During the past quarter the issues shown below have been significant to our community. We ran the Programs indicated to address them each quarter.

ISSUE #1: Sex & The Single Girl

We ran the following program to address above issue from:

Building Relationships

Date: 10/15/17 Time of Day 7:00 A.M. Duration: TRT 59:45

Brief Description of Program: (Format, participants, content, etc.): Host Dr. Gary Chapman interviewed Guest –Julie Slattery who is a clinical psychologist and co-founder of Authentic Intimacy. She has devoted the last five years of her life to equipping women with God's truth about sexuality. Here she drives home the truth that every sexual choice is also a spiritual choice. The six week study is broken down into five days for each week, prompting study and reflection. The weeks cover why sexuality matters, embracing a grand design, sexuality and your character, sexual boundaries, battling temptation and restoring intimacy with God. This study is especially relevant today. One of the greatest threats to the modern church and emerging adults is the distortion of sexual design. Study after study has documented the proliferation of porn use (among both men and women), sexual exploitation on college campuses, experimentation with homosexuality and bi-sexuality, and the acceptability of multiple sexual partners. The average single Christian has received very little teaching on the purpose of sexuality and a simple "Just wait until you're married" approach won't cut it. Christian singles need to be equipped with a biblical worldview of sexuality and practical tools for talking it out.

ISSUE #2: Biblical Principles of Borrowing and Lending Money

We ran the following program to address above issue from:

Money Wise

Date: 11/06/17 Time of Day 4:30 P.M. Duration: TRT 25:00

Brief Description of Program: (Format, participants, content, etc.): There were no guests on today's program so Hosts Steve Moore & Rob West dealt with this subject. If you are a professional (IE doctor) then it is important to address any payment before the service is given. Jesus tells us in Math 18: 15-17 that the best way to handle dispute with believers and collecting payment is putting the relationship & witness above everything. First, meet one on one with the person that owes you. If that doesn't work take someone with you and meet with them again. You try to resolve the problem but if that still does not work, you can take the person to court. Jesus wants you to do everything possible to preserve the relationship. Don't loan any money to anyone without an up front written agreement that spells out what will happen if the loan is not repaid. Ask yourself if you are willing to forgive any portion of the debt. Tell them you need repayment but you are willing to work out a payment plan.

ISSUE #3 #20074 – Dealing With Doubt

We ran the following program to address above issues from:

VOP-Disclosure

Date: 12/16/17 Time of Day: 12:45 P.M. Duration: TRT 59:45

Brief Description of Program: (Format, participants, content, etc.): Host Shawn Boonstra had no guest today. Doubt is part of the Christian faith because Christianity is a revealed faith and we can not always be given all the answers we want. Taking a look at the book of Job it is abundantly evident that there are many times when you doubt, when it seems like the very voice of God has fallen silent. Remember when Jesus cried out on the cross "My God, my God, why have you forsaken me?" It is not that God the son had stopped believing in God the Father but at that darkest moment Jesus was being crushed under the weight of our sins. He could no longer detect or feel His Father's presence. It was the darkest moment in the universe. Doubt is a very common feeling among Christians but we must live by faith even if we are shaken.

ISSUE #4: #475 Family Health and Communication

We ran the following program to address the following issues from:

American Indian Living

Date: 12/18/17 Time of Day: 12:00 P.M. Duration: TRT 59:45

Brief Description of Program: (Format, participants, content, etc.): Host Dr. David DeRosa interview Guests: Tom & Elaine Waters who focus on family health & communication. They have an organization called "Restoration International" and feel that a family is no stronger than the couple leading the family. Most children grow up with a dysfunctional parental relationship. Marital health starts out with good communication health but in today's world it doesn't happen because everybody is so busy and going their own way. They have numerous things pulling on them all the time so they are distracted with keeping good communication open between them. Poor communication after marriage can start to unravel a couple and will cause stress & misunderstanding between them so it is extremely valuable to always, always, always keep an open and honest line of communication between you and your spouse. Take time to talk and be close to your spouse as it is not only healthy to you both but to your children.

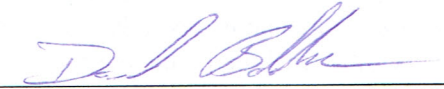

ISSUE 5: #286 – No Regrets

We ran the following program to address above issues from: **Home School Companion**

Date: 12/24/17 Time of Day 4:00 P.M. Duration 29:45

Brief Description of Program: (Format, participants, content, etc.) Dr. Rose Gamblin interviewed **Guest Robin Bertram**, author, television personality, conference speaker and host of a nationally syndicated television program “Freedom Today”. She is a key note speaker at many conferences and is the VP of Christian Women in Media and serves on the National Advisory Board. Her book “No Regrets” encompasses how loving deeply and living passionately can impact your legacy forever. After facing the potential of having a terminal diagnosis, Robin wrote this book to share the powerful life lessons and wisdom learned through her journey and to express the importance of living every day as though it were your last.
