Roar On The Shore

One of Erie's most popular events of summer is the Roar on the Shore motorcycle rally. This year it attracted an estimated 85-thousand bikers from around the country. It means millions of dollars to the local economy. And it raised \$250-thousand dollars for the Flight 93 Memorial in Shanksville, Pa. Our coverage included profiles on those who attend the rally, the huge motorcycle parade, visits by family members of victims of Flight 93, Roar on the Shore concerts, The Mayors motorcycle ride and various others throughout the region.

Hot Weather Heat Wave

A heat wave grips the northeastern US and Erie is no exception. The heat index soared into triple digits, and people looked at all kinds of ways to cool off, from public water fountains and the beach. The National Weather Service issued heat warnings, and local emergency officials opened cooling centers. The local horse racing track canceled races because of the heat. We did warnings on the dangers of heat stroke. And we talked to local energy officials about conserving power during the heat wave.

Deadly Waters of Lake Erie

We had two drownings in two days in the waters of Lake Erie off Presque Isle State Park. The first was a 7 year old boy who was swept away by high waves from an unguarded beach. After an all night search, his body was found washed ashore the next morning. Family and friends established a fund to help the victims family, who were distraught by the drowning death.

The second drowning was a 27 year old man who went swimming off a sail boat and had trouble. Despite attempts to save him, the victim slipped beneath the surface and drowned. His body discovered hours later.
