

2nd Quarter 2020

Community Issues list

1. Education

School security. Teachers carry guns. Local school funding problems. School levy issues. Local high school sports and activity programs getting cut or becoming “pay to play”. Plans to build new schools and pass levies. Local school systems’ direct effect on the local job market and economy. “Breakdown” of the traditional family unit and its effect on school’s ability to teach a child. School taxes too high for seniors.

2. Local Political Issues/Public Services

Water quality and the slow resolution of water problems. Speed enforcement cameras and the revenue that they produce. Under staffed and underfunded local law enforcement departments. Response time during emergency police calls is too long. Wasteful spending in local government. Wish for voting records of local political officials to be made public. Local officials and their criminal records. Enforcing city ordinances. Safeguards to protect the rights of people.

3. Health

Equal access to adequate health insurance. Using local hospital emergency rooms as a doctor’s office. Expressed need for a national health care system. The growing obesity epidemic. Patients should pay for their healthcare.

4. Economy and Employment

Rising cost of energy prices. Large loss of jobs throughout the listening area. Negative local impact of job outsourcing and automation. Unemployment throughout the country. Need higher paying jobs.

5. Environment

Run down houses in local neighborhoods and the money that the city spends to keep them from becoming hazards. Praise and complaints regarding the upkeep and maintenance of local roads. Complaints against animal shelters. Problems caused by business and residential neighborhoods being vacated and allowed to deteriorate. Cost of sewer services too high. More money for Public Parks.

6. Substance Abuse

Drunk driving and the risk it pits the members of the community in. Parents sending wrong message to kids when they drive after drinking. Tobacco addiction. Need for advertising and intervention programs in the community to help lower teen drinking and drug abuse. Need solutions to drug use. People on public assistance should be drug tested.

7. Crime

General feeling that no one is interested in lowering the crime rate. Discipline problems in the schools. Families that are the victims of burglary and home invasions. Need for mentoring programs for at-risk youth. Voluntary gun turn in program. Minor street crimes. Crime rate in Akron.

8. Roads/Driving

Roads are in disrepair and city should pay for automobile damage. Drivers should not be allowed to drive using cell phones in the winter. Too many drivers speeding in areas where children are playing.
