GO TIME! OCEAN MYSTERIES WITH JEFF CORWIN

Aired: Mondays @ 7:00AM-A Half Hour Program

Aired: Tuesdays @ 7:00AM-A Half Hour Program

Target Audience: 13-16 Years Old

Supported by a team of Georgia Aquarium biologists, veterinarians, and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays, pointing out that their body form was the inspiration for the design of the Stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet, as well as how sea life connects to life on the rest of the globe.

GO TIME! CALLING DR. POL (07/04/18-8/30/18)

Aired: Wednesdays @ 7:00AM-A Half Hour Program

Aired: Thursdays @ 7:00AM-A Half Hour Program

Target Audience: 13-16 Years Old

Dr. Jan Pol is a veterinarian who specializes in large farm animals. Having more than 19,000 clients, Dr. Pol has "seen it all." This series is designed to educate and inform viewers as Dr. Pol, his family, and veterinary staff share their experiences caring for animals of all shapes and sizes across rural Michigan. Viewers will have the opportunity to learn about the biology and behaviors of various domesticated animals and livestock.

GO TIME! OUTBACK ADVENTURES WITH TIM FAULKNER

Aired: Fridays @ 7:00AM-A Half Hour Program (07/06/18-09/07/18)

Aired: Wednesdays @ 7:00AM - A Half Hour Program (09/12/18-09/26/18)

Target Audience: 13-16 Years Old

This educational and informational program is hosted by animal expert and wildlife park operations manager, Tim Faulkner. Viewers can watch and learn as Tim showcases the beauty and wonder of the natural world. Audiences will gain a better understanding of wildlife as Tim explores the habitats and adventures of creatures of all sizes, including a giant Galapagos tortoise, a baby wombat, the flying fox, and even a newly discovered species of birds.

GO TIME! ROCK THE PARK (09/13-09/28/18)

Aired: Thursdays & Fridays @ 7:00AM-A Half Hour Program

Target Audience: 13-16 Years Old

This program follows hosts Jack Steward and Colton Smith, as they come face to face with nature in America's national parks. Viewers will learn about the wonders of nature and the variety of wild animals that inhabit America. The hosts' adventures may inspire viewers to visit and explore the vast resources the national parks provide.

GO TIME! RESCUE ME WITH DR. LISA (07/06/18-09/08/18)

Aired: Saturdays @ 7:30AM-A Half Hour Program

Target Audience: 13-16 Years Old

This program is about a veterinarian's mission to match orphaned pets with new owners and new homes. Episode examples include finding a dog for a mother and her two young daughters; and, overcoming the challenge of finding a dog for a family who doesn't know what they want. Children will learn what it takes to be a responsible pet owner.

GO TIME! JEWELS OF THE NATURE WORLD (09/15/18-09/29/18)

Aired: SATURDAYS @ 7:30AM-A HALF HOUR PROGRAM

TARGET AUDIENCE: 13-16 YEARS OLD

This program is an educational nature program, which provides viewers the opportunity to explore wild animals up close, particularly the various animals throughout Africa. Children will have the opportunity to observe the various animals in their natural habitat and will learn about the struggle for survival of Africa's most iconic animal species. Episode examples include the migration of wildebeests, lions on the Serengeti plains, and threats to elephant.

WILD AMERICA

Aired: SATURDAYS @ 8:00AM-A HALF HOUR PROGRAM

TARGET AUDIENCE: 13-16 YEARS OLD

The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species with the aid of up close and detailed photography throughout the program. Through this understanding it is hoped that viewers will better relate to the natural environment as it exists in North America and learn to protect North America's animal species.

Ocean Mysteries Series Description:

The half-hour weekly series, Ocean Mysteries, offers a fresh approach to the quest for aquatic understanding by blending stories of fascinating sea creatures, comparisons to popular land animals, and analogies to human experience.

Hosted by Jeff Corwin, Ocean Mysteries is produced for ages 13-16 - and beyond - by showing how animals share the same behaviors, challenges and triumphs that humans do. From exciting rescues of abandoned animals to unexpected conflicts in the 'family ^{FW} dynamics' of the mingling species ^{FW} viewers will get to know – and care- about these heroes, and all of the fascinating life teeming in our oceans.

RE: PROGRAM CONTENT

To Whom It May Concern:

The purpose of this letter is to provide television stations with certified documentation that the producers of the *Rock the Park* series design the program to educate and inform children 13- 16 years of age.

Litton Entertainment is the producer of the *Rock the Park* series.

This is a live action, half-hour television program designed to meet the educational and informational needs of children.

Rock the Park taps into America's love affair with our national parks. Our hosts, Jack Steward and Colton Smith, come face to face with nature and some of the most awe-inspiring places on earth. The series will inspire Americans to get on the road and remind viewers that the national parks are one of America's greatest national gifts to the world.

In order for parents, children, and listing services to clearly identify the programs as ones that fulfill the FCC programming requirements that meet children's educational television needs, each episode is closed-captioned and contains an E/I icon for the duration of the program with the recommended parental rating icon – typically, if not always, TV-G.

Sincerely,

Dave Morgan

SYNOPSIS:

101 – Meet the Parry's

Parents Luke and Noelle are looking to adopt a dog for their three children, and they've asked Dr. Lisa Chimes to help them find the perfect companion. But with differing opinions on breed and a family health issue to consider, the search will be anything but easy.

102 – Meet the Borgs

Jenny has a full house with one son and two daughters all asking to rescue a dog. Jenny calls in Dr. Lisa Chimes to help narrow the search down to a few dogs, but who will make the final decision?

103 – Meet Jo's Family

Jo loved having a dog when she was a child, and now that she has two young daughters of her own, she's looking to give them the same experience. But when Dr. Lisa Chimes meets the family, she realizes what Jo has in mind might not be what her family needs. Can Dr. Lisa find these girls the perfect dog?

104 – Meet the Formosa's

Parents Stuart and Lisa have a daughter who wants a four-legged playmate to be her new best friend, so they ask Dr. Lisa Chimes to help them search. With a colorful list of requirements, will Dr. Lisa be able to find a dog that fits the bill?

105 – Meet the Beaumont's

Mark and Aleta have recently purchased their first house. Now, they want to create the picture-perfect home for their two children, which includes getting their first dog. The kids have some rather unique requests and Dr. Lisa is determined to fulfill them.

106 – Meet Matthew and Cade

After grieving the loss of their family dog, Matthew and Cade have been longing to welcome a new four-legged companion into their home. Together, with Dr. Lisa's help, they'll meet some candidates that are sure to bring renewed joy to their lives. But with so many options, which one will be the perfect fit?

Dear Station,

Pursuant to the Children's Television Act of 1990, "MARTY STOUFFER'S WILD AMERICA" will satisfy the FCC Children's programming requirement and can be classified as either core or non-core programming. "MARTY STOUFFER'S WILD AMERICA" serves the educational and informational needs of children 13 to 16 years of age with its program content, including the importance of understanding America's great outdoors with its look into the amazing lives and fascinating behaviors of virtually every mammal, bird, fish and reptile in the United States. Programs visit various parts of the U.S., educating teenage viewers about wildlife and the American wilderness.

"MARTY STOUFFER'S WILD AMERICA" as delivered is formatted to allow for no more than 14 minutes of total commercial time per broadcast hour (7 minutes per half-hour). "MARTY STOUFFER'S WILD AMERICA" does not display any Internet web site address or host selling during or adjacent to the program, and is otherwise in compliance with Sections 73.670(a) through (d) of the Commission's Rules.

To facilitate your FCC filings, episode synopses are available on line at our website, www.telcoproductions.com. Also available on-line are testimonials from our educational advisory review board, consisting of educators and other professionals who have reviewed the series (see the following letters for details).

If you have any other questions, please don't hesitate to contact us.

Information for Station's Children's Television Programming Report

MARTY STOUFFER'S WILD AMERICA

WILD AMERICA is targeted to children ages 13-16. The key educational objective of the program is to familiarize children with the animals of the North American content, their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment.

Each episode of the series will be specific to a particular animal. Topics will range from basic food gather, mating, natural enemies, relationships to other animals, and the interaction of the specific ecology on the survival of the species.

We expect that children viewing the program will achieve a greater understanding of nature and specific animal species because of the up-close and detailed photography of the series. Through this understanding, it is hoped children will better relate to the natural environment as it exist in North American and learn to protect its natural species.

Dear Alex,

I have reviewed several episodes of the program "MARTY STOUFFER'S WILD AMERICA" and I am confident that it meets the educational and informational needs of children 13 to 16 years of age with its program content. Each episode in the series is a wonderful look into America's wildlife and wilderness areas. The programs show the lives and behaviors of all types of mammals, birds, fish and reptiles in all parts of the United States. The programs are a virtual natural history video encyclopedia.

"MARTY STOUFFER'S WILD AMERICA" is an important addition to any broadcast stations' programming line-up because the series informs and educates young viewers, while broadening their understanding of the wildlife which populate the United States.

Sincerely,

CURIOSITY QUEST

Aired: FRIDAYS @ 9:00AM AND 9:30AM-A HALF HOUR PROGERAM

TARGET AUDIENCE: 13-16 YEARS OLD

This program explores what viewers are curious about. In each episode, host Joel Greene goes on a quest to answer viewer's letters of curiosity. Each episode takes the audience on location for a hands-on exploration to find the answer to the particular viewer's inquiry. Joel will go to the local population to get the answer, which is sometimes comical, to the question pertaining to the particular quest.

REAL LIFE 101

Aired: FRIDAYS @ 10:00AM - A HALF HOUR PROGERAM

TARGET AUDIENCE: 13-16 YEARS OLD

This program presents real people pursuing real jobs and careers in an informational format designed to help its viewers make important decisions about preparing for the future. The careers and people featured are carefully selected, and the viewer is taken "on the job" to understand why the professionals love what they do; viewers may even learn about job opportunities they may not have known existed.

AWESOME ADVENTURES

Aired: FRIDAYS @ 10:30AM-A HALF HOUR PROGERAM

TARGET AUDIENCE: 13-16 YEARS OLD

Various hosts and teens travel to destinations around the world, that can be both exotic and remote. This program is designed to educate, inform and entertain viewers about the world around them. Each journey is a lesson in the beauty of nature, earth's creatures, and the people who inhabit the land. The program is designed to make learning about our neighbors, both human and non-human, and the environment, fun.

AQUA KIDS ADVENTURES

Aired: FRIDAYS @ 11:00AM AND 11:30AM-A HALF HOUR PROGERAM

TARGET AUDIENCE: 13-16 YEARS OLD

This program explores the marine ecosystem from tributaries, rivers and oceans to develop an understanding and let the viewer know that we are key in preserving the ocean environment. Aqua Kids teaches about the diversity and beauty of the marine environment and its potential destruction by pollution and carelessness of the human population; such as marine mammals dying from the ingestion of plastic and toxic waste in our waterways destroying the habitat and marine life. By showing the audience the problems they encounter, the Aqua Kids educate their peers on what can be done to solve environmental dilemmas.

Series Review

Program: *Awesome Adventures*
Shows reviewed: Puerto Rico
Dallas
Program length: 30 minutes

Awesome Adventures is an educational and informational adventure travel program that targets the 13 to 16 year old age group, but is also a highly entertaining program for a more general audience. With a host and the use of young guides from a specific locale, it is ideal for the "tween/teen" market.

This program is fast paced, and provides information which encompasses many aspects of the location. It is produced in a contemporary style, and features both historical and cultural information, in addition to an action adventure. The introduction about the specific food, music, geography, history and environmental issues as well as popular recreational activities of the locale, make for a most entertaining program.

Our hosts, probably in their mid-twenties, are both engaging and welcoming for an audience used to YouTube videos. Coupled with a very conversational style is the MTV shooting technique. The program's opening is visually engaging, featuring scenes of upcoming adventures in the form of a teaser for the audience. In the program about Puerto Rico, the teen team provides some humor while also detailing history. The visualization is excellent—camera angles and action shots make the viewer feel a part of the experience. The use of subjective camera angles further contributes to the "feeling of being there." The natural sounds on location further emphasize the on-site experience for the viewer. The historical content grounds the program, framing location and history of the region for the viewer. The music selection adds to the overall experience. Along with some creative camera angles, the editing is representative of an exceptional craft. The viewer becomes immersed into the history and flavor of the location in a short period of time, which is an important part of the learning experience. The show always combines fun with facts. For instance, explaining the science behind the rainforest, and then introducing a segment connected to this with body sliding and rock climbing, entertains viewers while educating them about a new culture and community.

Series Review

Aqua Kids/Aqua Kids Adventurers

Aqua Kids by Adventure Production is a TV show that features talented students and young adults as they travel around the world discussing events about the environment and conservation. Their show is fast paced, carefully planned, age appropriate and very informative.

As a high school principal and a parent, I know that kids love to see other children having fun on screen and learning about environmental matters, and *Aqua Kids* is all about the fun and learning and overall excitement of new places. Students of all ages rarely have the chance to travel outside of their neighborhood or local attractions. In my experience as a teacher and principal, it is the students who travel and experience other places that excel their school work.

The series offers students who want to major in the sciences an opportunity to experience real life jobs surrounding environmental science. The children that are on the show are well spoken and accurate in their facts. The adults in each of the episodes provide interesting and accurate information with on site shoots and high energy excitement.

I endorse *Aqua Kids* series as a strong selection of educational programming, at the elementary, middle and high school level. The show would be fun to use in the classroom, or with kids at home.

"Keeping the Planet Green and Blue," *Aqua Kids* is an Emmy award-winning educational program syndicated to many local stations around the U.S., Puerto Rico, Guam and Internationally. World traveler and ecologist Molly McKinney joins with a number of children and teenagers to host half-hour explorations of subjects related to nature, marine animals and environments, and "green" technologies.

In addition to educating viewers, *Aqua Kids* also encourages children and teens to get involved, showing them how they too can help make a difference in preserving the environment. Episodes have focused on topics as diverse as visits to aquariums, cleaning up beaches, deep-sea research, fish farms, and the local environment of the Bahamas, and include a heavy emphasis on various marine animals, from lobsters to dolphins.

Aqua Kids is a terrific example of programming that is entertaining, educational and fun. The Parents Television Council is proud to award *Aqua Kids* with the *PTC Seal of Approval*[™]. We encourage kids and parents to seek out this delightful program.
