FCC ISSUES REPORT  
(For Radio Station's Public File)  
October, November, December 2021**

Title Helping Your Child Build a Lifelong Faith  
Length 26 minutes  
Description Valerie Bell and Matt Markins want to equip parents to raise kids who are "resilient disciples" for Christ, which they define as people who won't give up their faith under pressure from today's culture. They describe 3 "B's" for developing resilience — (1) Belong: providing a community of believers and at least one loving adult who will point them to Christ. (2) Believe: emphasizing the truth of God's Word. (3) Become: training children how to become disciple-makers themselves. These guests also explain the important balance of "spine" (God's truth) with "heart" (sharing God's love).

Date 10/26/2021 & 10/27/2021  
Title Godly Perspective on End-of-Life Decisions, A I-II  
Length 56 minutes  
Description Watching a loved one decline in the ICU is a heart-wrenching experience no one can truly prepare for. And if you're not a medical expert, it can be difficult to discern the value of ventilators, feeding tubes, and many other technologies. In this two-day Focus on the Family broadcast, Jim Daly and John Fuller talk with Dr. Kathryn Butler, author of *Between Life and Death: A Gospel-Centered Guide to End-of-Life Medical Care*. Dr. Butler draws from her experience as a trauma surgeon to help families navigate end-of-life decisions according to Biblical principles.

Date 11/08/2021  
Title How You Can Help Support Foster and Adoptive Families  
Length 26 minutes  
Description Foster care and adoption can be both deeply meaningful and deeply challenging. Jenn and Josh Hook, joined by Mike Berry, offer advice to help foster and adoptive families find training and support. And they describe how anyone can help care for hurting kids.

Date 11/18/2021 & 11/19/2021  
 Title Planting the Seeds of Success in Your Kids I-II  
 Length 57 minutes  
 Description Parents often have misplaced dreams for their kids – focusing on things and achievements instead of focusing on building their character. In his new book, *8 Secrets to Raising Successful Kids*, Dr. Leman helps parents place emphasis on WHO their children will become instead of WHAT they become. He offers time-tested solutions for parenting that will help moms and dads plant the seeds of patience, kindness, humility, thankfulness, and respect in their children, as they prepare them for adulthood. His strategies include starting with the end in mind, expecting the best from your children, modeling a disciplined life, minimizing friction, while optimizing solutions, and keeping the relationship first. The broadcast, recorded with a live audience, encourages parents to examine their parenting style and transform their thinking to get successful results with their kids.

Date 12/06/2021 & 12/07/2021  
 Title Mothers and Sons: Being a Godly Influence I-II  
 Length 57 minutes  
 Description Rhonda Stoppe describes her early motherhood challenges of raising a son, which was intimidating to her. She found help through group of older women mentors (her “Mommy Club”). She urges moms to see their role as ministry in shaping sons to be good and godly men. Rhonda described her challenges of raising son Brandon, who has epilepsy, as well as her son Tony, whom the Stoppes informally “fostered” for several years. Rhonda outlines several practical suggestions to moms about spiritual training, how to communicate with boys, and supporting the father-son relationship as a wife.

Date 12/20/2021 & 12/21/2021  
 Title Understanding the Root of Your Child's Misbehavior I-II  
 Length 55 minutes  
 Description Often, children act out because they are used to getting attention through bad behavior. Dr. Kevin Leman offers advice to help parents transform their child’s behavior. He discusses the benefits of allowing your kids to learn from real-life consequences and describes the importance of understanding your child’s temperament based on his birth order.
