STEVENS FOR HOUSE – EDUCATION

Our children are our state's number one asset. Hi, this is Mike Stevens District 18 House representative. I have made our children my number one legislative priority. That is why I sponsored a bill to restrict access of obscene materials from our children. And why I voted to freeze tuition for our university students. I have always supported public education and our hard working teachers. I have a 100% rating from Right To Life. Voting has already begun for the June 4TH GOP primary. Please vote and when you see my name on the ballot, just remember, "I Like Mike". Paid for by Stevens for House.
