

WZXI Issues/Programs

First Quarter 2022

WZXI offers a news and information program line up over WZXI-AM, W231DM and W234CN and provides over the air service 24/7 from studios in Lancaster, Ky. In addition program content is available over the station stream. The program schedule remains much the same as previous Quarters. The stations remained on the air through the extremes of the local weather providing service to the listening areas. This included sweeping the snow out of Satellite Dishes at 3:00 AM.

WZXI monitors KIH41 weather service radio and relays weather bulletins when they originate from NWS via station EANS facilities. Local weather forecast are broadcast generally at the top and bottom of each hour. Other EANS bulletins, locally originated and Required Monthly test were broadcast as originated.

During this Quarter, WZXI aired 1,209 sixty second Public Service Announcements and 780 thirty second Public Service Announcements. This amounts to over 26 hours of airtime. WZXI rebroadcasts the KNN originated Kentucky Focus public affairs program each Sunday morning.
