17	Health/Healthcare	5:00pm	1/30/2019	90 seconds	WAVY News 10 at 5:00pm	Fighting fires is a dangerous job The Portsmouth Professional Firefighters Association has said this is the year to pass the cancer bill that would add brain, colon, and testicular cancer to the list of presumed work-related illnesses-- under Virginia's Workers' Compensation Act. Cancer is the most dangerous threat to firefighters' health and safety today. Because of the chemicals in furniture and other household items firefighters are at greater risk for exposure to carcinogens in the air and on their skin. The newest research supported by the Centers for Disease Control, shows firefighters are twice as likely to get testicular cancer and much more likely to get brain, and colon cancer.

17	Environment	5:00pm	3/13/2019	90 seconds	WAVY News 10 at 5:00pm	Floodwaters are all too common in Hampton Roads. Flood insurance is required for homes in flood zones -- but Norfolk's assistant planner warns that water does not recognize flood zone boundaries. You cannot buy flood insurance within 30 days of a named storm so if you wait to get flood insurance you are not going to get it. The cost for flood insurance is based on your risk -- which you can easily find online by simply entering your address. The least expensive policy cost around 400 dollars a year.

This after a new law signed by the Governor in July -- allows schools up to 50 -- that's five-zero- minutes each day. Virginia Beach students currently get about 20 minutes a day - usually just before or just after P-E class. A survey has been distributed to get input from district parents.
17	Economy	6:00pm	3/18/2019	195 seconds	WAVY News 10 at 6:00pm	The changing face of local shopping malls - empty parking lots and barren facades. Keeping the doors open has become a challenge. We once had 3,000 malls in the United States; we are down to under 1,000. On-line shopping is not the cause; it only accounts for about 10-percent of all retail sales. The cause is there are too many malls -- retail space has grown 5 times the rate of population growth 1985-2010. Companies that own malls in Hampton Roads aren't necessarily in denial that they need to evolve to keep going. Innovative plans are being undertaken, such as replacing anchor stores with entertainment complexes, that are proving to be more popular with today's communities.

The beds work as an individual unit, are 32 pounds but they're kind of like sea legos. They match and the stack and can make any configuration around the coastal edge. And there is an environmentally friendly concrete to make sure the shore line stays put when the seas rise. The organization RISE – with a focus on fighting climate change and building resiliency - has chosen them for a grant and relocating them to Hampton Roads.
17	Education	5:30pm	3/21/2019	110 seconds	WAVY News 10 at 5:30pm	Parents and their advocates talked to the State Board of Education today about how they think seclusion and restraint is so harmful and what they want to see in the regulations. Cheryl Poe of Norfolk-based Advocating 4 Kids says record keeping on seclusion and restraint must be part of any regulations. African American students are more likely to have this happen to them. It's a disparity. By not requiring some sort of data collection, it means that there is no overseer. The State is still in part two of the three-part process, so it's going to take some time until regulations are in place. There is a public comment period active right now, until April 19.

17	Military	5:30pm	3/27/2019	90 seconds	WAVY News 10 at 5:30pm	The Navy is required by congress to have 12 aircraft carriers. It typically has about 10 at the ready. But the latest proposed budget decommissions the Harry S. Truman halfway through its life cycle. The Truman is scheduled for a refueling and overhaul in Newport News in 2024, giving it another 25-30 years of service. The Navy says it is "all in" on the Ford class aircraft carrier - which is why its signed on to build two more. Virginia State Congressmen and Senators question the plan as strategically and fiscally irresponsible. It will impact both Newport News Shipbuilding and the shipbuilding industrial base as a whole. It will decrease what we buy and order from our supplier base of 680 vendors in 40 states and will drive costs significantly higher on several Navy shipbuilding and maintenance programs.
