Subject: Job Notification from Broadcast1Source

From: contact@broadcast1source.com

Details:

FOX 6 News is seeking a creative, multi-tasking photojournalist to join our team. Every day you will use state-of-the-art technology to shoot and edit the best HD-quality footage in town. You'll collaborate with reporters, producers and managers to obtain the best visuals, the best "moments," the best sound, the best news story. You'll use live ENG/SNG/mobile gear, sometimes all in the same day! This is not a job for beginners - you need at least two years experience working in commercial television news. And if you've already been working in the biz, you know there's no such thing as "9 to 5" so be prepared to work all different hours, days, shifts, and assignments. One day you might be covering the Green Bay Packers, the next you might be working closely with a reporter, live on the scene of a breaking news story, and the next day you're solo, putting together a photo essay on a topic you found interesting and know will be great for air and online. A bachelor's degree is strongly preferred. You must have a clean driving record (we will check!) and a Wisconsin Driver's license. You must be physically able to lift, carry and handle camera gear, and deal with the realities of a Wisconsin winter or summer. So if you want to work at a place where hard work, a strong sense of team and creativity is rewarded, this is the place.

Requirements:

A bachelor's degree is strongly preferred. You must have a clean driving record (we will check!) and a Wisconsin Driver's license. You must be physically able to lift, carry and handle camera gear, and deal with the realities of a Wisconsin winter or summer.

Experience:

This is not a job for beginners - you need at least two years experience working in commercial television news.

Photojournalist

FOX 6 News is seeking a creative, multi-tasking photojournalist to join our team. Every day you will use state-of-the-art technology to shoot and edit the best HD-quality footage in town. You'll collaborate with reporters, producers and managers to obtain the best visuals, the best "moments," the best sound, the best news story. You'll use live (HD) video, mobile gear, sometimes all in the same day! This is not a job for beginners - you need at least two years experience working in commercial television news. And if you've already been working in the biz, you know there's no such thing as "9 to 5" so be prepared to work all different hours, days, shifts, and assignments. One day you might be covering the Green Bay Packers, the next you might be working closely with a reporter, live on the scene of a breaking news story, and the next day you're solo, putting together a photo essay on a topic you found interesting and know will be great for air and online. A bachelor's degree is strongly preferred. You must have a clean driving record (we will check) and a Wisconsin Driver's license. You must be physically able to lift, carry and handle camera gear, and deal with the hassles of a Wisconsin winter or summer. So if you want to work at a place where hard work, a strong sense of team and creativity is rewarded, this is the place.

Subject: Job Notification from Broadcast1Source

From: contact@broadcast1source.com

Details:

WITI-FOX 6 is looking for an enterprising feature reporter to join our team. We are starting a new show about current events, people and places in Milwaukee and need someone who is hungry and ready to help us get content on the air and online. This isn't a hard news position (but when breaking news happens, it's all hands on deck), but rather someone who is out giving us a look at life in Milwaukee—wherever that may take you (and us). You'll be teamed with a top-notch photojournalist to help you make excellent local television. You get to set up your own stories, go out on your own shoots and perform live each afternoon. The rest of the day is full of content for you to gather and showcase.

Requirements:

Even though you're not doing hard news, you still need to develop sources. You have to be able to tell stories and relate to people on camera. You must be creative and able to use all the technology tools available these days: online postings, social media and whatever comes next. You want to showcase great "people" stories. You've been waiting for an opportunity like this. You're organized. You're a self-starter.

Experience:

Prior on-air experience is required.

Additional Information:

WITI-FOX 6 is an Equal Opportunity Employer.
