

## **Quarterly Issues & Programs**

### **Quarter 4-2015**

**KTXN-FM**

**City of Victoria-The Victoria Report**

**Sunday 6:30am**

#### **October 2015 (30:00)**

City Convention and Visitors Bureau Director Tony Cordo was back to inform people about the Coastal Texas BBQ Trail, and how many area restaurants are part of it. The event highlights the wide array of barbecue restaurants and food trucks available throughout the area. The discussion focused on the economic impact for area businesses and the promotion of the great foods available locally. (12:00)

Victoria Public Library Director Katherine Henley talked about the numerous resources available to area students of all ages. These include programs to educate them about new technologies especially robotics. The idea was designed to help promote available resources for students to further their interest in science and engineering , and to demonstrate that working with new technologies can be fun. (8:00)

Sue Prudhomme the Executive Director of Cultural Affairs at Victoria College was discussing the college's October Film Discussion Series. These are films presented to the public on a variety of topics ranging from international issues to local issues. The films are followed by discussions with professors who are knowledgeable about the subjects. (10:00)

#### **November 2015 (29:00)**

City of Victoria Environmental Services Director was on to discuss the city's new recycling program. There have been a lot of questions about how it will work, how much it will cost residents, what items residents can recycle. This is a new program for the city, and officials want to encourage residents to use it to help alleviate overflow problems at the city landfill. (20:00)

Victoria Public Library Director Katherine Henley talked about the numerous resources available to area students of all ages. These include programs to educate them about new technologies especially robotics. The idea was designed to help promote available resources for students to further their interest in science and engineering , and to demonstrate that working with new technologies can be fun. (9:00)

December 2015 (28:00)

Victoria Police Department Public information officer Tanya Brown was on the show talking about staying safe during the holiday season. She informed the public on ways to stay safe while shopping, how to protect their valuables both out in public, and at their homes. (12:00)

Victoria Planning Commission's Jared Mayfield answered questions about the city plans for the future, as far ahead as 2035. That included how to deal with population growth, employment, recreation, and resources. (12:00)

Officer John Turner of the Victoria Police Department was on to address pedestrian safety. This issue was in response to recent accidents that injured or killed pedestrians who were crossing the busy Houston Highway. This issue has become more pressing with the increase in pedestrian traffic from Victoria College, University of Houston campus, hospitals, and motels located on the busy street. (4:00)
