Title Your Marriage Can Win the Battle Against Pornography I-II
Length 56 minutes
Description Pornography is a pervasive evil that is toxic to marriages. Research shows that 55% of Christian men look at porn at least monthly, and 1 in 10 view porn at least daily. Mark Makinney points out this is inherently a sin problem, and he describes how viewing porn will hijack your brain. Mark and his wife Rosie also list warning signs that your spouse could be addicted to porn, and then share their own story of Mark's 25-year addiction and how it impacted their marriage. Rosie describes how, during their recovery process, God enabled her to have hope for the future of their relationship. On day 2, the Makinneys review the different steps needed for the recovery process – disclosure, an impact letter, counseling and accountability, and the need for a safety plan in case the porn addict relapses.

Title When God Gives You the Family You Never Expected I-II

Joined by Jean Daly, sharing from their own experiences, they describe some of the common challenges of foster parenting, such as feeling overwhelmed, not knowing how past trauma affects behaviors today, loving children and giving them back to their bio parents, dealing with extra stress in your marriage and family and being stretched out of your comfort zone. Jillana and Jean encourage Christians to prayerfully consider how to get involved – through foster parenting, respite care, or simply befriending these families and their children.
