Quarterly Issues/Programs List

KAKQ provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

COVID-19: Alaska's covid numbers were continuing to rise during Q1, 2021, and the vaccine was being rolled out to specific members of the community; starting with health care workers, the elderly, and hard to reach areas.

PUBLIC HEALTH: The most prominent public health issue was the COVID-19 vaccine rollout. Mental health was also highlighted throughout Q1 with the focus on telecom health services.

EDUCATION/SCHOOL DISTRICT: The school district allowed students to return to in-classroom learning in February with the choice to still continue with remote learning.

**Section I  
LOCAL PROGRAMMING**

Section I lists regularly-scheduled and special programs that represent the station's issue-responsive programming providing the most significant treatment of the issues listed above for the calendar quarter.
