WTTI is an Equal Opportunity Employer

JOB TITLE: Photojournalist

RESPONSIBILITIES: FOX 6 is seeking a creative multi-tasking photojournalist to join our team, specifically for our locally produced afternoon program Studio A. If you're just hoping to be assigned stories to shoot every day, this isn't the job for you. In this role, you are not only a photojournalist, you are a field producer as well. You need to have passion to tell hyper local stories, whether it's about a special person, crazy cool place or unique event. You'll be buying packages, planning live shots and using your camera skills in studio as well.

The right candidate needs to have good judgment and personality because with Studio A, you're part of a team and it's about cultivating relationships.

This is not a job for beginners - you need at least two years' experience working in commercial television news. A bachelor's degree is strongly preferred. You must have a clean driving record (no mi checks) and a Wisconsin Driver's license. Background check and drug screen are required. You must be physically able to lift, carry and handle camera gear, and deal with the realities of a Wisconsin winter or summer. So if you want to work at a place where hard work, a strong sense of team and creativity is rewarded, this is the place.

FOX 6 is looking for a great producer to join our team to take the helm of our locally produced one-hour “infotainment” program Studio A. We’re looking for someone who loves to think differently, push boundaries and really try new things each day. You’ll bring highly-produced content to viewers-from the news headlines of the day to the stories that have people talking in Milwaukee and across the country. You’ll produce segments from helping parents plan dinner and entertaining the kids to showcasing the hottest bands and the latest fashion trends while also tackling the hard news issues that come our way. We have all the newsgathering tools and place a premium on content and production techniques that are relevant and attract a diverse audience. Producing is not just about television anymore – it’s about all the unique channels available to us through social networking, online and whatever else comes down the road next. You need to embrace all of those things to be successful here.

Subject: Job Notification from Broadcast1Source

From: contact@broadcast1source.com

Details:

FOX 6 News is seeking a creative, multi-tasking photojournalist to join our team. Every day you will use state-of-the-art technology to shoot and edit the best HD-quality footage in town. You'll collaborate with reporters, producers and managers to obtain the best visuals, the best "moments," the best sound, the best news story. You'll use live ENG/SNG/mobile gear, sometimes all in the same day! This is not a job for beginners - you need at least two years experience working in commercial television news. And if you've already been working in the biz, you know there's no such thing as "9 to 5" so be prepared to work all different hours, days, shifts, and assignments. One day you might be covering the Green Bay Packers, the next you might be working closely with a reporter, live on the scene of a breaking news story, and the next day you're solo, putting together a photo essay on a topic you found interesting and know will be great for air and online. A bachelor's degree is strongly preferred. You must have a clean driving record (we will check!) and a Wisconsin Driver's license. You must be physically able to lift, carry and handle camera gear, and deal with the realities of a Wisconsin winter or summer. So if you want to work at a place where hard work, a strong sense of team and creativity is rewarded, this is the place.

Requirements:
