WZXV ISSUES AND PROGRAM LIST

QUARTER ENDING June 30, 2023

Each quarter of the year we place in our public inspection file a list of what we (WZXV, 99.7 FM Palmyra, New York – 107.3 FM ATTICA, 106.5 FM CORTLAND, 104.1 FM ITHACA, 103.5 FM SYRACUSE, 102.9 FM BATAVIA, 102.1 FM EAST ITHACA, 101.1 FM AUBURN, 97.5 FM DANSVILLE, 97.5 FM CORFU, 94.9 FM AMHERST AND 93.3 FM BUFFALO.) have seen as the problems and/or needs of our service (Greater Finger Lakes region) in the preceding three months. The following is our list of **Issues and Concerns** for the Greater Finger Lakes region for the quarter ending, June 30, 2023. Following this list are specific WZXV programs that aired in response to these issues. This report is arranged by identifying the category on the issues list, the programs that aired which gave significant treatment to that issue, along with its topic, discussion, date and time aired.

1. **Family/Marriage/Men's & Women's Issues:** The Finger Lakes Region also has its share of problems relating to marriage, dating, abuse, among other things. We at WZXV Radio want to help in any way we can. Additionally, WZXV desires to give Biblical counsel and support for decisions on issues men and women face in today's world. There are also regular family issues that arise such as discipline, love, etc.

2. **Youth Issues:** The Finger Lakes Region also has its share of problems relating to the youth in our community beginning with dating, drugs, and alcohol, among other things. We once again desire to give Biblical counsel and support for decisions on issues that teens face every day.

3. **Economy/Business/Employment:** We want to encourage the community to make wise investments and have a good financial standing, as well as promoting economic development in the Finger Lakes Region. Also employment has a large impact on the economy thus this issue must be address as well.

4. **Outdoor Activities/Sports/Exercise:** WZXV understands the importance of a holistic lifestyle that is why we also want to promote outdoor activities to promote spiritual, mental, emotional and physical wellbeing. We feel that to provide our listeners with programming pertaining to sports, exercise or outdoor activities is to encourage them to maintain a healthy balanced life.

5. **Health/Health Care/Safety:** With rising medical and health insurance costs, it is crucial for the public to be informed about free and low cost health services offered, as well as general information about health that might be beneficial. We also support efforts to upgrade the quality and availability of emergency medical care.

6. **Local Entertainment/Activities/Community Events:** In addition to our desire to become more locally involved in our city's annual community events as well as our support for our local public schools' activities, many people have noted a degradation of the quality of entertainment available for families. Therefore, we announce many family-oriented activities that parents and children both will enjoy.

7. **Local, State, and National Education:** Because of WZXV being in an urban setting, with a large amount of high school, college and citywide sports, as well as opportunities for educational advancement for both beginning and advanced students, we find it useful to keep the public informed of the opportunities they have to "never stop learning."

8. **Local/State/National Government:** WZXV is an integral part of the communities public life we find it important to keep them abreast to all issues facing them in regards to their Governmental bodies. We provide EAS alerts on both a National and State level in the event of a distress, disaster or emergency, manmade or natural.

9. **Civil Liberties/Social Issues:** Everyone has been affected by the recent events that have caused racial tensions to be elevated. Several civil liberties have been greatly impacted to include but not limited to freedom of speech, religious observation and public gatherings. WZXV desires to bring unity by raising awareness and educating its listeners of the need to live peaceably with all men and how to do that.

10. **Science, History/ Breakthroughs and Anniversaries:** WZXV in an attempt to educate our listeners is poised to air content that is truthful and informative in the areas of Science and History. This may include studies, reports, documentaries and statistics that deal with the issues that concern our dedicated listeners while not excluding the intermittent.

11. **Public Service Announcements/Features** (PSA's) are submitted for airing by a wide variety of organizations. WZXV selects those that best address the issues and concerns of our city of license and the surrounding areas. Each PSA is approximately 30-60 seconds in length.
