1st Quarter 2024

Station WNTB

Issue: Community Involvement

Program Title: Community Connections

Time: 15 minutes

Brief Narrative of Program:

We spoke with Anthony Bellezza from Anthony's Way - A Road To Kindness. Anthony started this foundation after his son Anthony passed away from suicide while suffering from ADHD. The goal of this foundation is to help children and teenagers with ADHD maintain a positive outlook on life and to understand the joy of living and enjoying each day. They work with kids in and out of the school, helping with school, college prep, physical fitness and how to be in social situations. They also help celebrate National Kindness Day with a nationwide community walk to raise awareness and funds.
