He is talking about a spiritual birth. If the law had the ability to grant us life in the Kingdom of God, then what was Jesus doing here? Hosted by Don Harris of Think Red Ink.

#### **Summary/Notes:**

Amy Cooper and Lonnie Poindexter host author & teacher Neil Mammen. As a Christian apologist, Neil explains that the defense of the Gospel is crucial. For instance, if evolution is true, creationists and atheists are in trouble. Our nation is not a democracy, which in effect is simply mob rule, but a Republic governed by the US Constitution. Our rights as a nation will continue to erode as Socialists gain power.

Title: The Shepherd's Heart  
Program No. 138 (Part 1) Jewish Traditions are not Legalistic  
Air Date: 11-20-19  
Air Time: 11-11:30AM

### **Personal Growth**

#### **Summary/Notes:**

The idea that you cannot continue to be Jewish and follow Christ is foolishness. Furthermore, the idea that somehow being Jewish is something that is being rejected by God seemingly must be based in anti-Semitism. Traditionalists are contending that anything based in tradition is now ancient and dead, however traditions have nothing to do with that. We come together traditionally, not for its own sake, but to remember a liberty or happening that we don't want to forget. Traditions don't make you a legalist and they shouldn't be a conflict to those who misinterpret the word of God. Co-hosted by Steve Shermet, Mottel Baleston and Humberto Porras.

Back at the lab, Paula asks Pop to borrow the camera and then takes it, but Billy gets upset and takes it back. Dr. Wonder explains to Billy that they must share and suggests that Billy could help Paula. Billy learns to share by apologizing to Paula and helping her with her experiment.

Air Date: 11-28-19  
Air Time: 9:00 - 10:00PM

#### **Education / Money/Finance / National Government**

##### **Summary/Notes:**

Politics and economics: these two topics often seem convoluted and difficult to understand. But Former Congressman Bob McEwen cuts through the murkiness in Politics: Easy as PIE. Using simple illustrations and examples, he turns a complex process into an easy-to-understand recipe for freedom and national prosperity. Demonstrating the truth of phrases like "The greater the freedom, the greater the wealth" and "the greater the government, the greater the poverty," Bob explains what limited government really looks like and provides the simple tools necessary for us to effect the needed change.

Title: Foundations of Freedom  
Program No. 17 – Great American Myths  
Air Date: 12-12-19  
Air Time: 6-6:30PM

### **Education / History / National Government**

#### **Summary/Notes:**

The AP (American Pageant) History Course states that wartime experiences, such as the internment of Japanese - Americans, challenges to civil liberties, debates over race and segregation, and the decision to drop the bomb, all raise questions about American values. This is just one example of why millennials are being taught that the US and the Constitution are inherently negative. It's also being taught that the US is wicked because of all the racists, bigots and slave owners involved in framing our Constitution, when in fact Benjamin Franklin and others founded abolitionists groups and organizations opposing slavery. Another factor debasing actual American values are the fallacies taught regarding the Salem Witch Trials. In Europe over 500,000 people were put to death because of the witch trials; however, during the same time period -- a period of less than two years -- only 27 people were put to death in America, and the trials in America were halted because of biblical principles and church intervention. Freedom and due process have been a cornerstone of our Republic from the beginning.
