Re: Response to Broadcast EEO Audit Letter
Cumulus Licensing LLC
KSKS(FM), Fresno, California
Facility ID 26924

Dear Mr. Pulley:

Cumulus Licensing LLC ("Cumulus"), licensee of radio station KSKS(FM), Fresno, California and the commonly-owned stations in the Fresno, California station employment unit ("SEU"), pursuant to an extension request granted April 10, 2018 and the procedures set forth in paragraph 5 of your letter dated February 26, 2018, Cumulus hereby is providing the SEU's response to your letter concerning compliance with the FCC's Equal Employment Opportunity rules, 47 C.F.R. § 73.2080. In accordance with your request, this submission includes a declaration under penalty of perjury by Richard S. Denning, Esquire, Senior Vice President and General Counsel of the licensee.

Should any questions arise concerning this matter, please contact the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read "Andy", written over the printed name.

Andrew S. Kersting
Regulatory Counsel

Enclosure

DECLARATION OF RICHARD S. DENNING

I, Richard S. Denning, hereby declare as follows:

1. I am Senior Vice President and General Counsel of Cumulus Licensing LLC, licensee of radio station KSKS(FM), Fresno, California (Facility ID 26924), which is part of a station employment unit based in Fresno, California, and which includes stations KMJ(AM), KMJ-FM, KMGV(FM), and KWYE(FM) (collectively, the “SEU”). The stations in the SEU are commonly owned through indirect subsidiaries ultimately owned and controlled by Cumulus Media Inc. (collectively, “Cumulus”). This Declaration and the attachments annexed hereto are being submitted in response to a letter dated February 26, 2018 (the “Audit Letter”) from Lewis C. Pulley, Assistant Chief, Policy Division, Media Bureau, Federal Communications Commission (“FCC”), concerning a random audit of the SEU’s compliance with the FCC’s equal employment opportunity (“EEO”) rule, 47 C.F.R. § 73.2080.

2. The SEU employs five (5) or more full-time employees as the term is defined in Section 73.2080(e)(1), 47 C.F.R. § 73.2080(e)(1), of the FCC’s rules.

3. In response to Question 3(a) of the Audit Letter, copies of the SEU’s two most recent EEO public file reports, as described in 47 C.F.R. § 73.2080(c)(6), are annexed hereto as Appendix A.

The web address of each of the stations in the SEU is as follows: www.ksks.com; www.kmjnow.com; www.kmjnow.com; www.mega979.com; and www.y101hits.com.

A copy of the current EEO public file report is on or linked to each of the above websites.

4. In response to Question 3(b) of the Audit Letter, documentation concerning the recruitment sources used to fill each full-time position during the period covered by the above EEO public file reports is annexed hereto in Appendix B. Those recruitment sources that have notified the SEU that they want to be alerted to job openings at the SEU, as described in §73.2080(c)(1)(ii), are reflected in Section II of each public file report. The SEU’s standard practice is to retain copies of job vacancy announcements that are sent to all recruitment sources.

Cumulus retains logs in electronic format for commercials aired on all of its stations, and, thus, generally has the ability to produce log sheets for those ads aired on its stations. Appendix B hereto contains a log of the job vacancy announcements that were aired on the SEU’s stations as well as the text of each of the announcements that were aired.

5. In response to Question 3(c) of the Audit Letter, the EEO public file reports annexed hereto in Appendix A contain data regarding (a) the total number of interviewees for each full-time vacancy, and (b) the referral source for each interviewee for each full-time vacancy filled during the period covered by the EEO public file reports.

6. In response to Question 3(d) of the Audit Letter, documentation of the SEU’s performance of the recruitment initiatives as described in §73.2080(c)(2) during the relevant time period is annexed hereto as Appendix C. Station personnel involved in the recruitment

initiatives are identified in Appendix C as well. The SEU employs a total of sixty-three (63) full-time employees. The stations are located in a market with a population of more than 250,000. Accordingly, the SEU is required to perform at least four (4) recruitment initiatives during a two-year period.

7. In response to Question 3(e) of the Audit Letter, a claim of discrimination and retaliation was alleged by an on-air personality, John Michael Knight, on July 5, 2016. The complaint alleged that the employee was discriminated and retaliated against based upon his disability. The suit was filed with the Fresno County Superior Court of California, County of Fresno on July 5, 2016, Case No. 16CECG02169, and was settled by the parties on September 14, 2017.

8. In response to Question 3(f) of the Audit Letter, Cumulus has established and implemented a company-wide EEO compliance plan. At the corporate level, Cumulus recognizes the importance of EEO compliance and has communicated the importance of complying with the FCC's broad outreach and recordkeeping requirements to employees at all levels within the company, including its national, regional and local personnel. Cumulus previously has engaged its outside communications counsel to conduct comprehensive FCC EEO training sessions, which were mandatory for all market and business managers. Those training sessions were followed by the distribution of written compliance materials to key personnel in each SEU who have recruitment and hiring responsibility. Cumulus also instituted a policy designed to help reduce the inevitable recordkeeping lapses which occur as a result of employee turnover.

On March 22, 2016, Cumulus conducted another comprehensive FCC EEO training session for all market and business managers. As part of this training session, those personnel involved in the recruitment and hiring at Cumulus's various stations were given an opportunity to ask questions concerning compliance with the FCC's EEO rule.

The management personnel of the SEU participated in the FCC EEO training session held on March 22, 2016. The SEU's compliance efforts also include identifying Cumulus's efforts to afford equal employment opportunities to employees through statements disseminated in job applications and vacancy announcements posted in conspicuous areas within the workplace.

The SEU's Business Manager ("BM") has primary responsibility for implementing and overseeing the EEO program at the local level. The BM maintains the EEO program and is responsible for the EEO training of all managers in the market with hiring authority. When the decision is made to hire a new employee in the market, the BM obtains the necessary information to post the job vacancy announcement(s) with the various recruitment sources, application deadlines, etc. A recruitment file is created and notices are forwarded to the various recruitment sources. The recruitment file is transferred to the hiring manager for his/her use during the interview process. After a hiring decision has been made, the hiring manager returns the completed recruitment file to the BM.

9. In response to Question 3(g) of the Audit Letter, the SEU understands that it must periodically analyze the effectiveness of its EEO recruitment program by reviewing the productivity of the recruitment sources listed therein in terms of both the quantity and quality of

the interviewees that are being generated from those recruitment sources, as well as the results that are being generated from its recruitment initiatives. Accordingly, the Market Manager and BM meet on an as-needed basis to assess the effectiveness of the SEU's EEO program to examine and update the list of recruitment sources and adjust its outreach initiatives. They also meet on an as-needed basis in an effort to generate new and different outreach initiatives to better inform the Fresno community about career opportunities in broadcasting, and discuss any EEO issues that warrant attention.

10. In response to Question 3(h) of the Audit Letter, the SEU makes a concerted effort to comply with all federal, state and/or local laws regarding pay, benefits, seniority practices, promotions, and selection techniques and tests to ensure that the SEU is providing equal employment opportunity, and is not discriminating against employees or job applicants. Accordingly, the SEU's Market Manager, department managers, and Business department, together with Cumulus's corporate Human Resources Department, review the compensation, benefits, promotions and other employment practices of the SEU to ensure that they are fair and are based solely on an employee's experience and performance record. Further, in hiring a new employee, all responsible parties consider an applicant's experience to determine whether they are qualified for the position and analyze the candidate's past performance to determine their likelihood for success. The SEU's employment practices are the ultimate responsibility of its Market Manager, Patty Hixson, who works in conjunction with in-house counsel at Cumulus headquarters and, when applicable, outside employment and labor counsel.

[SIGNATURE ON THE FOLLOWING PAGE]

**SIGNATURE PAGE TO
DECLARATION OF RICHARD S. DENNING**

I hereby declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.

Signed and dated this 1st day of May, 2018.

Richard S. Denning

III. RECRUITMENT INITIATIVES

	Type of Recruitment Initiative (Menu Selection)	Brief Description of Activity
1	Host Job Fair	On March 28, 2017, our SEU hosted the Central Valley Career Fair a career Fair at the Manchester Center in Fresno CA. Our SEU secured the space, solicited local employers, organized all the logistical aspects of the event and promoted the event over the air on one or more SEU stations. Our SEU also participated as a local employer. Our Market Manager and Account Executives attended the event and spoke with attendees about career opportunities in broadcasting and job openings within the SEU.
2	Host Job Fair	On October 29, 2016, our SEU hosted the Central Valley Career Fair a career Fair at the Sierra Vista Mall in Fresno CA. Our SEU secured the space, solicited local employers, organized all the logistical aspects of the event and promoted the event over the air on one or more SEU stations. Our SEU also participated as a local employer. Our Market Manager and Account Executives attended the event and spoke with attendees about career opportunities in broadcasting and job openings within the SEU.
3	Mentoring Program	Our SEU conducts a Sales Mentoring Program for all new Account Executives. Each new Account Executive is assigned a senior Account Executive or Manager as their mentor. Each Mentor assists its Account Executive with job training, information on key station departments/personnel, goal setting and constructive feedback daily. One Account executive participated during this reporting period.
4	Participate in Events or Programs Sponsored by Educational Institutions Relating to Career Opportunities in Broadcasting	On October 4, 2016, four members of the SEU's news staff spoke to the journalism class at Fresno State University. The SEU's staff spoke to students about social media and explained how it is incorporated into the radio business. A question and answer session followed their presentation.

Manages the installation, maintenance and repair of studio, transmitting and ancillary equipment in order to maintain competitive signals in the market while complying with all FCC technical requirements. Includes responsibility for telecommunications, computer and networking systems.

Who we are:

Cumulus Fresno operates 5 stations in the Fresno metro area: KMJ AM/FM the Central Valley's top news talk radio station, KSKS FM, the leading country station, KMGV, the leading oldies station and KWYE, the leading Hot AC station. At Cumulus Fresno we strive to hire passionate, driven, resourceful, problem solvers who have the ability to drive the evolving, diverse culture of the Power of Radio to success.

Cumulus owns and operates 460 radio stations in 94 U.S. markets, as well as Westwood One Networks, serving over 10,000 stations worldwide. Over 225 million people per week engage with a Cumulus or Westwood One asset making it an exciting and unique career opportunity! We are constantly creating new windows for success and strive to provide world class tools to help you succeed and reach your full potential as an employee. More recently, Cumulus is the proud creator of NASH- an exciting new lifestyle and entertainment brand targeting over 90 million country music fans nationwide.

General Responsibilities:

- Oversee the maintenance of station operation through preventative and corrective maintenance
- Establishes routine maintenance procedures and schedules for all broadcast equipment
- Oversees and assist with the installation and maintenance of control consoles, audio routers, recording equipment, microphones, digital audio systems, transmitter, antennas, control systems, remote equipment, etc.
- Works with local management to coordinate remote broadcasts as needed.
- Responsibilities include compliance with FCC rules and regulations, budgeting and 24/7 on call.

Qualifications/Requirements:

Excellent verbal and written communication skills

- Interact with management and staff at all levels and ability to multi-task, delegate and handle pressures and deadlines
- Knowledge of all applicable FCC rules and regulations
- Advanced experience with cluster-wide audio routing, digital audio delivery, EAS, Studio Telephone and engineering IT systems
- Computer literacy in applicable software packages which may include (Microsoft OS and Office Suite, Automation Systems, Novel, Linux, etc.)
- Ability to Troubleshoot broadcast equipment to the component level
- Ability to work independently to troubleshoot/repair high-power AM and FM transmitting facilities
- IT skills including local area and wide area networking
- Problem-solving ability and skill in prioritizing
- Knowledge of electrical systems, UPS, standby generators and record keeping
- Knowledge of telephone systems and protocols including POTS, ISDN, T1, DSL and PRI circuits
- Must be able to lift 50 pounds
- Minimum 5+ years as Chief Engineer

Education and Licensing:

- Associates or technical degree in Electrical Engineering Technology or related field or equivalent level of experience
- SBE CBRE Certification a plus
- Must possess valid driver's license and provide required proof of personal vehicle insurance

What we Offer:

- Cumulus offers an opportunity to embark on a career with the fastest growing media company in the U.S.
- Recognition and reward for outstanding performance.
- Competitive pay and the ability to increase income.
- Benefits, vacation, and paid holidays offered for all full time employees.
- Benefits include: Medical, dental, vision, Health Savings Account with company match, 401K with company match, and Life and Disability coverage.

Cumulus is an Equal Opportunity Employer.

Note: This employment opportunity will be posted only on the California Broadcasters Association job bank website.

Your job has been posted to the California Broadcasters Association on-line job bank. The FCC has determined that posting on a broadcaster association job bank website alone is not sufficient to satisfy the requirement of achieving "broad outreach" for each full-time employment opportunity but must be accompanied by direct outreach efforts. For a full discussion of the broad outreach requirements, SEE: Review of the Commission's, Broadcast and Cable Equal Employment Opportunity Rules and Policies, MM Docket No. 98-204.
