Program: In the Market

Date: April 17, 2018

Time: 5:00PM

Duration: 55 Minutes

Discussion: **Money - God's Way** The plight of the poor is often obscured by today's idolatrous monetary beliefs and practices. How can believers better care for "the least of these"? Exploring six biblical themes, our guests shared practical ways to engage in economic stewardship---including earning, investing, spending, compensating, sharing, and giving in ways that embody God's love and provision.

Program: In the Market

Date: May 7, 2018

Time: 5:00PM

Duration: 55 Minutes

Discussion: **Doing Business Like Jesus** Many Christians in the workforce, over 120 million Americans, desire to know Jesus more deeply and expand our faith lives. Our vision of Jesus has been skewed by the dogma and polity of our religious institutions, the fringe element of religious thoughts, and a decline in the institutional church. Jesus has become less relatable, and the forces of our contemporary society have hidden Jesus away in a dark closet. The guest, using the exact words spoken by Jesus and compelling historical evidence, taught listeners how to "do business" the way Jesus did.

Program: In the Market

Date: May 16, 2018

Time: 5:00PM

Duration: 55 Minutes

Discussion: **Facts Are Stubborn Things** You have been inundated with reports from media, governments, think tanks and “experts” saying that our climate is changing for the worse and it is our fault. Increases in droughts, heat waves, tornadoes and poison ivy—to name a few—are all blamed on our “sins of emissions” from burning fossil fuels and increasing carbon dioxide in the atmosphere. Yet, you don’t quite buy into this human-caused climate apocalypse. You aren’t sure about the details because you don’t have all the facts and likely aren’t a scientist. The guest will present the science to assess the basis of the threatened Thermageddon. Listeners heard 60 “inconvenient facts” come from government sources, peer-reviewed literature or scholarly works that challenged their current understanding of many apocalyptic predictions about our ever-dynamic climate.

- **Education Issues**

Program: In the Market

Date: May 24, 2018

Time: 6:00PM

Duration: 55 Minutes

Discussion: **Doubting Darwin** Intelligent Design is an idea that is capturing the attention of many in the scientific community. Why? Because more and more are finding fault with the ideas posited by Charles Darwin. Listeners enjoyed a fascinating conversation between two scientists – one a supporter of ID and the other, not. What they both have in common, however, is the recognition of the complete failure of modern evolutionary theory to explain the survival of, let alone the arrival of, life.
