

Midland Diaper Bank
2014 Public File

This is Debbie Keyes, executive director and founder of the Midland Community Diaper bank. Our mission is to inspire our community to make a positive impact on financially vulnerable families, by providing diapers, wipes and incontinence supplies to our low income population with babies, children and adults with disabilities and the elderly. In doing this we will help to bridge the gap and assistance that is available. Food stamps and the wic program do not pay for these supplies and medicare does only for hospice situations. For more information on how you can help, please go to mcdbank.org or call us at 989-859-4884. This has been a community reminder from our local radio stations WMPX and WMRX.
