Re: Retransmission Consent

This letter is to confirm that South Dakota Public Broadcasting ("Licensee") has granted a *no cost* retransmission consent to Triotel Communications, Inc for the station's primary digital signal delivered via SDN communications identified as SDPB-1- broadcasting in the high definition television format (as such term is defined by the Advanced Television Systems Committee) This agreement also grants a no cost retransmission of the stations standard definition channels identified as SDPB -2 and SDPB-3 with a commitment of continued carriage (12-months a year) - *renewable each year on March 1st.*

All FCC local noncommercial educational televisions must-carry rules and regulations must still be followed for the SDPB primary channel identified as SDPB-1. The Cable system will determine the tier or package location of SDPB-2 and SDPB-3 (SDPB co-promotes these channels throughout the broadcast day and suggests co-locating when possible)

A cable system with continuous carriage of *all* SDPB channels is also granted restricted rights to carry certain SDPB program content for their Video-On-Demand programming.

SDPB VOD Programs: (examples available offerings)

SDHSAA Championships: All Classes of Football, Volleyball, Wrestling, Boys and Girls Basketball, Track Finals, Cheer and Dance, All-State Chorus and Orchestra, All-State Band, All-State Jazz Band, and High School Rodeo.

Local Music Programs: No Cover No Minimum, Dakota Sky International Piano Festival, and the SD Symphony

Restrictions for Video on Demand

- SDPB will supply a DVD of each program request at \$50 per show/disc
- Program content is meant for VOD Channels only and available FREE to subscribers
- Program content is available for a limited term, 60-days from disc delivery
- Program content can not be altered and will include an SDPB Production sponsorship, SDPB DVD purchase offer, and a SDPB membership request.

This letter constitutes the entire agreement between the parties hereto, and no modification shall be valid unless in writing and signed by both parties.

Please indicate your agreement to the foregoing commitment by returning a signed copy to me along with an attachment listing the communities served, head-end location(s) and the cable channel (s) used to carry the signals. Return the signed copy and attachment via mail. We look forward to providing your viewers with access to SDPB programming.

**ACCEPTED AND AGREED:** (*renewable each year on March 1<sup>st</sup>*)
