Issue: 15 year old Christian convert to Christianity being forced to go back to Pakistan to get married. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: November 17, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: Islamic law says that if you leave Islam you have to be killed. You must make a distinction between culture and religion. She was betrothed at 15, married a Christian in the US at 20, and now her parents are bringing religious charges to her. This all depends on the judge. New Judicial Nomination very controversial, has ruled against the Constitution and precedent.

Senator Graham to be introducing bill to Senate this week. Trials called "Lawyer assisted jihad in New York." "This returns him to the scene of the crime, and gives him a megaphone." Military courts and civilian courts have different rules about evidence. This is a security issue. This also sets precedence for other jihad terrorists.

Issue: President increases troops in Afghanistan but tells the enemy when we are leaving. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 2, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: President says that we are sending 30 thousand more troops in but that we will be bringing them home by next summer. Obama also said that he opposed the war in Iraq. Why would you tell the enemies when we are leaving the battlefield? The statement about Iraq weakens the resolve of the military. There is urgency in this war to increase the troops though the situation is stabilizing. Republicans liked the speech, and thought it was well said although the timeline was unwise. People wish the speech was given in August or September.

Issue: Senator making intimidating accusations against those who appose health care. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 8, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: Senator Reeve says that to slow down with health care is racist, antifeminist, and that it is always the republicans. This is bad history, and bad politics. The bill is losing strength, so this has become a moral debate, people saying that abortion is a God given rite. This bill is founded in eugenics. Reid tells his constituents that he is pro-life, and runs a planned parenthood who is pro abortion. We need to keep pro-lifers voting for life.

Issue: What happens to the health care bill when it leaves the Senate and goes back to the house? WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 15, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: The American people want health care change, but they do not want this bill! They do not want the government to control the health care; President Obama approval rating lowest since before Regan. The bill no longer says that abortion is a rite. House says that the government is using this bill to push an agenda. Washington D.C. views this issue differently than the American people.

Issue: Health care debate still going on. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 16, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: If the Senate lets the government get their foot in the door on health care then they will get it all eventually. The bill has stalled yet again. There are some Dems that have changed their vote allegedly to defy the government run health care. They are one vote away. No

restrictions on abortion funding allowed on current bill. Obama said that if it does not pass this year then it may not pass at all. The average middle class family is not covered in this plan.

Issue: A Senator was denied a few moments to finish a statement. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 18, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: They are trying to get the bill passed before Christmas Eve. The momentum is going our way. The people do not want it. The amendment that said that abortion was a mandatory health benefit was not passed. Senator Lieberman was cut off, and the American people are outraged. Polls, Dems, people in general do not want this health care bill. They are asking that the debate end this week. In reality it is not an achievable goal to get this done by Christmas. Senator Nelson has stood in the way of this bill.

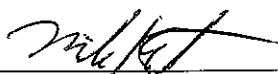

Issue: Harry Reed bought the votes that he needed. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 21, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: Harry Reed bought the votes he needed to make his state exempt for paying for this bill. Moderates have failed everyone. There were 1 am votes. Swing votes. Buy offs. This bill has not made it yet. This takes away Congresses transparency. This bill has all of the earmarks, all of the bonuses, and will cost 2.5 Trillion dollars the first 10 years. The American people do not want this. This bill will take away the conscience clause on abortion, and will use tax dollars from everywhere to fund abortion anywhere. Both of the doctors in the Senate are against this bill.

Issue: The Nelson Buy Out may go against the Constitution. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 22, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: The Senate will have the final vote on Christmas Eve. We lost the battle, but not the war. There are no real abortion regulations in the bill. This bill is a fraud, and does not work. The American people do not want it. All the representatives in the House are up for election next year. If this is passed they will not be back. We came close to giving away our freedom last year, and now we have to get it back. This is helping to realign the Republican Party. They are changing the rules in this bill. They would not be able to change this at all.

Issue: Health Care Bill still being argued WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 28, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: Another vote coming up this afternoon. Every moderate Democrat was sold off in this vote. We do not want to cover the Medicare of other states. This Buy out is unconstitutional. Equal protection clause...5th amendment protects us against this. No one

wants this bill, Republican or Democrat. It is not done until it is on the President's desk. President Obama campaigned on the health care plan. Is there a possibility that you could take them to court and get it kicked out on Constitutional law?

Issue: The President being given the authority to shut down the internet. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: December 29, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: The Cyber Security Act 2009, this bill as drafted gives the President the authority to shut down local internet as well as national internet. The security dangers of the internet are not large enough to give Obama the ability to shut it down. This gives the government the ability to know what you are doing all the time. They are trying to silence out voice. This is what we were objecting to in Iran. You don't have to take out the first Amendment in order to keep security. This is unchecked balances, Obama is overreaching. The UN said that you cannot shut down communication between citizens. "Cyber" is anything to do with internet, telecommunications, or computers.

If we keep pressure up, then we have a chance to defeat the bill. This is a fight for life for the elderly as well. If we used 28 billion of the 800 billion it would solve the problem. Advisory committee will be in charge of what should be a personal decision.

WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: August 7, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: The White House has asked people to send all e-mails and chatter to them with names and addresses if possible. Send in conversations if you can. This is Totalitarian. Not collecting info, but archiving everything. One Senator Conren wrote to the White House questioning what they are doing. Report "fishy casual conversation". Since when does the American Government keep track of casual conversation? Where do we draw the line? Issue: Even the NY Times is pointing out what is wrong with the Health Care Plan. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live. Date: August 10, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: Nancy Pelosi is calling people who disagree *un-American*. Tell the President to rescind the Bill. We have to defend our rite of free speech. Robust speech is protected by the Constitution. The first amendment was put into place in order that the government could be debated and wide open, even if it is unpleasant. This administration has no trust in the American people. Health care is the only economic sector of our nation that is creating jobs. Doctors are showing up at congress to ask questions, and are not allowed to talk.

Issue: President said that the e-mails being sent are an attempt to be responsive. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: August 12, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: The President has said that the flag project is an attempt to be responsive and answer questions, but they called them "fishy" e-mails? They could have moved away from this, but still have not. The White House will not delete the list. Trying to silence speech against the health care bill. Because of how this health care bill is written, all State restrictions would be rendered un-constitutional. They will not answer tough questions. There is a government panel (in this bill) that will make end of life decisions. They also call this "passive youth in Asia." And there is a mandatory reporting system.

He says that abortion funding is not in the bill, yet it is. If there is not an amendment that says abortion is prohibited then it will be covered. "We are our brothers keepers." And "Not answering the call." Where is the left on this subject? Why are they not upset? Refuses every other Christian activity, and now uses Christian terms to support his purposes.

Issue: Saudi Arabia 2nd on list of Countries most likely to persecute Christians. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: August 28, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: Though we do have a large Muslim community, and we must reach out to them, it does not justify apologizing for being Christian. Obama needs to address the persecution in Saudi Arabia, and not continue what he has been doing. Helicopters are going to Egypt and being held from Israel. We need to keep Israel from being split.

Issue: President to give a speech promoting the Health Care Plan. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: September 9, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: We need 15 more Democrats and all the Republicans to vote against this for it to fail. House wants a public option, Senate does not, if it passes in one, they can re-write it behind closed doors. Vote can happen at any time. Obama says that the bill will not include abortion, but that is making the left mad because they know it is in there and they want it there.

Issue: Abortion still in the health care bill. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: September 18, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: There is still an abortion mandate in every draft of this bill. Planned parent hood to run public school clinics. Senator Dement "writers of the bill are very pro-abortion...that is their goal" We are 50/50 of doing nothing or doing something with this. Need a few more Dems. Obama needs to begin to work with the people. This is the most important vote in a long time. There are multiple bills in multiple comities.

Issue: George Stephanopoulos addresses Obama on health care lies. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: September 21, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: The President appeared on 5 television programs to discuss health care, and was challenged by Democratic members of his own staff to tell the truth of the bill. The bill is very clear on abortion being linked to taxes. 564 amendments filed for the health care plan. Last set before it goes to the floor. The clinics in the schools will be run by Planned Parenthood. It looks as though health care is at a stalemate.

Issue: WMD development in Iran? WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: September 23, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: Iran is developing nuclear weapons; they are in league with Russia. Iran is threatening Israel, and running dangerous campaigns against its own people. Petition is being written by ACLJ to hold the Iranian government accountable. Denying visas for the UN to "pro west" leaders, yet handing them to people who want us dead, eg. Iranian President. Codify allowed to speak at UN. If this continues then Israel will be at war with Iran and our troops will be caught in the middle.

Issue: Senators know what really is in the Health Care Bill, and don't want us to know. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: September 25, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: People keep thinking that we do not understand the language in the Bill, but we do, and we disagree with what it is saying. They Hyde amendment must be renewed every Sep 30th. The Hyde amendment would have nothing to do with the new Bill. They are trying to get it through too quickly for anyone read it. They are admitting that they cannot understand the legal terminology. The public option is going to be included in the Bill.

Issue: Life amendments failed 13 to 10. WE RAN THE FOLLOWING TO ADDRESS IT: Jay Sekulow Live Date: September 30, 2009 Time of Day: 10:00 am Duration: 30 min Brief Description: Public option did not pass, but neither is it dead. Right now abortion is covered; the last option is to defeat the entire bill. Lincoln and Nelson both profess to be pro-life, but voted no to the amendments, that is why it failed. Amendments were to protect life and conscience. The Bill has not yet been written, 90% of Americans say that a bill should be posted 1 week prior to vote. We have to take a stand. The problem here is that it is being rushed through, and it is not Constitutional.
