10-19-12 thru 12-31-12

WCUL has aired programs in this quarter [after 10-18]about the following local issues:

New York State Thruway/EZ pass

Preparing for upcoming Winter

Traffic/Road conditions

Weather-Daily

Health/Hospital issues

Further program descriptions:

WCUL-CA aired daily, a Weather and Traffic report from 10/19/12 thru 12/31/12. On Sundays, at 10am, an interview program talked to various employees of the NYS thruway that were "fired" because of the automated system called ezipass. Also discussed was the proposed dates for the thruway to become "free" of tolls. Other topics on this show included where the monies from thruway revenues are being spent. Also each Sunday, a one hour program aired regarding the upcoming Winter season. What heating issues should you be prepared for? What fuel is the most efficient? Interviews with car experts were conducted, which included advice on preparing/maintaining your car through the harsh Central New York winter.
