COVID-19		Foundation and its partners will convene 50 virtual events in 50 states to showcase innovative workforce solutions and support employers as they tackle growing substance misuse in their communities and in the post-COVID workplace.			
		Hosted by: iHeartMedia's Ryan Gorman			

Public Affairs Special Public Affairs Special Pasing Resilient, Self-Reliant, and Secure Kids In the Age of Anxiety and all author proceeds benefit the Child Mind Institute. He discussed a strategy for parents called scaffold parenting. The metaphor is that the child is the "building," and the parents are the scaffold around it, the framework that guides and protects as the child rises and grows Dave Fuehrer, cancer survivor, co-founder and CEO of GRYT Health. Run by cancer patients, survivors, and caregivers, GRYT is a digital health company that offers support through connection and education and serves to improve quality of life and increase survival for people confronting cancer. Their latest project is the COVID Advocacy Exchange (CAE). Launched in partnership with Bristol Myers Squibb, the CAE convenes advocacy groups, patients, and industry to synchronize efforts, facilitate resource sharing and provide an opportunity for increased connection and collaboration. Fuehrer talked about COVID-19's impact on patient advocacy and the importance of digital health platforms like the COVID Advocacy Exchange during this time. Hosted by: HeartMedia's Ryan Gorman Marty Makary, MD - Health Policy Expert; John Hopkins surgeon and Professor of Health Policy; Author, The Price We Pay; Editor-in- Chief at MedPage Today. Dr. Makary put a positive spin on COVID-19. He believes we could reach herd immunity as early as April. He also thinks the number of people with natural immunity is severely underestimated due to a high number of asymptomatic infections and current antibody tests that a ren't completely accurate because they only look for the actual antibodies.	Family Matters	iHeart Communities -	Dr. Harold S. Koplewicz, the president of the Child Mind Institute, has a new	02/28/21	7am	30 mins.

Version Version Chief Herrica December 1						
			Yvonne Yancy, Chief Human Resources			

Learning		Officer & Amanda Morin Associate			
Disabilities		Director, Thought Leadership & Expertise			
		at Understood.org. In the United States, 1 in			
		5 people have learning and thinking			
		differences, like dyslexia and ADHD, and 1 in			
		4 adults have some type of disability. Un			
		derstood.org provides information, helpful			
		resources, and chairs supportive communities			
		so people who think differently can thrive at			
		home, school and work. Both Yancy and			
		Morin talked about their organization and			
		their innovative perspectives. Their mission is			
		to decrease friction, increase access, prioritize clarity and improve always.			
		Hosted by: iHeartMedia's Ryan Gorman			
COVID-19	iHeart	Lucy McBride MD, practicing internist,	03/14/21	7am	30 mins.
	Communities - Public Affairs	COVID-19 health-care educator and			
	Special	mental health advocate. McBride talk			
	Ороски	about FONO, or a Fear Of Normal. Month			
	after month, we have been yearning to be				
		done with enforced distancing, social			
		isolation and life in a more virtual reality.			
		Now that the moment will be arriving - as			
		millions of Americans have been vaccinated			
		and millions more will soon roll up their			
		sleeves for it — the prospect is oddly			
		disconcerting. McBride discussed FONO and			
		reentry into a normal life following over a			
		year of quarantine.			
Reading		Dr. Sally Zol, CEO of United Through			
Program for		Reading. Zol talked about how United			
Military Families		Through Reading has been connecting			
		military families through video-recorded			
		story time for more than 30 years, making			
		sure parents don't miss reading bedtime			
		stories just because their military service			
		takes them away from home. In 2019, they			
		released a reading app, putting Story Stations			
		in the hand of every military family with a			
	mobile device. They also offer free books to				
		families that use our program, helping			
		military families maintain strong literacy			
		supports for their children. Zol discussed the			
		importance of UTR and how families can get			

		involved.

COVID-19	iHeart Communities - Public Affairs	Dr. LaShawn McIver is Director of the Office of Minority Health for the Centers	03/21/21	7am	30 mins.
Health & Wellness	Special	Services. McIver discussed COVID-19 as it pertains to Medicaid and Medicare and vaccine safety for diverse populations. She talked about the vaccine timeline and how the FDA is monitoring the long-term safety of these vaccines and what we know about long-term side effects of COVID-19 vaccines.			
Health & Wellness		Mayim Bialik is an American actress, neuroscientist, and author. She played the title character of the NBC sitcom Blossom. With Brain Health Awareness Week (March 15-21) this week, Bialik talked about the importance of brain health (we all think to take care of our skin or our heart or even our hair but often don't even think about our brains) and her holistic approach to staying sharp with a busy lifestyle and throughout a pandemic and beyond. Hosted by: iHeartMedia's Ryan Gorman			
COVID-19 Vaccine	iHeart Communities - Public Affairs Special	Barney Graham, M.D., Ph.D. Dr. Graham is chief of the Viral Pathogenesis Laboratory at NIAID's Vaccine Research Center. Graham has led a team that has been studying coronaviruses (among other viruses) for years before SARS-CoV-2 was first identified as a novel coronavirus. The mRNA-1273 vaccine (and pivotal technology used in other COVID-19 vaccines) was not made overnight. Graham addressed why the speed with which these vaccines were developed can make people feel hesitant to get vaccinated and talked about the well-thought out process of vaccine development. Graham also talked about the differences in the three vaccines and the new COVID-19 variants that are emerging throughout the world. He also talked about treatments on the horizon.		7am	30 mins.

Women's History Month	Joi Gordon is the CEO of Dress for Success Worldwide. She discussed Women's History Month and how Dress for Success has become a globally-recognized leader that has empowered more than one million women to become economically advanced in nearly 150 cities in more than 20 countries. In addition to expanding the organization's reach, Joi talked about Dress for Success programming, offering a full continuum of services that help women secure employment, advance in their careers, and achieve financial freedom.
