POLITICAL: Former president Trump is in the news constantly with his indictments and court appearances. Alaska is a red state so this generates much discussion. Congresswoman Mary Peltola's husband was killed in a plane crash causing grief among the state as her constituents rally behind her. The local election for School Board and Council

ECONOMY: The PFD was distributed in early October, totaling \$1,300 per Alaskan resident. This brings a major boost to the economy each year. Heating oil prices are at an all-time high which is a major topic leading into the winter.

PUBLIC HEALTH: Mental health concerns are prominent throughout Q3, with the focus on young adults and the negative consequences of isolation & quarantining the past few years. There has been a notable increase in Fentanyl cases including deaths among young Alaskan adults.
