Sounds of the Season

Responsive to schools and education

Sounds of the Season aired 12/25 from 12:00 am to 1:00 am (late Christmas Eve, early Christmas morning) and 12/20 from 4:00-5:00 Pm

This locally produced program featured 25+ choirs from Southern Illinois high schools and middle schools. Choirs performed in the WSIL studios (and in a few cases were recorded at the studios of WSIU at Southern Illinois University.)

This program aired without commercials and each choir presented holiday/Christmas music.

The program has been produced and aired by WSIL for 25 years.

In addition to the hour long program, choirs were featured individually at the end of local newscasts during the holiday season.

This program was produced by WSIL , but also aired on public station WSIU TV.
