KAKQ
Quarterly Issues/Programs List

KAKQ provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

COVID-19: The focus was on the vaccine & vaccine rates, and the surge of the Delta Variant. Alaskans are encouraged to get vaccinated for all adults, 12+ - with the Delta Variant, the less than 50% vaccination rate of Alaskans was in the news, with the focus on raising the vaccine percentages.

PUBLIC HEALTH: The most prominent public health issue was the COVID-19 Delta Variant. Hospitals were reaching max capacity, and mandates went out for federal employees to receive the vaccine by December. Mental health was also highlighted throughout Q3, with the focus on telecom counseling services.

EDUCATION/SCHOOL DISTRICT: The school district allowed students to return to in-classroom learning for the start of school in August, without a mask mandate - but the mask mandate was enacted a few weeks into the school year.
