One of these projects is a campaign to increase African-American participation in the
pro-life movement. One part of this effort is a stunning documentary film called,

listeners.

CHURCH ISSUES

CROSSTALK

10/21/201 55 MIN Jim Schneider and Mike Gendron
M-F 2:00PM, Mike Gendron is with "Proclaiming The Gospel" and was a former Roman Catholic for
REPEAT 8:00PM over 37 years, before he got saved, and he encouraged people to remember the
Reformation and all that took place at that time in history. It was on October 31, of
1517 that Martin Luther nailed his 95 theses to Wittenberg's "All Saints Church" door,
which is the event that many consider to be the beginning of the Reformation.

WORLDVIEW WEEKEND RADIO

10/22/201 55 MIN Brannon Howse
M-F 1:00PM Brannon talked about the article on the official Roman Catholic Church website in
which the Pope calls the Church of Rome a woman or a mother. Brannon then
postulated the idea that the Church of Rome is the woman riding on the Beast and
located on the seven hills on which Rome sits. Many of the early Reformers believed
the Pope would be the Antichrist and the Roman Catholic Church the woman or
Mother of Harlots which sits on the seven hills. Brannon also quoted from the article
written by Jesse Johnson that the Pope may just be the Antichrist.

KVCS

WORLDVIEW WEEKEND RADIO

10/30/201 55 MIN Brannon Howse

M-F 1:00PM

Brannon discussed the ministry of Steven Furtick, Pastor of "Elevation Church" in Charlotte, North Carolina. He pastors a mega-church and makes a lot of money and lives in a very large home. His salary and finances seem to have almost no accountability with any of the elders of the church. Even the secular news has gotten on this lack of financial accountability. Brannon also talked about a conference that "Moody Bible Institute" is sponsoring with speakers such as Leith Anderson, President of the "National Association of Evangelicals," who is a proponent of social justice. Another speaker is Wes Stafford who is also a proponent of social justice, immigration reform, global warming, and other social reform issues. Has Moody bought into the whole social justice program?

WORLDVIEW WEEKEND MINUTE

11/12/201 1 MIN Brannon Howse

M-F 2:45PM,

REPEAT 8:45PM

Brannon discussed an article on how many churches are trying to combine Bibles and booze. The article even called it "Church In A Pub." Churches are giving away shot glasses with the church name on them and offering beer to visitors to try to get people to come in. He then talked about how some youth groups are driving teens away from the faith. 36% of people polled by the George Barna Group said they believe youth groups are unbiblical. Many youth groups do not give the teens anything spiritual, but just exist for fun. They also splinter the family unit too much.

FAITH AND FREEDOM

12/4/2013 15 MIN Mat Staver

M-F 3:00PM

Mat Staver and Matt Barber talk about the exciting expansion of Liberty Counsel this year in many different ways to help people get involved in their communities

WORLDVIEW WEEKEND RADIO

12/5/2013 55 MIN Brannon Howse

M-F 1:00PM

Brannon talked about the recent interview that Mark Driscoll did on Glenn Beck's show. They talked about how Christianity will be lost if it continues to lose male leadership and lose the inner city. All many young men want to do today is sit around on the couch, watch porn, and play video games. Mark Driscoll is the pastor who has been called the "cussing" pastor, claims to have pornographic visions of people he counsels having been sexually abused, and he constantly wears a Mickey Mouse tee-shirt. Glenn Beck is a New Age Mormon. Mark Driscoll is one of the main contributors to the immaturity of young men. How can these two be taken seriously as having any answers to Christianity's problems. The churches will not be lost. Jesus Christ said He would establish His church, and the gates of Hell would not prevail against it.

FAITH AND FREEDOM

12/16/201 15 MIN Mat Staver

M-F 3:00PM

Guest Erick Stakelbeck, an expert on Islam, discusses the dangers of the Muslim Brotherhood and how it popularized martyrdom and then gave birth to Al Qaida. Hear Mat Staver, Founder and Chairman of Liberty Counsel, interview Erick Stakelbeck on how it is uniting 79 countries as Hitler's heirs in the hatred of Jews.

FAITH AND FREEDOM

12/20/201 15 MIN Mat Staver

PHYLLIS SCHLAFLY REPORT

10/2/2013 3 MIN Phyllis Schlafly
M-F 6:11AM, Most Conservatives know it would be dangerous to call a national Constitutional
REPEAT 5:15PM Convention. Mrs. Schlafly reminds you that an "Article V Convention" would also open the door to dangerous revisions of our Constitution.

PHYLLIS SCHLAFLY REPORT

10/3/2013 3 MIN Phyllis Schlafly
M-F 6:11AM, Mrs. Schlafly explains why calling an "Article V Convention" would lead to
REPEAT 5:15PM unpredictable and dangerous new politics for America. For specifics, join her.

PHYLLIS SCHLAFLY REPORT

11/12/201 3 MIN Phyllis Schlafly
M-F 6:11AM, Be warned! The U.S. Constitution does not need to be rewritten. Mrs. Schlafly

PHYLLIS SCHLAFLY REPORT

11/13/201 3 MIN Phyllis Schlafly

REPEAT 5:15PM Convention? Mrs. Schlafly shares some insight from a former Supreme Court Chief Justice and constitutional authority.

FAITH AND FREEDOM

11/20/201 15 MIN Mat Staver
M-F 3:00PM Hear why America is considered exceptional compared to other countries and how this springs out of the Biblical worldview of our Founding Fathers. Our nation's laws recognize the unchangeable rights that come from God and should be protected by our government. Special guest David Barton, Founder and President of Wall Builders, joins Mat Staver, Founder and Chairman of Liberty Counsel, in an exclusive interview discussing how and why America is different.

CULTS, THE NEW AGE & THE NEW WORLD ORDER

KVCS

REVEALING THE TRUTH ABOUT ISLAM

10/1/2013 25 MIN Usama Dakdok and Jay

M-F 12:30PM

Sept.

Usama continued his study of the DVD, "Islam: An American Faith." He was joined by Jay to discuss what the narrator was saying about the sub-cult of Islam, "The Nation of Islam" made famous by Malcolm X, with his black Muslims. Mohammed, himself, hated blacks and would never have wanted to be black, but now Muslims see the black community as a help to conquer America. This sub-cult of Islam tried to segment the American population and drummed up hate of all whites. Christianity says there is neither Jew nor Greek, slave or free, black or white in Christ. Malcolm X, himself, was killed by the Nation of Islam, because he eventually rejected the teachings of his teacher Elijah Mohammed.

REVEALING THE TRUTH ABOUT ISLAM

10/2/2013 25 MIN Usama Dakdok and Jay

M-F 12:30PM

Sept.

Usama and Jay continued their study of the DVD, "Discover Islam and Islam: An American Faith." They continued their discussion of the "Nation of Islam" with the black Muslim movement. These blacks are taught that all whites are devils. They also mentioned that at the end of the Civil War when the slaves were freed, it was Democrats who were forming the KKK and other groups that were against all who did not fit their image. It was the Republicans who fought for the right for blacks to vote, to hold political office, and other freedoms for the freed slaves. The early Muslims actually believed in many gods.

REVEALING THE TRUTH ABOUT ISLAM

10/3/2013 25 MIN Usama Dakdok and Jay

M-F 12:30PM

Sept.

Usama and Jay continued their study of the DVD, "Discover Islam and Islam: An American Faith." They continued to talk about how the "Nation Of Islam" or the black Muslim movement fueled the racial tensions in America during the 1950's and 60's. The Muslims of the Middle East used the black Muslims here in America to try to accomplish their goals of the takeover of America.

REVEALING THE TRUTH ABOUT ISLAM

10/4/2013 25 MIN Usama Dakdok

M-F 12:30PM

Sept.

Usama continued his study of the DVD "Discover Islam and Islam: An American Faith." Today he talked about how the narrator of the DVD said that Black Americans had been searching for their Muslim roots since their ancestors had been brought here as slaves and had forgotten their Muslim roots. The Black Muslim movement or "Nation of Islam" was supposed to be a movement for blacks to get back to their Muslim roots. This is a lie, because only a very small percentage, about 5%, of the slaves brought to America from Africa were Muslims. African Americans are not Muslims. The premise for the "Nation of Islam" and Black Muslims is a false premise.

REVEALING THE TRUTH ABOUT ISLAM

10/7/2013 25 MIN Usama Dakdok

M-F 12:30PM

Sept.

Usama continued his study of the DVD "Discover Islam and Islam: An American Faith." He continued his discussion of the Black Muslim movement or the "Nation of Islam." This movement does not believe in hardly any of the teachings of traditional Islam. Allah is not looked at as the god of Islam, nor Mohammed its prophet. The "Nation of Islam" is simply an attempt to unite blacks against whites. Elijah Mohammed is their prophet, not Mohammed. It is a sub-cult within the cult of Islam.

REVEALING THE TRUTH ABOUT ISLAM

10/8/2013 25 MIN Usama Dakdok

M-F 12:30PM

Sept.

Usama continued his study of the DVD "Discover Islam and Islam An American Faith." Today he talked about how the narrator tries to convince Americans of the diversity of Muslims here in America. They tell us Muslims come from every country in the world. This is a lie. All of the Muslims here in America are from the Middle East area of the world.

KVCS

REVEALING THE TRUTH ABOUT ISLAM

10/9/2013 25 MIN Usama Dakdok

M-F 12:30PM

Sept.

Usama continued his study of the DVD "Discover Islam and Islam: An American Faith." Today he continued to talk about the propaganda put out by the narrator when he says that Muslims came to America because of the ideals of America. They surely cannot be talking about the freedoms we have here in America, because real Muslims in other parts of the world have been seen on TV holding signs that say "Freedom, Go To Hell" and "America, Go To Hell." The kind of Islam the narrator on the DVD is promoting is not the true Islam that is practiced throughout the Muslim world.

WORLDVIEW WEEKEND MINUTE

10/9/2013 1 MIN Brannon Howse and Mike Gendron

M-F 2:45PM,

REPEAT 8:45PM

Mike Gendron is with "ProclaimingTheGospel.org" and is a former Roman Catholic for over 30 years, and he discussed how the new Pope, Pope Francis, is rewriting the "Vatican Constitution." The Vatican and some of the Cardinals are having to apologize for and reinterpret some of the things the Pope has been saying that is contrary to Roman Catholic doctrine. Brannon also played an audio clip of Cardinal Timothy Dolan correcting, interpreting, and apologizing for the Pope's statements. The Pope has said that it is not his place to judge homosexuals if they want to seek the LORD. He also said he would not judge homosexual priests. They want to say that homosexual acts are sin, but being a homosexual is not sin.

REVEALING THE TRUTH ABOUT ISLAM

10/10/201 25 MIN Usama Dakdok

M-F 12:30PM

Sept.

Usama continued his study of the DVD "Discover Islam and Islam: An American Faith." Today he talked about how the Muslims in America are even willing to pay the ultimate sacrifice by serving in the American military. However, if Muslims serving in the American military are ever fighting against a Muslim country, they are likely to turn on their American comrades and start killing them rather than killing other Muslims. This has already happened in some instances. The narrator on the DVD keeps talking about American Muslims. There is no such thing. You are either an American or a Muslim. You cannot be an American Muslim. They continue to try to convince Americans on the DVD that Muslims are a people living in peace and harmony, brotherhood and unity with their beliefs. Again, this is not what the Koran teaches at all. They are only peaceful at this time, because they do not have the upper hand. Once they have the upper hand, they will do what the Koran commands which is kill all unbelievers, force them to convert to Islam, or force them to pay a tax to stay alive.

REVEALING THE TRUTH ABOUT ISLAM

10/11/201 25 MIN Usama Dakdok

M-F 12:30PM

Sept.

Usama began a new study of the definition of slavery according to the Judeo-Christian perspective and according to the Islamic perspective. He began to talk about slavery in his last study about "Islam: An American Faith," but now he wants to look into this topic in more detail. There was definitely the practice of slavery over a hundred years ago in America, but did any Christians own slaves? The Bible seems to condemn all owners of slaves--Christian or non-Christian. However, Christians have owned slaves, just like Christians have gotten drunk or stolen something or committed some other sin over the last two thousand years. Many people think the Bible allows slavery, but it clearly teaches that slavery is wrong.

KVCS

REVEALING THE TRUTH ABOUT ISLAM

10/14/201 25 MIN Usama Dakdok

M-F 12:30PM

Sept.

Usama continued his new study of "Slavery: How It Is Defined From The Judeo-Christian Perspective And The Muslim Perspective." He talked about a passage in Leviticus that Muslims use to support a belief that God commanded the Israelites to take the people of the Land of Canaan as slaves. However, God does not command the people to make slaves of the Canaanites, but since He knows the future, He is simply telling Moses what will happen in the future when the Israelites conquer the Land they will make slaves of some of the Canaanites such as the Gibeonites. In fact, God told the Israelites to destroy all of the people of the Land, because if they spared them and made them slaves, they would eventually turn the Israelites' hearts away from Jehovah Elohim, which they did.

REVEALING THE TRUTH ABOUT ISLAM

10/15/201 25 MIN Usama Dakdok

M-F 12:30PM

Sept.

Usama continued his discussion of the definition of slavery from the Judeo-Christian perspective and from the Muslim perspective. Today he talked about the defeat of the city of Jericho and how all the loot of the city was cursed and could not be taken by the Israelites as spoils of war. He also talked about the defeat of the Israelites by the inhabitants of Ai, due to the sin of Achan in taking some of the spoils of Jericho. Once they had taken care of Achan's sin, the Israelites took the city of Ai. However, in Joshua Chapter 9, the Gibeonites decided to trick the Israelites into making a treaty with them, making them think they were come from a very distant land. Joshua and the people did not seek God's will in this, so the Israelites made a treaty with them. After three days the Israelites found out they had been deceived. The Gibeonites, their children, and grandchildren were made servants to the Israelites for their deception. They were not personal slaves for anyone, but servants in the House of the LORD.

CROSSTALK

10/16/201 55 MIN Vic Eliason

M-F 2:00PM,

REPEAT 8:00PM

Vic talked about the dangers of local churches getting involved in spirits and Halloween, with the excuse of trying to win youth to Christ. Vic told how he was once into the haunted house youth activities and how he was in error concerning these things. He believes Christians have no business being involved in a day dedicated to Satan and his worship.

PHYLLIS SCHLAFLY REPORT

10/16/201 3 MIN Phyllis Schlafly

M-F 6:11AM,

REPEAT 5:15PM

Most United Nations treaties by definition reduce U.S. sovereignty. Mrs. Schlafly explains why foreign treaties should not apply in most legal matters within the U.S. borders.

REVEALING THE TRUTH ABOUT ISLAM

10/16/201 25 MIN Usama Dakdok

He talked about how Leviticus teaches that the Israelites could not sell the land, because it belonged to God. A Jew could rent himself to another Jew to help pay off his debts, but he was not to be a slave. He also talked about the Sabbath Years and the Year of Jubilee that were given to allow Jews, who had sold themselves into servitude to work off their debts, to be set free. These were times when all slaves or indentured servants were set free. He also talked about the Kinsman Redeemer who could redeem one of his kin who had sold himself into servitude to pay his bills.

M-F 12:30PM Usama began a new study of "Slavery From The New Testament Perspective." The
Sept. Bible does not condone slavery, in fact, in the Old Testament anyone found guilty of
slavery was to be put to death. The only exception to this was the Gibeonites,
because they were people of the land who were deceptive to the Israelites. When
Paul was writing to Timothy, he said men stealers (slave owners) were sinners and
would be condemned to Hell unless they repented and turned to Christ. Neither the
Old Testament nor the New Testament condone slavery. The Koran does not teach
anything similar to this, but just the opposite. The Koran teaches three classes of
people: the very wealthy, slaves, and lastly women. Paul says in Romans that
whosoever you yield yourselves to, its servant you will be, whether unto sin to
destruction or unto Christ to life everlasting.

Those of us who are believers are observed with great scrutiny because the world knows that we are to be hard workers, because we work as unto the LORD, not just for a paycheck. Today he talked about how Paul said in the Epistle to the Ephesians how servants were to serve their masters with singleness of heart, not just for eye service, but as unto the LORD. Paul nor the Bible condones slavery, but those who were servants were to serve as unto Christ, not just to please their masters. Servants were to reverence those who were over them. For this was pleasing to their masters and to Christ. Masters were to remember that their Master was in Heaven, and they were not to threaten their servants. Both masters and servants were equally servants to Christ. Muslims try to use Luke 12:35-48 and other passages to condone having slaves and having the freedom to "beat" them. These servants are servants of Christ who knew His will, but refused to do it. They will be punished for their disobedience. This is a parable, not a real life illustration.

Today he talked about the bloodthirstiness of Mohammed and the use by Muslims of the words, "Allahu Akbar," which means Allah is greater. When Mohammed's uncle was killed, Mohammed said he would kill 70 men of that city to avenge his uncle's death. He and his followers actually beheaded over 700 of the men who were old enough to grow a beard, and then they had the women pass by the corpses. Then Mohammed's men had their way sexually with the women who were left, making the city no longer a Jewish or Christian city, but a Muslim city through the children who were born from this incident who were then raised Muslim.

Muslims can stand up in a court and swear allegiance to America and be totally lying. Allah will forgive them if they are doing it to further Islam. It is even acceptable to deny your faith if it is to further Islam. It is permissible to lie in three cases: 1) to a man's wife to make her happy; 2) at a time of war, because war is deceptive; 3) to your friends if it helps them. He also reviewed some of the other gross sins Mohammed committed in his derelict life. He lived 23 years claiming to be a prophet, but his life did not demonstrate the godly life of a prophet of God.

Muslims in the DVD try to convince Americans that it means "peace," but Islam clearly means "submission." They try to convince us that it is similar to the Jewish word "shalom" which does mean peace. The whole idea is that if you "surrender or submit" to Islam, then you can have peace with god or Allah, otherwise you are an infidel worthy only of death. Muslims are now killing other Muslims around the world for leaving the religion of Islam. In 1944 John Maynard Keynes postulated the coming global currency to be named "Bancor." In 1988 an article in "The Economist" was written that suggested the coming world currency would be the "Phoenix," which the author says would come about in around 2018. The accompanying picture in the article is that of a Phoenix rising out of a pile of burning American dollars. This would all be controlled by the World Central Bank or the "Bank For International Settlements" in Basel, Switzerland. For this all to happen, the American dollar has to be destroyed, leaving the way for the global currency (Phoenix) to rise out of its ashes to the forefront. A globalist economic article in 2010 predicted a global currency possibly by 2018. The globalists feel they are on target to implement this global currency by 2018.

REPEAT 8:45PM deals with tracking students' data or the UN or globalists' education plan that had
different names at different times and under different Presidents. It was once called
"Outcome Based Education," but because it became so disliked by parents, the name
was changed, but the methods and goals never changed. Under the first President
Bush it was "America 2000." Under President Clinton it was "Goals 2000." Under the
second Bush it was called "No Child Left Behind." Under President Obama it is called
"Race To The Top." All of these are basically the same global educational program.
They are all total failures as far as teaching the basics "R's" of education, but they do
cause the students to become global citizens. In the future only a few will be allowed
to go to college. Others will be tracked in vocational tracks according to how they do
on the globalist standardized tests, much like what Germany and other European
countries have been doing for years. Once you are in a certain track, you cannot move
to another. Your child will be stuck in that track throughout their whole school career,

10/1/2013 55 MIN Jim Schneider and Rick Manning
M-F 2:00PM, Rick Manning is the Vice-President of Communication and Public Policy with
REPEAT 8:00PM "Americans For Limited Government," and he discussed the stalemate that is going on in Washington with the impending shut down of the government, the debate on Obamacare, and the fast-approaching debt limit ceiling debate. The House has four times passed a Continuing Resolution saying they will allow the government to be funded, but to wait for one year to implement Obamacare to work out all the "bugs" so this does not turn out to be a total catastrophe for the American public, but each time the President and Harry Reid have rejected these proposals, and have in affect, shut down the government.

CROSSTALK

10/10/201 55 MIN Vic Eliason
M-F 2:00PM, Vic discussed the governmental shut down impasse continuing between Congress
REPEAT 8:00PM and the Obama Administration. He gave several examples of how the administration is trying to make this stalemate as miserable as possible for the American people, from the arrest of several at the memorials in Washington D.C. to upsetting of vacations at national parks such as "Old Faithful" to prohibiting paying respects at American war memorial cemeteries in France. A National Park Ranger in Washington D.C. has said he was told they were to make people as miserable as they possibly could during the government shut down. He said it was a cheap way for the administration to try to get its way. A jogger was even arrested for running at Valley Forge National Park during the government shut down. Texas Democratic Congresswoman Eleanor Holmes Norton had a discussion with President Obama, pressing the President to support the proposed House Continuing Resolution Bill, but he refused, saying they should push to pass a bill to fund the whole government, not just favored parts. An "EU Times" article has stated that there is coming a drastic change in the makeup of the United States in the next several days, because the President has declared that some of the American states are in a state of insurrection, and he will thus invoke the "National Defense Authorization Act" by Executive Order or declare martial law. Eleanor Holmes Norton, a Democratic Representative from Texas actually used the terms "martial law," describing the current stalemate and its possible outcome.

privately contracted companies or off duty police officers obtaining data but
pretending to be local law enforcement. Transportation Departments are considering
requiring devices (black boxes) installed in cars that will tell your speed, direction,
your location, and possibly how many people are in your car ("here I am technology").
This decision may be made before December 31st. The government seems to have a
"kill switch" that in cases of emergencies, can interrupt the Internet and any other
social media outlets. The government also has the capabilities to take over all media
outlets and channels, both radio and TV, in cases of national emergency. Police
patrol cars have the ability to shoot a small object at a car that places a device on the
car that allows the police to track that car in cases of stolen autos. There are also

sulfur that is used in the manufacture of gun powder for ammunition.

M-F 1:00PM Dr. Peter Breggin is a psychiatrist and author, and he discussed the dangers of all of the psychotropic drugs that are prescribed today. Many pastors no longer counsel from the Bible, but send their members to a local psychiatrist to try to meet the needs of their soul rather than using God's Word to meet the deepest spiritual needs of people. Psychiatrists and psychologists throw psychotropic drugs at all sorts of social disorders such as shyness, anxiety, fear, depression, hyperactivity, and many other social disorders. All of the recent mass murderers that have been studied were taking prescription psychotropic drugs for various disorders. These are very powerful drugs that can cause someone who does not have suicidal tendencies to have thoughts of violence and murder and those who struggle with suicidal or murderous tendencies to go over the edge.

There seems to be a change in direction of the Roman Catholic Church with the homosexual agenda being more tolerant of the homosexual lifestyle. Some are saying that since the Book of Revelation in its description of the Harlot Church being Rome and the Antichrist is said to not care for women may be a reference to his homosexuality which is becoming a more and more acceptable lifestyle worldwide. Then Brannon talked about a theological issue of whether Jesus became a sinner on the cross. Many in the Word of Faith Movement believe Christ became a sinner on the cross and took on the nature of Satan. The Bible teaches Christ did not become a sinner, but was treated as sin to pay for our sins. He never had a sin nature like all other men. The Bible says, "He knew no sin."

a great nation. We seem to be in free fall. All eyes are on the Gubernatorial election in
Virginia between a clear conservative candidate and an Obama hand-picked liberal
candidate. Much deception is being used in this election. The U.S. Supreme Court will
be hearing arguments tomorrow on the constitutionality of opening prayer before
council meetings at various levels of government. There is a celebration of Diwali or
the Festival of Lights going on at the White House today to honor the Hindu goddess
of wealth and prosperity. The United Nations' CRPD is being brought up before
Congress again for discussion and a possible vote on the rights of people with
disabilities. Congress is also considering ENDA that will impact all employers,
housing regulations, and employment practices which can no longer be discriminated
against on the basis of sexual orientation or gender identity. It already has 65 co-
sponsors in the Senate. The House will have the opportunity to kill the ENDA Bill. A
couple is suing the state of New Jersey and Governor Chris Christie because of the
bill in that state that forbids change therapy to help children who are struggling with
gender identity. The American Psychiatric Association has changed how it classifies
pedophilia, proclaiming it now as a sexual orientation, not a disorder. Two West Point

Should homosexual men, the segment of the population with the highest rate of HIV/AIDS infection, be allowed to donate blood to local blood banks during blood drives? Some today are pushing for the lifting of this long-lived ban. Some in the homosexual crowd believe if they can get more of their lifestyle to be acceptable, then people will eventually accept the whole homosexual agenda. This is a very real point of concern. He also talked about his concerns over the leaders of our government with health care being mandated upon the American people. Many Americans see a federal government that does not follow the laws, and they feel they do not have to either, and feel like they must overthrow such a government that does not follow the rule of law and forces laws and policies upon the people without the approval of the legislature. And now the Democratic Majority Leader of the Senate Harry Reid has exercised the nuclear option in making Presidential appointments now only needing a simple majority for passage. No filibusters will be allowed by the minority party to slow down undesirable appointees. The President can now "stack the deck" in the judicial system unfettered. The impeachment word has begun to be circulated through various areas of Congress. President Obama has already been taught in many public schools as the Messiah. A song has even been written that is taught in some public schools that teaches the Messianic character of Barack Obama. The administration is even beginning to call young followers of Mr. Obama as the "White House Youth Corp."

Most of these religious right groups get bent out of shape when a secular network like A&E acts like a secular network, but these same religious groups will unite with false teachers like Mormons or those in the Apostolic Reformation Movement. He then talked about the African American made-up holiday "Kwanzaa." This was made up in 1963 by a Marxist/Communist who wanted to stir up racial hatred between the races. The Syrian Foreign Minister said there was no civil war in Syria, but just that the Syrian government is fighting Jihadists from several countries who are trying to overthrow Bashar al-Assad's regime. Jimmy DeYoung is with "ProphecyToday.com," and he gave an update on what is happening in the Middle East. Jimmy talked briefly about the differences between terrorists and freedom fighters. Jimmy continued talking about the worldview of Nelson Mandela and his Communist terrorist tactics. Israel is forecasted to receive over 22 inches of snow. Every Iranian embassy around the world has the internal infrastructure for and is based for terrorism.

M-F 1:00PM Peter Hammond has a website "FrontLine.org.za/" and joined us live from South Africa, and he gave more of an update on the worldview of Nelson Mandela and why such Evangelical leaders such as Ravi Zacharias and Al Moeller continue to sing the praises of Nelson Mandela, even after it has been clearly shown that he was always a Communist terrorist leader of the "African National Congress." The world is trying to elevate Mandela to almost a God-like status. Peter and Brannon then talked about the life of Oliver Cromwell and all that he did for England. He would only take dedicated Christian men to be in his army. He and his army fought against the army and power of Rome and the Pope. It became the English Civil War.

their disingenuousness about the nuclear talks. Jimmy also talked about the "Red
Dead Project" where the Dead Sea is drying up, and it is one of the biggest sources

M-F 1:00PM Brannon discussed more about the Nelson Mandela worldview and tied that to the
struggle between Communists and Communitarians here in America. He quoted from
a Communist magazine website that said that Communist revolutions will no longer
be with guns and violence, but will be with small steps and increments like how
Mandela's "African National Congress" did in South Africa. Brannon also mentioned
various people who seem to be embracing this philosophy of "Communism by
Evolution, not Revolution." People such as Rick Warren, Russell Moore, Al Moeller,
and others who claim to be Evangelicals would be in this group. Politicians would be
the Clintons, George Bush, Tony Blair, and other "progressives," even in the
Republican Party. Brannon then talked about some comments by Joel Osteen in

the small town of Bethlehem that is inundated with thousands of Christian pilgrims.
So far there have not been an incidents. Interestingly, there are more Muslims than
Christians in this area, because years ago the demographics were 85% Christian and
15% Muslim, but today it is 90% Muslim and only 10% Christian in the Bethlehem
area. The Obama Administration is telling the generals of the IDF to stop being so
concerned about Israel's security. Dr. DeYoung says Iran is still the number one
concern with the IDF, followed by Syria and Egypt. The Muslim Brotherhood is still
trying to exert its presence across the whole region of the Middle East including
Jordan and other more neutral countries. Jimmy DeYoung then discussed some of
what life will be like during the Millennial Kingdom. He also talked about the New

Living with Wrong Decisions - I
What wrong decisions are you living with today? I'm Mary Whelchel of The Christian Working Woman, and all of us have made choices in the past that we would like to undo, but we can't. So we have to live with our wrong decisions. I'm talking this week about how to go forward and live effectively for Jesus even as you cope with the consequences of wrong decisions. It's a message of hope here on The Christian Working Woman.

Promo for Script 1488. The Christian Working Woman. To be aired week ending October 12, 2013.

Living with Wrong Decisions - II
I'm Mary Whelchel of The Christian Working Woman, and I've made some bad choices in my life and if I could do it again, I'd do it right. But I can't do it again, so like you, I live with the consequences of some wrong decisions. But I don't live in regret or guilt, because God has an incredible way of turning our deserts into gardens. He can do it for you, too. I'm talking about living with wrong decisions this week on The Christian Working Woman.

Promo for Script 1489. The Christian Working Woman, to be aired week ending October 19, 2013.

Why Do I Always Feel Guilty? - I
I'm Mary Whelchel, and this week on The Christian Working Woman I'm going to talk about getting rid of all that guilt you've been carrying around. I'm convinced that many of us are missing out on the joy that Jesus came to give us because we always feel guilty, and a lot of it is false guilt. Find out how to get rid of that heavy burden of guilt. Join me this week on this fine station for The Christian Working Woman.

Why Do I Always Feel Guilty? - II
Do you feel guilty most of the time? I'm Mary Whelchel of The Christian Working Woman, and the truth is, lots of us are truly burdened with guilt. It saps our joy and our strength and keeps us from the abundant life that Jesus has planned for us. This week I'm talking about how to get rid of guilt, both true guilt and false guilt. It could really make a difference in your life. So, please plan to join me here for The Christian Working Woman.

Promo for Script 1491. The Christian Working Woman, to be aired week ending November 2, 2013.

Do You Live Like You Drive?
Do you live like you drive? I'm Mary Whelchel of The Christian Working Woman, and if you stop and think about it, the way we drive often reflects the way we live. Our driving habits need to be safe and we shouldn't ignore the rules of the road, but it's far more dangerous to ignore God's rules of the road. So this week I'm going to compare some bad driving habits with some dangerous living habits. I hope you'll join me here for The Christian Working Woman.

Numbering Our Days

I'm Mary Whelchel of The Christian Working Woman, and if I asked you how many days you have lived, you could figure that out pretty quickly. But if I asked you how many days you have left to live, you couldn't tell me, could you? Yet the Bible teaches us to number our days. This week I'm going to talk about the importance of numbering our days, living in the light that these days are numbered. I invite you to join me here for The Christian Working Woman.

But what I do enjoy is the fruit of being disciplined. I hope you'll join me here on The Christian Working Woman.
