1/14/2021	Facing Difficulty	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Family Talk's regular contributor, Dr. William Lile, the "Pro-life Doc," sits down with Dr. Clinton to discuss the increasing threats facing the pro-life movement, due to a new administration entering the White House. Dr. Lile describes the dangerous new trend of increasing prescription "abortion pills." He elaborates that it's not just "the morning after" pill, but rather abortion on-demand, and it can be used up to 10 weeks into a pregnancy. This horrible drug, which is sold in a simple capsule, could soon become a mail-order prescription, easily accessed without any true medical supervision and becoming widespread across the country.

01/18/2021	Facing Difficulty	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	At nine years of age, Kim Meeder tragically became an orphan in the blink of an eye. On today's Family Talk, you'll discover how she found indescribable solace in the presence of her horse and learned that God loves her unconditionally. As an adult, Kim felt led to replicate the Christian healing she experienced by founding Crystal Peaks Youth Ranch in Bend, Oregon, where she pairs rescued horses with broken children.
01/19/2021	Quality of Live	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Through the unconditional love of a horse and God's mercy, Kim Meeder's hope was restored after tragically losing her parents when she was only nine years of age. On this part two edition, Kim describes how Crystal Peaks Youth Ranch pairs rescued horses with hurting kids to create healing where once there was only brokenness. She also relates an emotional story of how God used her to save a drowning man, and describes the spiritual application of sharing Christ with unbelievers before they perish.

01/28/2021	Quality of Live	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Pastor Samuel Rodriguez describes how the world is divided into three types of people. Using the biblical narrative as metaphor, he believes that we are either enduring Egyptian bondage, wandering in the desert, or thriving in the Promised Land. Today, Pastor Sammy, author of From Survive to Thrive, contends that the majority of people are in perpetual survival mode. He challenges Christians not to be content with merely eating manna in the desert, but rather seeking milk and honey!
01/29/2021	Quality of Live	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Pastor Samuel Rodriguez came down with a case of COVID-19, but he believes that his emphasis on taking care of his body and living a healthy lifestyle created a firewall that kept him asymptomatic. He says that Christians likewise need to make the effort to fortify their marriages and keep family relationships healthy. He talks with co-host Dr. Tim Clinton about how to thrive in your walk with God, especially in these trying times.

02/01/2021	Facing Difficulty	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	With the inauguration of President Joe Biden and the Democrats taking control of both chambers of Congress, American Christians need to prepare for the imposition of a radical leftist agenda. Best-selling author David Horowitz, once himself an adherent of liberal policies, reveals why leftist doctrine is a bankrupt worldview. In his book, Dark Agenda: The War to Destroy Christian America, Horowitz warns that if this liberal administration is allowed to kill off American Judeo-Christian values, then our freedoms could be next.
02/02/2021	Cultural Differences	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Raised by communist parents, David Horowitz was once a strong voice for the American Left in the 1960s. But after awakening to the evil it was doing, this Jewish writer went on to embrace American exceptionalism birthed from Protestant Christianity. Horowitz, author of Dark Agenda: The War to Destroy Christian America, explains that the real reason for the visceral hatred of Donald Trump is because he threatened the Left's agenda.

02/11/2021	Quality of Live	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	The premise of the "Heartbeat Bill" is simple: If a heartbeat is detected, the baby is protected against being aborted. Janet Porter's work on behalf of the unborn over the past decade has resulted in 10 states passing Heartbeat Bills into law, and they're gaining in popularity. According to public opinion research from The Barna Group, 7 in 10 Americans now support these bills, including 86% of Republicans and 55% of Democrats. In Janet's latest book, A Heartbeat Away, she predicts that the Heartbeat Bill will eventually pierce the heart of Roe v.
02/12/2021	Quality of Live	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Despite the fact that President Joe Biden has signed pro-abortion executive orders, God has been moving through the passage of "Heartbeat Bills" in 10 states (If a heartbeat is detected, the baby is protected against being aborted). On this edition of Family Talk, guest Janet Porter, author of A Heartbeat Away, says "what was once impossible is now inevitable! We are going to end abortion." She believes that God will use the Heartbeat law to eventually overturn Roe v. Wade, thanks in part to President Trump's three pro-life Supreme Court appointees.

2/17/2021	Facing Difficulty	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Whether it's reflecting on the loss of a loved one, or trying to explain why there are so many deaths on TV news, it is essential that parents equip their kids to cope by giving them the assurance of Heaven. Otherwise, contemplating the end of life can be a terrifying thing. In her beautifully illustrated book, Heaven: God's Promise for Me, Anne Graham Lotz reminds us that our children and grandchildren can enjoy the peace and security that comes from knowing that Heaven can one day be their home when they've placed their trust in Jesus Christ.
2/18/2021	Facing Difficulty	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Sadly, many churches today fail to address the reality of the afterlife. But we know from Scripture that Heaven and hell are as real as day and night. Anne Graham Lotz, author of Heaven: My Father's House, shares that for those who have confessed their sin and trusted Christ as their Savior, Heaven is the ultimate promise fulfilled. Just as a mother's home-cooked meal beckons whenever an adult child returns home, Heaven will likewise be a warm and welcoming, personal destination.
2/22/2021	Marriage	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Married couples naturally long to feel connected, appreciated, vulnerable and intimate with each other. But the painful reality for many is that their difficult and emotionally-disconnected marriages have left them feeling uncertain, defensive, and self-protective. Licensed marriage counselor Dr. Sharon May reveals how to transition from viewing your spouse as the problem to making your marriage a safe haven.

2/24/2021	Quality of Live	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Long ago, the culture stopped listening to Grandma and her timeless wisdom for raising children. 3/4/2021	Facing Difficulty	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Some people feel constricted by God's rules, fearful that they'll be missing out on living the "good life." But in this Part 2 edition, humorist Ken Davis draws from his personal experience as a pilot in explaining that unless he abides by and respects the rules of aviation, he can't expect a successful flight. Similarly, a man wedded to his compass truly has the freedom of the sea. And ironically, obeying God's "rule book" isn't constrictive but actually liberating!
3/5/2021	Facing Difficulty	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Fern Nichols was at her wit's end, trying to deal with a rebellious, wayward son. Though in despair because of Ty's worldly choices, she stayed on her knees in prayer for him. A former teacher and founder of Moms in Prayer International, Fern understood the power of Deuteronomy 3:22, which declares, "Do not be afraid; the Lord your God Himself will fight for you." Thankfully, Ty was transformed by her prayers and God's love, which brought him to repentance.

3/10/2021	Quality of Live	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	Between the isolation of COVID-19 and the craziness in our culture, moms today can feel disconnected and overwhelmed. Heidi St. John, author of Becoming MomStrong, reminds mothers to get into God's Word, because we can't pass along to our kids what we don't possess ourselves. While the world has attempted to hijack motherhood and relegate it to little more than a stopover on the highway of life, parents need to see this season as precious and fleeting.

3/12/2021	Facing Difficulty	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	In 2021, having the old "birds and bees" conversation with your kids is no longer sufficient. In this age of smartphones, you'll also need to talk with your teen about the dangerous world of sexting and pornography. David Eaton, founder of Axis, urges parents to consider giving their teens a Gabb cell phone, which can only call, text without pictures, and use GPS. Additionally, thanks to the Axis website, which features over 300 parent-empowering resources, you can develop an ongoing conversation to connect with your teen's mind and heart.
3/18/2021	Cultural Differences	Dr. James Dobson - Family Talk	Weekdays 3:30am - PM Eastern	25 min	With a disregard for absolute truth in today's culture, it has become essential that Christian families spend consistent time immersed in God's Word. Pastor Michael Youssef, author of Hope for This Present Crisis, grew up under a socialist dictatorship and yearned to one day breathe America's "air of freedom" inspired by its Christian heritage. Now a U.S. citizen, he's become increasingly alarmed by the radical socialist agenda being taught in classrooms, and Christians being denied free speech.
